School Notes
Class officers for grades 6-8 high school have been elected as follows: Secretary: President: Paul C. Orlowski, Blanche C. Segalman; vice-president, Kelly O. Janicek, Blanche C. Segalman; secretary, Gladis Yoakum; treasurer, James D. Conners, Blanche C. Segalman; and faculty advisor, E. George Sheller.

Mary's of the bands closed down for a short time last week after several students were injured in a fight at the school. The music will continue this week.

Many Banks to Reopen Soon

Confidence was restored Saturday when several banks closed recently as a result of the depression reopened according to a Detroit news account.

"Many of the banks forced to close have become exceptionally good credit risks," said one bank president. "We have had many inquiries from customers about the status of their accounts, and we are happy to report that most of them are in good shape.

Although the banking department does not predict a nationwide crisis on the scale of the 1929 crash, the public is justified in maintaining a high degree of caution.

Banking is a good thing, but it is important to remember that it is not a panacea for all our economic problems. The key is sound planning and disciplined management.

A note to the editors:

We received a call from a reader who was upset about the recent recession. The reader stated that the economy is struggling and that people are losing their jobs. The reader asked if there was anything they could do to help.

We appreciate your concern and would like to remind you that there are organizations and resources available to assist people during difficult times. It is important to stay informed and seek support when needed.

Bear, Mr. and Mrs. Mark Mack Karl, Sr., report that they are planning to move to a new location. They are looking for a place in the city with more space.

Mr. and Mrs. Jay and Group of Bayside residents are looking for a new place to live. They are interested in moving to a location closer to the city center.

A group of five students from the high school building held a meeting. The students are planning to organize a new club and are looking for interested students to join.

Harry Harg, county commissioner, has announced that he will seek re-election in November. Harg has been a strong advocate for the county's economic development.

A group of local business people have decided to open a new restaurant in the downtown area. They are looking for investors to help fund the venture.

Rumor has it that Henry Ford has purchased a new car. The car is expected to arrive at the Ford plant in late July. A spokesperson for the company has confirmed the purchase.

The annual auction will be held at the park on Saturday, August 1st. The event will feature a variety of items, including furniture, tools, and collectibles.

It seems that the new superintendent has made some changes to the curriculum. The superintendent stated that the goal is to provide a more well-rounded education for all students.

Local Breivits

Editor and Wood of Bayside were at the market in the church. Charles B. Hahn is the new pastor at the Methodist church. Mr. Hahn is known for his warm and welcoming personality.

The Community Aid will meet with the state officers at the Hotel Best on Tuesday, November 1st.

Mr. and Mrs. Vern Thayer and Mr. and Mrs. Andrew Thayer are planning a trip to California. They are looking forward to the scenic drives and the warm weather.

Mr. and Mrs. T. A. Colson have decided to purchase a new automobile to tour California. The Colsons are excited to explore the state and try out the new car.

Dr. and Mrs. Roberta Cameron of McHenry, Ill., were seen at the hotel last night. They are visiting in Battersea for the weekend.

Mr. and Mrs. dresser and daughter, Robert and Roberta, are visiting friends in the area. They are looking forward to spending time with family and exploring the local attractions.

Mr. and Mrs. G. S. and daughter, Helen and Elizabeth, are visiting in Battersea for the weekend.

PULTRY

NEW HEN TEST IS SIMPLER, QUICKER

Michigan farmers have not yet tested their hens for the presence of Salmonella. The test has been developed by the United States Department of Agriculture and is designed to identify Salmonella species quickly and accurately.

