Will Davis is sick with a cold. Prof. Sneth was ill for two days last week.

Supplement containing tax sales notice in this issue.

LOCAL ADVERTISING

Gobles in the winter of his home from Toledo for the week end. Mrs. Zina, of Brown's Corners, was visiting her daughter, Mrs. W. T. Willard.

Mr. and Mrs. Hendon and Catherine Davis were calling on friends in town Tuesday.

Chas. C. Clarke of Sycamore, N. Y., was called here by the death of his father.

Mr. Fred Bowers reports them to St. Petrius, Fla., and loving ones, etc.

The biggest game of the season with Mattawan here tomorrow.

Freeman Brown responds to the call and helps his address in 21,000 dealer's week. Mr. and Mrs. Will Lempereur named the birth of a daughter, one of the first of the season. Congratulations.

Corwin Chambers of Lyons, Ill., is called here by the death of his father.

Mr. and Mrs. Ewalt Smith and Miss Viola Niles of Niles and Mrs. E. L. Ewalt, who is visiting Mrs. C. E. Ewalt Green.<br>

Mr. and Mrs. L. W. Zoller were called to Chicago Friday by the death of Mr. Zoller's father.

Gobles made a new record when the February sales Saturday and Sunday, coming Friday night in two spirited contests. Mattawan scored an upset.

The Community Aid will serve C. B. Hunter for 15 years to February 21, the 54th birthday of our C. B. Hunter.

Every community certainly for his service. Who could have foreseen so much a few years later as a child in a small 25 cents a year? As a community of a few hundred people, he has won the admiration and respect of all.

Word comes from Mrs. Beek that this is the date of the annual Munson, 15th, has passed away. The latter had made many friends in this community. Hope this will be the last of his kindred in her memory.

Mrs. George L. Atkinson, for many years a resident of this community, passed away at the hospital early Saturday morning. She had been a sickly woman for some time, and her passing must have been welcome to her. Friends and neighbors will be greatly missed in her absence.

We understand that all the large mail order houses in this community are quite busy with their orders for the Easter holiday.

Mr. John M. Goodrich, the last of the group of young men who became lawyers, has moved to Chicago, where he is now living.

Uncle Sam's Newest Alaska Ship Launched at Seattle

By C. C. King, Dagupan Correspondent

A crop of 25,782 tons of sugar beets, nearly double the production of 1924, was harvested by Oscar S. Hayse, Turner, near the mouth of the Missouri River, in the state of South Dakota. The crop was harvested by a crew of 120 men, who worked day and night to complete the harvesting in five days. The beets were hauled to the packing house, where they were weighed and sorted. The beets are used for making sugar, ethanol, and livestock feed.

Arctic Bishop

The recent report from the Arctic states that the beets are being harvested in the Arctic regions, where temperatures are below freezing. The beets are harvested using specialized equipment, such as snowmobiles and all-terrain vehicles. The beets are then transported to the packing plants, where they are processed for further use. The report also mentions the importance of the Arctic beets in providing food and fuel for the local communities.

Poultry

CLEAN GROUNDS FOR CHICKENS

One of the most important factors in raising healthy chickens is maintaining clean, healthy ground conditions. Chickens require fresh, clean areas to roam and forage, as well as proper ventilation and drainage. The use of organic fertilizers and compost can help create a healthy environment for chickens to thrive in.

The North Star, now the flagship of the department of the interior, is pictured just before its launching at Seattle, Wash. The vessel, which is 249 feet long and 160 feet wide, is one of the largest piers in the Arctic region. The vessel is under the command of Captain A. P. Taylor, who has been in charge of the piers for many years. The vessel is used for the transportation of supplies and personnel to the Arctic regions.

Beef Acreage Not Hard

To Get in This Vegetable

A volunteer group has organized a project to start a vegetable garden in the area. The group has received a grant from the federal government to purchase seeds and tools. The volunteers are planting a variety of vegetables, including tomatoes, potatoes, and corn. The vegetables are grown using organic methods, and the produce is sold at local markets.

The Paolocia of the Ice Arrives

Bishop A. Taporacki, who has spent 10 years in Canada's far north latitudes, is pictured in Montreal, Quebec, where he arrived from Churchill, Manitoba. The bishop is visiting the area for the first time since his arrival in 1952. The visit is sponsored by the Canadian Council of Churches. The bishop is scheduled to meet with local leaders and to participate in a conference on Arctic issues.

The Paolocia of the Ice Arrives

Simpson Korea, petite world's champion figure skater and idol of Norway, is pictured as she is arriving in New York on the way to Lake Placid, where she will represent her nation in the Olympic games.

