It's a fact advertised in Firestone Gum-oleen Tires that not only do they meet the service but beat the quality and construction of every grade of special brand tires sold by mail order houses and others, but the mail order houses make vigorous protest in Better Business Bulletin No. 634 demanding upon publishers not to accept Firestone or our advertising matter.

We cannot blame them for this, they did not want our customers to know that they could get at one source, a better tire made by a leading manufacturer, his name and guarantee plus strong guarantees and our service.

When our owners awakened to this fact, they came to us, compared the sections we had cut from Firestone Tires and special brand mail order tires, and discovered the Extra Values we were giving.

As a result, our business and that of other Firestone Dealers throughout the country increased so fast that it has been necessary for Firestone to run their famous four hour a day and Firestone sold more tires in April, May and June than in any like period in the history of the company.

We do not make comparisons of experiments or tests based on misleading cleanliness classifications such as fine line tires, arrow line tires or three line tires. We make comparisons on the basis of actual values and service—we only make comparisons of values that you can verify for yourself in our store before you purchase the tire.

Come in today and get the greater safety, saving and extra values found only in Firestone Tires.
Eaton Agricultural Society is Fored into Action

Although the Eaton fair grounds have been sold to the city of Cleveland, the Eaton agricultural society will meet there next week. The last meeting of the 4-H club leaders will be held at the fair. If that opportunity is not taken, there might be interest shown in this project since it is a public and important work among the rural girls and boys who would attend such a meeting. In order to secure state recognition, this meeting will be held in Eaton as soon as possible and incorporate it as "The Eaton Agricultural Society, an instigator of youth and management."

The following board of directors has been appointed for the new division of the Eaton agricultural society: Dean C. H. Brown, president; Mrs. Allie C. Irwin, vice-president; Ole B. Robertson, secretary-treasurer; Miss Sadie, treasurer; and Miss Maynard, secretary.