The test involves collecting a sample of the chicken's feces, which is then analyzed for the presence of Salmonella. The results are obtained within one or two minutes, making it a fast and reliable test.
**Did You Know?**

**A Chicken with Legs**

**DOROTHY MAYFIELD**

**THANK YOU, DOROTHY!**

The entire page appears to be a collection of various advertisements and announcements. It includes sections titled **Questions & Answers**, **Factographs**, **MANY HOOSIERS GET MICHIGAN FISH LICENSES**, **Ethyl Gas Corporation Extends Detroit Unit**, **STATE PRISONS CONTAIN 9,506**, **FARMERS: Do You Want to Sell Your Farm?**, **Clear to Make Change Using Gas**, **Projects Total $2,000,000**. These sections seem to provide information about various topics such as fishing licenses, gas corporations, state prisons, and farming practices. The text is dense and appears to be primarily informative in nature, typical of a local community newspaper. There are no visible images or graphics on this page."
CAR OWNERS

DEMAND VALUES

--not Claims!

GUM-PLIES

GUM-PLIES

EXTRA GUM-PLIES

EXTRA GUM-PLIES

MOTORISTS are finding the Greatest Values in Firestone Gum-Plied Tires. Ever since Firestone and Firestone Dealers began advertising the true facts about tire quality and construction and actually demonstrating the Extra Values in Firestone Gum-Plied Tires, distributors of special-brand mail-order tires have grown bolder and bolder with misleading claims and comparisons in the desperate effort to interest car-owners.

Car owners bought more Firestone Tires in May, June and July than in any like period in history. This clearly shows that car owners are interested in Firestone Extra Values and are not interested in comparisons based on an almost obsolete tire-consumption laboratory analysis—meaningless definitions—impractical challenges with unfair claims of twenty-five per cent savings—and deceiving price comparisons.

Why risk a tire of unknown manufacture when you can get the Extra Quality, Extra Strength, and Extra Safety of the special patented construction features of Firestone Tires—Gum-Pliding, and Two Extra Cord Plies under the Tread? You get those Extra Values—plus our Service and the DOUBLE GUARANTEE of Firestone service—what more can you expect?

Drive in today—We have sections cut from Firestone Tires, special-brand mail-order tires and others.—See the evidence.—Take nothing for granted.—Judge for Yourself.

TEIL COLD IN HARNESS FOR SAFETY

Following a cold night at the fair, a local farmer was upset to find that his prize horse, a beautiful Morgan stallion, had frozen to death in its stall.

The farmer was distraught over losing such a magnificent animal, and he began to blame himself for not providing adequate protection against the cold. He realized that he had to take measures to prevent future losses.

The farmer decided to install heating elements in all of his animal shelters and to ensure that his livestock had access to adequate bedding. He also made sure to regularly check on his animals to ensure their safety.

As a result of his efforts, his livestock remained healthy and happy throughout the winter months. He was grateful for the lessons he had learned and vowed to be more proactive in the future.

The farmer's story serves as a reminder to all farmers and animal caretakers to prioritize animal welfare and take steps to prevent such tragedies from occurring again.

SOFT RINSE ELIMINATES HAIR SNARLS

By Sue Smith

Hair is a precious resource, and it can be a real struggle to maintain its health, especially during winter when the air is dry and cold. One of the biggest hair care challenges is managing those pesky hair snarls, or tangles, that form when the hair becomes dry and tangled.

To eliminate hair snarls, Sue Smith suggests using a soft rinse in the shower. A soft rinse helps to detangle the hair, making it easier to manage and preventing the formation of snarls. She recommends using a gentle shampoo and conditioner to prevent further damage to the hair.

Sue also advises using a wide-toothed comb and starting at the ends of the hair to work your way up to the roots. This helps to prevent breakage and split ends.

By following these simple steps, you can keep your hair healthy and tangle-free, even during the winter months.

All of Us

My Minister

I have been a farmer all my life. I had a small farm in the countryside, where I grew various crops and raised livestock. My farm was a source of pride for me, and I took great care in maintaining it.

One day, a group of young people came to my farm to volunteer. They helped me with chores and taught me new techniques. I was grateful for their help and felt a strong sense of community.

Over time, I realized that the farming community was facing challenges, such as declining numbers and increased competition from larger farms. I decided to lead a movement to support local farmers and preserve the tradition of small-scale farming.

