BUSY STREET OF ST. LOUIS UNDERTAILED BY HEAVY RAINS

A fall of 0.80 inches of rain in St. Louis, Mo., caused this unusual spectacle when many streets were flooded with water and some places reached three feet deep. The clouds leave the short space of 17 hours, pouring down a heavy downpour.

An Outdoor Girl Goes New York

Eye On Baseball

In his recent high-game, he only keeps his eye on the ball but also on the players. It has been reported that he is looking into rain or sunshine at every pitch. Some of the high-leaguers are visiting the city by going on the horse race track. The man with the eye is Smokey Joe.

Dr. C. E. Smith, Boss of Farm Age, Is Native of Michigan

If county agricultural extension men are an index to the interest of the farmers of a county, a former Michigan man is the boss of the department. He is Dr. C. E. Smith. He is a member of the county extension service and is the director of extension work.

The state department of extension is the officer of the executive extension service.

The administration of county agricultural extension service is carried on through the period of its greatest demands. The state has a man in charge, and the county has a man in charge.

Pyroli Can Set Your World on Fire

Pyroli Liquid Graphite is the most completely effective, the most practical and the most economical of all graphite products. It is the most versa
tile graphite material for many applications in engineering, met
cerurgy, chemistry and art. Pyroli Liquid Graphite is a new, unique
product which makes possible many hundreds of new applications
in many industries. The liquid graphite may be used in place of
solid graphite in a number of cases, or it may be used conjunc
tively with graphite in many others. The advantages of liquid
graphite include: lower cost, ease of application, uniformity of
application, better mechanical properties, and greater flex
ibility in design. Pyroli can be used without dilution with water
or other liquids; hydrogen can be bubbled through it at high
pressure and temperatures with no hydrogenation. It can be
heated to 2500° F. without decomposition. It is used in foundries
for making crucibles, for making molds, for lubricating cast
ing dies, in the oil industry for making pump parts, in the
chemical industry for making equipment, in the electronics
industry for making contacts and in the printing industry for
making type. Pyroli Liquid Graphite is available in 40 lb. cans
in the following colors: Red, brown, blue, green, yellow and
black. Write for free sample and full details.

Why a Life Job in one Family

The present REGISTER OF DEEDS, her late husband, her daughter and her granddaughter have received all the salutes of the office of REGISTER OF DEEDS during the forty years.

The late W.A. Spaulding held office from January 1, 1913 until his death in 1923, during all of which time his wife, the present Register was his deputy and part of the time, their daughter was clerk. In 1928, Mrs. Spaulding was named REGISTER and filled the remainder of her husband's unexpired term and she has been elected to the office twice since that time.

To whom it may concern:

It is a pleasure to state that Mrs. L.E. Spaulding, Register of Deeds for Van Buren County, has handled the affairs of her office in a very satisfactory and efficient manner during her incumbency. She has always been very prompt and courteous, and has given splendid service.

Respectfully,

**The Wife & Co.**

By Lyle Hamilton

WEEK OF SEPTEMBER 11

**STILL**

It's tough when your wife finds a better-looking, warmer bed than yours. I'm not saying that I don't like my bed, but when she finds one she really wants for fear.

**Dinner Stories**

**Very First Aid**

Sara was told not to go out swimming. One night after she fell off a boat and was taken to the hospital, she was told to go out swimming. After a while, she asked, "Mother, did I do it just now?"

"Of course not, silly," her mother replied.

"Then how could I do it just now?"

**When some small act is made**

When a woman's words are not appreciated, she will make a small act of appreciation. When a man's words are appreciated, he will make a small act of appreciation.

**When a little child is brought away**

When someone brings a little child away, it is also known as being brought away.

**Knowing Dad**

Photograph of father and collegue:

"Pete," his mother said, "if you want to be a writer, you'd better stay away from your father's books."

Father: "The picture would be more natural of his death."

**The Wife & Co.**

By Lyle Hamilton

She lived in the same house, the same neighborhood, the same town, the same state, the same country, the same world, the same planet, the same galaxy, the same universe, the same cosmos, the same observable universe.

**STATE**

"I was away on the road with my wife," he said. "I was over in the country with my wife, and it was a beautiful day."
