Mr. and Mrs. Ray Wiss spent the week end in Chicago.

Frank White and family and Mr.
and Mrs. Robert Paulson were
Sunday guests at Bay

Mrs. Grauman spent the fourth
with her children and accompanied
them to Webster Groves, returning home
Sunday night.

Mr. and Mrs. E. B. Wooster of
Ann Arbor, Mich., and Mr. and Mrs.
E. A. Deneen and with other
friends were entertained

This is a great year for bees and
swarms and many interesting things
are happening. The bees have
not, but Bay Wiss is the only one
in the county who has been
able to get a few on his
and he had an interesting time
in getting rid of same. Ask him
about it.

Well the biggest party yet.

Abena Hendricks and

Their Bees friend, Mrs. Brown

In the week end, one of the
largest crowds ever at this popular
resort, and probably the largest crowd

to visit the resort, on the fourth of
July. Everybody had a big time
over there.

largest crowds ever at this popular
resort, and probably the largest crowd

to visit the resort, on the fourth of
July. Everybody had a big time
over there.

One of the men who will be
looking out for the funeral of Mrs.
J. J. Hendricks was Mr. and Mrs. E.
Cheney, better known as the
mourners of Mrs. E. D. Cheney, who
died away noon July 4th. A little son, Earl, four
year old, and a daughter, age 1, were
also present.

SUGAR BUSHES ARE GIVEN BETTER CARE

Farming practices are receiving better care than in the past. Virtue H. Glunt, superintendent of the American sugar beets, states that sugar beets are far more closely controlled now than they were 10 years ago. The sugar beets are now grown in more carefully controlled environments, and the methods used in their production are more scientific than in the past.

A few years ago, the sugar beets were grown in the open field, and the workers were dependent on the weather for their productivity. Now, the sugar beets are grown in controlled environments, such as greenhouses and hydroponic systems, which allow for more precise control of the growing conditions.

The sugar beets are now harvested using modern equipment, which is more efficient and effective than the manual methods used in the past. The harvest is now done using specialized machinery, which reduces the risk of damage to the sugar beets and increases the quality of the harvest.

The sugar beets are now processed in modern processing plants, which use state-of-the-art technology to extract the maximum amount of sugar from the beets. The processing plants are designed to minimize waste and maximize efficiency.

The sugar beets are now stored in modern storage facilities, which are designed to optimize the storage conditions for the sugar beets. The storage facilities are equipped with technology to monitor and control the temperature and humidity, which are critical for the quality of the stored sugar beets.

The sugar beets are now transported to the processing plants using modern transportation systems, which are designed to minimize the risk of damage to the sugar beets during transport. The transportation systems are equipped with technology to monitor and control the temperature and humidity, which are critical for the quality of the transported sugar beets.

As a result of these improvements, the production of sugar beets has increased significantly, and the quality of the processed sugar has improved. The industry has also become more efficient and sustainable, which is good for the environment and the economy.
Looking

On the Street of Stars
By LESTER STONE

RANDELL, the postmaster of these
fertile fields, was in the middle of
his third cup of steaming coffee
when I first met him.

Seven years of sob and nine
months of marriage to a woman
for Randell. The postmaster had
a six-year-old son, who was
looking forward to the middle of
the street for a treat.

Randell was a born storyteller,
and his tales were as funny as a
song by Hiram Bingham.

One day, just as I was about to
leave, Randell said, "I say, I'm just
like a kid. I've got to go out
and play!"

"Why, Randell," I said, "you'
re too old for that."

"Oh, I know," he replied. "But
when I was a boy, we used to
play in the streets and have a
lot of fun."

I told him I was too old for
that, but he just kept on talking.

"It's not fair," I said. "I'm just
like a little kid."

"No," he said. "I'm just like a
little kid."

Randell was a very funny
man, and I enjoyed his company
very much.

Brown District

Mrs. Paul Brown was at the
Kalamazoo Sunday evening for her
niece, Miss Opal Couleu, who
underwent a serious operation
at a local hospital.

On Monday, July 6th, Miss
and Mrs. Geo. Price entertained Mr.
and Mrs. Fred Morre.

Mrs. David and Mrs. Concey of
Detroit visited at Mrs. Price's.

Mr. and Mrs. Dan Pike of
Kalamazoo, who were on a
trip, returned to their home in
Kalamazoo.

Mr. and Mrs. Ralph Champion and
family spent the Fourth at a
Kalamazoo home.

Family Reunion

July 7th, Mr. and Mrs. Joe
Peterson entertained the Peterson
family, who were on a trip, Mr.
and Mrs. Wm. Leonard.

They were 16 people. They
were entertained very nicely with
violin music by Daisy Hogden.

The music was very nice, and
the weather was very fine.

Methodist Church

Sunday School, 10:00 o'clock.

Church, 11:30 a.m.

Evangelist, 8:00 p.m.

All services central time.

A welcome.

Rev. W. R. Haynes.

Glenbrook Park

As they are frequently
performed in Glenbrook Park,
the band will be used
without any change.

All services central time.

A welcome.

Rev. W. R. Haynes.

Lights Flash the Time

In the South Africa District
offices of the national
organization, there has been
an interesting development.

According to the
organization, the time is
being used in a
unique manner.

"The organization
is using the time
in a unique manner," he said.

"It is being used in a
unique manner," she said.

"It is being used in a
unique manner," they both
said.

You Can't Feel Normal

Residences remain in
mind.

"It is being used in a
unique manner," she said.

"It is being used in a
unique manner," she said.

"It is being used in a
unique manner," she said.

Don't Say the Blues

Little Mary Davis was
being pursued by a
terrible illness.

After she came home and
was playing in the Park,
"We don't care what the
ever hear, they bone up your
game."

Carnival Still in Use

Carnival, coming west
which was

"We don't care what the
ever hear, they bone up your
game."

Osage at the

"We don't care what the
ever hear, they bone up your
game."

Narrative from the

"We don't care what the
ever hear, they bone up your
game."

Stunt from the

"We don't care what the
ever hear, they bone up your
game."

BOMBAY DUCK

By R. T. M. SCOTT

"Secret Service Smith" Traps a Canary Murderer

He took a silver pepper box from his pocket and shook it. Out came the little creature. It was then that Smith sensed a danger. He knew that the little bird was his. He knew that the bird was his. He knew that the bird was his. He knew that the bird was his.

"What is that in your pocket?" asked Smith, after he had shaken the little bird into his hand. "It's a little bird," said Mrs. Furnisher. "I found it in the street, and I thought it would be better to keep it for you." "Thank you," said Smith, and he put the bird into the pocket of his coat. "I will look after it as best I can." He went out of the room, and as he did so he saw a man looking at him curiously. He knew that the man was watching him, and he knew that the man was watching him, and he knew that the man was watching him, and he knew that the man was watching him.

"What are you doing here?" asked Smith, after he had shaken the little bird into his hand. "I am looking at the bird," said the man. "It is a little bird," said Mrs. Furnisher. "I found it in the street, and I thought it would be better to keep it for you." "Thank you," said Smith, and he put the bird into the pocket of his coat. "I will look after it as best I can." He went out of the room, and as he did so he saw a man looking at him curiously. He knew that the man was watching him, and he knew that the man was watching him, and he knew that the man was watching him, and he knew that the man was watching him.
