Don't forget the target shoot at open house. The ladies are on the lookout for your entry. 

The Gobles Christmas extravaganza is set for Saturday, December 10th from 10 am to 4 pm. Some of the welfare has been cleared out of the barn, and the decorations are on display. 

Lillian Dow is the newest addition to the staff at Mrs. W. J. Bay's in Gobles. She brings a wealth of experience and expertise to the team. 

J. R. Walker and Delbert Conn made a successful trip to Battle Creek to see many of their friends from years of past visits. They were warmly welcomed by all. 

Some recent developments: 

**Busy Workers** 

Class reunion news continues to be filled with happy and exciting events. But despite the busy schedule, there's always time for fun.

Nellie Marcell报告期内的生产品目。该会议由Dr. and Mrs. C. A. Wilkinson主持。 

Mr. and Mrs. Jack Benton and Gobles were in attendance at the wedding of Lucile and Ted Lawrence. All members join in wishing them the best in their marriage. 

Dr. and Mrs. Wallace and family were in Gobles for a family gathering. 

Other important news this week includes: 

- The Christmas tree and presents will be held on Friday evening, December 9th from 7-10 pm at the Gobles Marching Band. 
- The Gobles High School band will perform at the event. 

**Furnishings** 

The city of Gobles is preparing for the holiday season. This year, they have organized a special event to celebrate the festive spirit. The event will feature live music, local vendors, and a variety of entertainment options.

FEDERAL PRISON NEAR MILAN HAS 225 ON PAYROLL

The new federal prison under construction in Milan, near Detroit, planned to house 200 prisoners when it opens next month, will probably be ready for use before March 17, the date set for its opening. The project, which has been announced by the U.S. construction contractor, is expected to be completed in May.

Most of the building will be finished by February. The building will be four stories, with the first two stories being occupied by the inmates, the middle floor being used for offices, and the top floor being used for storage. The cell blocks will be divided into fourteen sections, with each section having its own entrance and exit. The building will be equipped with a fire alarm system and a water supply system.

CHEVROLET PRESENTS A NEW SIX

Longer • Larger • Faster • Smoother • New in Styling • More Economical • And Featuring Fisher No-Draft Ventilation

This is Chevrolet Week throughout America. And the new car that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—is now on display: the new Chevrolet Six—at a new scale of low prices. Front, side, rear—outside—inside—everything about this new car is advanced, improved, exciting. Longer wheelbases makes it the biggest automobile in today's low-price field. The latest principle of car design, "Auto Streamlining," gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faithfully streamlined—swinging lower to the road—and offer the same body improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant. The time-proved six-cylinder engine is more powerful as well as more economical. Improved Five-Wheeling is combined with a "silent second" Syncromesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Engine Mounting. And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try!

WEEK OF DECEMBER 28

Almost the entire week began with a heavy snowfall, making the effects of the blizzards that continued until Christmas morning quite evident. The winds were strong, and the temperature was near zero. In some places, the snow was more than two feet deep. There were reports of avalanches in the mountains, and several roads were closed due to the fall of heavy snow.

The heavy, black lines covering the countryside, blinding the landscape, which represents the influence of the winter weather.

This means the storms will be in the north, with the exception of a few scattered showers. The air pressure will continue to fall, making the weather cold and stormy.

Editor's Note

The Greenwich Crescent department store, which has always been in this paper is broadcast, has been in business for several years. Our periodical mentions how the Paper of the period and musical items can be found in the paper of the week and cannot be located just yet.

Dinner Stares

Seth Jorges

A man, thought to be present at a new at the back of a store, was seen walking, 200 feet, by that time. The store manager was talking to the customers, making sure they knew what to expect.

Newly Published

"Remember when you came out of the store, Seth Jorges," asked Mr. Jorges, "and you told me you had sold him a pair of shoes?"

"Yes," replied Seth, "and he bought them.

"But he didn't have any money to buy them!"

"I know," said Seth, "but he promised to pay me next week."

"Well," replied Mr. Jorges, "I think you might be better off waiting for him to pay you before you sell him anything else."

"That's right," said Seth, "I guess I'll wait until he pays me before I sell him anything else."

Practical Illustrations

Herbert Hovet, a local artist, has just completed a series of drawings for the paper. The drawings are of different objects found in the store, and they are quite realistic. The drawings are of different objects found in the store, and they are quite realistic.

Took No Chance

The manager of the store, Mr. Jorges, took no chance on losing money by not selling shoes to the customers. He knew that if he didn't sell shoes, he would lose money, and he didn't want to lose money.

"I know," said Mr. Jorges, "but I don't want to lose money."

"Well," replied Seth, "I guess you're right."

"Yes," said Mr. Jorges, "I guess you're right."

"But I don't want to lose money," said Seth.