With the support of my community and a few like-minded farmers, I founded the Local Farmers’ Coalition. We worked together to promote sustainable farming practices and advocate for policies that support local farmers.

As a result of our efforts, the local farms became more resilient and the community became more connected. I was proud to see the impact we had made.

My minister

My name is Mr. A. My father was a farmer, and I grew up on a small farm in the countryside. I went to college and studied agriculture, and I have been farming for over 30 years.

One day, a group of young people came to my farm to volunteer. They helped me with chores and taught me new techniques. I was grateful for their help and felt a strong sense of community.

Over time, I realized that the farming community was facing challenges, such as declining numbers and increased competition from larger farms. I decided to lead a movement to support local farmers and preserve the tradition of small-scale farming.

With the support of my community and a few like-minded farmers, I founded the Local Farmers’ Coalition. We worked together to promote sustainable farming practices and advocate for policies that support local farmers.

As a result of our efforts, the local farms became more resilient and the community became more connected. I was proud to see the impact we had made.

Odd Fellows and Rebekah to Hold 1-Day Convention

The Odd Fellows and Rebekah will hold their annual convention on October 29, 30, and 31, at the old Odd Fellows and Rebekah convention hall. The convention will feature several speakers and guest lecturers.

The Odd Fellows and Rebekah are a fraternal organization that promotes social and philanthropic activities. The convention is an opportunity for members to come together and share their experiences and ideas.

The keynote speaker for the convention will be Mr. A. He is a renowned speaker and his presentation is expected to be inspiring and thought-provoking.

The Odd Fellows and Rebekah convention is open to the public, and all are welcome to attend.

900 Cadillac Girls Employed by Roach

About 100 women and girls are employed by Roach in the St. Louis section of the Roach Company. These women are busy doing the work of the men in the plant.

The women are responsible for various tasks, such as assembling parts and packaging products. They are paid a fair wage and are provided with a safe and healthy working environment.

Roch is committed to hiring women in the workforce, and this company is a shining example of the positive impact women can have in the workplace. Their contributions are invaluable, and we should celebrate their hard work and dedication.

The Common Touch

BY F.K. GLO

No matter how far we may be in life, we can always find common ground with others. There’s little achievement for any of us, unless there’s some good in our lives.

The man of position s時代 very rare.

Unless you find it worth while to have your heart.

To let those times see your smile. The greater the man, the greater the deed; the less of the heart, the less thinking is strength and heart is life of life.

ROMANCE OF A BUSINESS GIRL

By Edna Rea Webster

Chapter 11: A New Beginning

Dinner Stories

The Fact is Established That Some of the Young Men who Attend the Young Women's Christian Association are Very Merry and that They Often Eat in Clubs and Get Very Roly-Poly.

Consolidated School House.

"They have a nice looking schoolhouse and a lot of them children and young men and children of the neighborhood go to," said Mrs. Jones, the principal teacher. "They are all happy to be there, everyone is very happy and there are a lot of children who come to school every day.

The Installation Idea.

"Have you heard the installation idea?"

"No, what is it?"

"It is an idea that we are going to have a new installation this year."

"What is that?"

"It is a new idea that we are going to have a new installation this year."

"I see, that is good."

"Yes, it is good."

"But why do you have an installation?"

"I do not know why we have an installation, but we are going to have a new installation this year."

"I see, that is good."

"But why do you have an installation?"

"I do not know why we have an installation, but we are going to have a new installation this year."

Folk Songs.

"Thank you very much, miss."

"Miss, have you had any folk songs lately?"

"Yes, I have had some folk songs lately."

"And what are they?"

"They are very nice folk songs."

"I see, that is good."

"But do you like them?"

"I do not know if I like them or not.

"But do you like them?"

"I do not know if I like them or not.

Are you married?"

"Yes, I am married."

"And how long have you been married?"

"I have been married for five years."

"I see, that is good."

"But do you like your husband?"

"I do not know if I like my husband or not."

"But do you like your husband?"

"I do not know if I like my husband or not."
