State Guards
Danger Areas
for Bathers

Imported water, life guards, roped off dangerous areas and regularly checked beaches. These are some of the ways the state protects the hundreds of thousands who use the beach facilities each year.

The cooperation of the State Department of Public Health has been instrumental in establishing the system. Beach patrol officers, by the Parks Division in inspecting each patrol and reporting to the state parks, to make certain that the water and beaches are in a sanitary condition. If it should be found that conditions are not sanitary, the state parks, the health board, the health department or the local health board, as the case may be, will be immediately advised of the situation.

Life guards will be employed regularly during the summer at the beaches for the state parks, and will be trained in a sanitary condition. The state parks will have facilities available for life guards to use when necessary.

Oil Field Extended

Expansion of the Illinois-Michigan Oil Field has already been reported. It will be the largest and most productive field of its kind in the world. The expansion of the oil field extends the area of the state to the north of the state line.

Way of Violator Growing Harder

A gradual but steady increase in the penalties inflicted on conservation law violators during the past 20 years is indicated in a comprehensive survey issued by the law enforcement division of the department.

What is the greatest proportion of the pollution in the Illinois-Michigan area? Is it caused by the state or by local governments?

Defeat of Bills Saves Industry Millions

The Michigan Manufacturers' Association has made a long and strenuous fight to protect its interests. The legislation introduced into the last session of the Michigan legislature, affecting conservation laws and complex and advanced rules, has given the greatest protection in the history of the state.

The greatest proportion of the pollution in the Illinois-Michigan area is caused by the state. Local governments have failed to do their part.

Wardens to be Chosen for Hard Work

The wardens to be chosen for hard work will have to be chosen by the state. The wardens to be chosen for hard work must have a clean record.

Holland Bluegill Pond Is Restored

The Michigan Department of Conservation has restored the Holland Bluegill Pond. It is a small pond, but it is a good one.

Budding Fishery Growth

Budding fishery growth is noted along the Michigan-Minnesota border. The state has taken steps to improve the conditions for the fishery.

Buoys to Help Fishermen

Buoys to help fishermen are planned for the Holland Bluegill Pond. They will be placed along the shore.

Gold Mine of Ideas for Farmers

Eaton Fair Will Be Discontinued

The Eaton County Fair is a thing of the past. The fair, which has been a tradition for many years, is being discontinued. The fair has been a favorite with the farmers of the county, and it will be sorely missed.

Cautionary Note

A cautionary note is published in the Eaton County Fair Program. It is a reminder to the farmers of the importance of safety and good farming practices.
A LARGE DROP IN ACREAGE SHOWN ON BERREN CO. FARMS

The problem of how you're going to keep "em on this farm is very
booming more complicated in Ber-
en county than ever. The crop of 1921 was a
success and it is estimated that the number of farms in Berryen county to
be decreased by 20 to 25 per cent. The
county is now in a state of flux and
the growers are trying to make the best of it.

The new homesteads are in the
area of 50 to 70 acres and the growers are
already beginning to plan for the future.

The valley of farmland is rapidly
taking on the appearance of a
wasteland. The growers are
already planning for the future.

Spud Growers Accept Market Challenges

Two hundred Michigan potato growers
in Kc county are preparing to
ace the challenge of the future.

These three men have planned methods to
crop a crop of potatoes which they
will sell at a price which can
accept the market conditions.

This group of growers has formed
a cooperative potato producers' club which has
decided to accept the challenge of
the future. These three men are
promising growers who
are looking for a market.

The markets are in the
area of 50 to 70 acres and the growers are
already planning for the future.

The valley of farmland is rapidly
taking on the appearance of a
wasteland. The growers are
already planning for the future.
We always have the following flavors of ice cream on hand: Rainbow, Chocolate, Vanilla and the Red Velvet, also Vanilla, in Booths, piano and opera.

BOWLES
WHERE QUALITY COUNTS

Report of the Condition of the First State Bank at Gobles, Michigan, at the close of business June 30, 1931, as filed by the Comptroller of the Currency:

A.C. Bowles, Comptroller of the Currency.

L. A. Gough, Comptroller.

UNBELLARS DESIGNED TO WARD OFF HEAT OF SUN

Our employees are on the lookout for the first signs of summer heat. A good way to cool off is with a refreshing cup of ice cream. We have a variety of flavors to choose from, including chocolate, vanilla, and red velvet. Stop by our booths to enjoy a delicious treat.

EASTERN CEMETERY LAID OUT LIKE MODERN CITY

Our city is growing and expanding, just like this modern city where the cemetery is laid out. The streets are wide and the buildings are tall. The cemetery is a place of rest, set in a quiet and peaceful area.

GooD BUY AT HOME

When you see the signs, you'll be able to purchase more Firestone tires during April, May and June than in any like period in Firestone history.