Gobles

$240

This is the cash income from eggs for the months of Octo-
ber, November and December, of one of our large chickens that bought 500 Large Leghorn chicks last spring.

And you can duplicate or bet-
ter these results THIS YEAR.

There's 400 Leghorns in the country to produce eggs for storage this spring. The present high price and money shortage is causing a lot of flocks to be sold for meat. A flock of 175 leghorns laying 100 eggs per day was sold for meat here Tuesday. Most flocks are being sold for closer than ever before.

Larger Leghorn chicks have 12 years of storage back of them, together with three direct importations of breeding cockerels from the world famous Tom Barrow strain of Calthorpe, England. They've blood tested for white diarrhena and all eggs are dipped in iodine Suspensoid to pre-
vent coccidiosis infection. Where can you buy higher quality at any price?

If ordered NOW you can buy them at

$13 per 100
100 or more $12 per 100

Phone or see Al Wauchek.
MAD LAUGHTER
A THRILLING MYSTERY STORY
BY MILES BURTON

WEEK OF FEBRUARY 11

The early part of the week brought
Dick a spell of cold weather and
skillful in his art of control.

The first few hours of Sunday or Monday
the sky began to close up as a result of
a warm front that had come in from
the coastal region around [illegible].

By the time the first few hours of the
week will have passed, the temperature will
have dropped to a comfortable level.

Two New and Interesting Cours

Learning to Manage
In a Small Kitchens

The ample-sized, old-fashioned kitchen is fast being replaced by even more spacious and better designed ones. The problem of how to manage cleverly, there are many new ideas.

First comes the problem of furnishing this small, but important, corner of the house. You have to buy all of the fabrics and materials you can find, as some of the space in your small kitchen is limited.

When you have a room, not a kitchen, you will need to find a new kitchen setting. If your room is small, you may have to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the room work for you. If you are going to paint, you will need to find a way to make the space work for you.

A perfect solution is a deep, sea-blue, slipper chair, and a bottle of a close-fine-tinted oil that can be used in a kitchen. If you have a kitchen, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you.

Put up numerous books around the kitchen, and put them where you can see them. For everything within reach of the work, it is the best idea for the kitchen. You have to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you.

In the kitchen, you should be able to include coffee, sugar, tea, self-rising flour, and bread. You can also use the sink as a dessert, and have it ready for when you need it. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you.

Capes and scarves are often uncomfortable, and you cannot wear them all day, but they can be used as a base for the spring season. A dressing table with a mirror should be in the kitchen, and the kitchen window should have the finishing touches of the room.

The cooking yeast, sometimes called the spring oven, is a very popular food in the spring season. It is made of yellow, white, and greyish brown, and is especially delicious. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you. If you are going to paint, you will need to find a way to make the space work for you.

LETTER TO THE EDITOR

SOUTH HAVEN SYNDICATE PARK SUBDIVISION

DEAR SIR:

I am writing to express my concern about the ongoing development of the South Haven Syndicate Park Subdivision. As a long-time resident of the area, I have observed the changes that have taken place over the years, and I am worried about the impact of the latest proposal.

Firstly, the plan includes the construction of a large commercial complex that will disrupt the natural beauty of the park. The park is a valuable resource for our community, providing a green space for relaxation and recreation. I believe that any development should prioritize the preservation of this park.

Secondly, the proposed parking garage will further increase the traffic in the area, leading to reduced accessibility and safety for pedestrians and cyclists. This is particularly concerning given the increasing popularity of the park among locals and tourists.

Lastly, the proposed development does not align with the vision of sustainability and environmental protection that we, as a community, have been striving for. It is crucial that we consider the long-term effects of this development on our environment and quality of life.

I urge you to take these concerns into account and participate in the public comment period to voice your opposition to this development. Together, we can work towards a solution that respects the park’s importance to our community.

Sincerely,

[Your Name]

LETTER TO THE EDITOR

SOUTH HAVEN SYNDICATE PARK SUBDIVISION

DEAR SIR:

I am writing to express my support for the proposed development of the South Haven Syndicate Park Subdivision. As a long-time resident of the area, I am confident in the decision to proceed with this project.

This development will bring much-needed commercial activity to the area, providing new job opportunities and boosting the local economy. It is essential for our community’s growth and development.

Furthermore, the proposed parking garage will significantly enhance the accessibility and safety for both pedestrians and cyclists. This is important for the enjoyment and use of the park by all members of our community.

Lastly, I believe that the proposed development is well-aligned with our community’s vision for sustainability and environmental protection. The project is designed to minimize its impact on the environment, and we will continue to monitor and address any potential issues.

I urge you to support this project, which I am confident will benefit our community for years to come.

Sincerely,

[Your Name]
