Riding The Waves

The Federal Farm Board could dispose of every bounties of its stabilizing wheat if it accepted the proposition of bringing new life to the board. The board now has a hand of wheat which would not sell at auction or if the condition were the same as if it were for sale. But the board feels that it cannot accept, for the present at least, the favorable terms which the world-wide harvests are preparing.

The vote of the American agriculture congress has increased about $30,000,000 because of a recent increase in the market price of wheat. Scores of board members of the Federal Farm Board are expected to have a meeting with the Ford government for the purpose of discussing the situation. Chairman James C. Boex of Montana has been sent to Washington for the purpose of discussing the situation.

The Board, in preparing the way for making, wheat which cannot be sold at a small profit, is trying to establish a way to sell the wheat at a fair price. If these efforts are not successful, it will be necessary to sell the wheat at a lower price, but it is not expected that this will happen.

Sweet Clover Seed

Production of sweet clover seed in the United States is expected to be about the same as in the past year, but probably not quite as large. The year when it was largest was 1917 and, according to reports received by the United States bureau of agriculture, there are about 800,000 acres planted this year.

Across the country, in a majority of the growing districts, it is reported that the crop will be quite general and that the plants will be well grown.

Hay and pasture are not as vigorously grown this year as in the past, and the same is true of the average size of the clover seed. It is reported that the plants are growing well and will be ready for seed in the near future.

In some cases, the pasture and hay have been cut and the clover plants have grown well. It is expected that the hay and pasture plants will be ready for seed in the near future.

Growing conditions are generally satisfactory, and it is expected that the average size of the clover seed will be about the same as in the past year.

The proteins in the clover seed are now being used for dairy feed, and the quality is expected to be about the same as in the past.

The greatest problem in the growing of sweet clover seed is the dryness. The plants are growing well and will be ready for seed in the near future.

Miserable with Backache?

A nagging backache, with long-term consequences for work performance, can be alleviated by a few simple steps.

1. **Sit up straight.** Sitting slouched can strain your lower back.
2. **Take breaks.** Stand up every 30 minutes.
3. **Exercise regularly.** Simple exercises can strengthen your back muscles.

Oil Brings $1,000 Daily

Producers in the Wayne oilfield, located in northeastern Indiana, have been experiencing a significant increase in oil production. This has led to an increase in the daily oil revenue from $1,000 to $1,500. The current market conditions are favorable for oil producers, with prices expected to remain high in the near future.

Christmas Gifts

SALLY CAIYFIELD, like a thoughtful little girl having her own way when she told John that she wanted to take a trip in the dark and alone to the river, would have preferred that they might take a trip in the sun and alone together. John knew that she was thinking of the time when she was killed in their horseless buggy, but he knew that she would not tell him. He knew that if she did, he would have to say something. He knew that he would have to say something, but he knew that he would not tell her. He knew that she would not tell him. He knew that she would not say a word.

Magazines are always appropriate and pleasing and offer a wide price range from 25c to $10.

Then there is the Goblets News.

Many send this as a Christmas gift and we have yet never heard of a recipient that was not pleased. To all paid subscribers we are accepting extra gift subscriptions to non-subscribers at only $1. This offer good to December 24 only.

Remington Portables are always desirable.

Letterheads, Envelopes, and Calling Cards

What can give more pleasure and be more appropriate—and you'll be surprised at how low our prices are.

Christmas Greeting Cards

We sell all three on orders and our sample book goes in December 4. So you must select before that date. Our samples cannot be beat and when either printed or not most desirable.

Order for Publication
STATE OF MICHIGAN—The Circuit Court for the County of Wayne and the village of Foret, in Maid County, on the third Saturday of the month.

In this case arising out of alleged libel on the part of the Detroit News, which is not a resident of the State of Michigan but has resident agents in its behalf.

On motion of Earl B. Berks, Platteville, Iowa, it is ordered that said defendant be served a copy of the complaint by leaving a copy of the same at his last known residence or by publishing a copy of the same in a newspaper published in the place where such defendant resides, or by serving a copy of the same as the court shall direct, and that said defendant answer within twenty days after service of said complaint.

And it is Further Ordered, that within forty days after said Plaintiff cause a copy of the above mentioned complaint to be published in the Golden News, a newspaper printed, published, and sold in the County of Wayne, wherein such publication must be continued through at least one week prior to the time of said publication, or that he cause a copy of said complaint to be published in the Village Recorder of the said County, District Defendant of twenty days before the trial, in such manner and form as the court shall direct upon application.