They have raised the price on these Firestone Extra Values and have your car equipped for Safe, Trouble-Free Summer Travel. We're eager to have you money and service you better.

WEEK OF JULY 12

Please, usability weather of last week, was pleasant enough in Michigan but by Monday, the 15th, we are expecting there will be a big change. Michigan is a state filled with wind and water. Even so, it is not all bad; the wind and water have a way of bringing the temperatures down, which makes the people more comfortable.

The weather conditions at the moment are quite favorable for fishing and boating. The trout are biting well and the lakes are clear. The fishing should continue to be good for the rest of the month.

The Hot Spots of Michigan

Michigan has some of the best fishing spots in the country. The lakes are clear and the trout are biting well. The weather conditions are favorable for fishing and boating.

Dinner Stories

Just Right

A Negress who has been a dish of saltines by a traveling salesman and his wife were sitting in the kitchen when the man left on a trip. The woman said, "Oh, I'm so glad you're going. I'll have enough time to myself to make dinner just right.

Poor Fat Man

He was so fat that he couldn't get into his chair. He was so fat that he couldn't even sit down. He was so fat that he couldn't even stand up. He was so fat that he couldn't even walk.

They were Good Sports

He: "I have many reminders of my youthful days, but the one that I remember most is when I was a boy.

She: "What are they?"

He: "My sports.

EVEN SUMMER HAS ITS FORMAL MOMENTS

By Mary, Director
To judge from the deep windows
Of brown and gray, spring comes
In beauty and grace.
Apart from society and the things
That go with it, there is much
Of which to be proud.

The various occasions and
Holidays which we celebrate
Are planned by girls
In both the lower and upper
Year in and year out.

We are proud of the
Activities which we engage in
As well as the people
Who do them.

We are grateful for
The opportunity to be
A part of something
That is so wonderful.

Feeling from left to right, 1. Marion Davis; 2. Jean Shaefer; 3. Edith Bechtel; 4. Loretta Young.

AMERICA'S FAVORITE BEAUTY

Rosalie’s Unfailable

Gore, Philip, Laguna Beach, California: Will not able to attend the nation’s senior beauty pageant at the Jefferson. They have been invited twice to attend the event but regrettably have had to cancel. However, they are still heartened by the success of the pageant and wish the contestants all the best.

“AP” Class Apple

Project Success

The apple orchard located on the Allegro grounds was visited by students from the Beechwood School. The students were there to help pick the apples, which will be used for the school’s annual apple pie sale.

EXPLOSION TREATS SASSY LAD

"Look, Mr. Davis, that isn’t necessarily impossible. I don’t mean to be tricky, but I’ve heard that there is a way to get him a good and proper treatment for his case."

"Yes, sir. I’ve heard of a method that involves a special diet and a series of treatments. It’s not a simple process, but it has been successful in many cases.

"That’s all right. I appreciate you telling me about this."

"My pleasure. I’m here to help."

"Yes, sir. I’ll let you know if there’s anything more that I can do.

"That’s all. Thank you."

"You’re welcome."

GLADYS SAYS IT’S SAFE TO APPLY A DEODORANT

"Dear Miss Davis,

I must inform you that it is completely safe to apply deodorant to the underarms. Many people believe that it is not safe to do so, but this is not true.

The deodorant is safe to apply to the underarms as long as it is applied properly. It is important to apply the deodorant in a gentle, circular motion, and to avoid applying it too close to the pit area.

I hope this information is helpful. If you have any further questions, please do not hesitate to ask.

Sincerely,

[Signature]

MRS. CEPULL

Gore, Philip, Laguna Beach, California: I would like to thank the students from the Beechwood School for their help in picking the apples. It was a pleasure working with them.

The weather was perfect for the harvest, and the students did a great job. I appreciate their hard work and dedication.

I hope that the students learned something from the experience and that they will continue to be interested in agriculture.

Sincerely,

[Signature]

MRS. CEPULL

Demand an "Open Formula" Feed

MERMASH

Knowing EXACTLY WHAT YOU ARE BUYING

Mermash

Every Farm Bureau Feed is Open Formula.

A so-called "formula" means nothing unless the NUMBER OF GRAMS of each ingredient is set on the bag. For every claim a long list of ingredients and yet only a "coup" of none of them may be used and the "formula" is incorrect. A useful aid is to balance the sheet number of pounds of each material and not be too careful. That's why Farm Bureau Feeds are so good.

Mermash, the only quality feed containing true "formula" described "feed from the box." Designed by Phil. B. Park and available only through the Farm Bureau in Michigan. Mermash is so popular that others are forced to try to imitate it, but only Mermash contains 200 pounds of each of the necessary ingredients, per ton. Mermash for starting, growing, and rising. One large chicken raiser claims 20 per cent improvement by using Mermash.
