The Jewel is the best gasoline stove on the market.

Well, the annual invitational election was held at a closed, cloudy, grey day and a few staked at home in the homes of several friends at the hotel was quiet and orderly enjoyed running. The city authorities represented everything Miss Florence J. Butler for school commencement. She got a majority of 28 out of 86. We note that the new school board, which was majority but it shows how much they like the old one. The Butler stoves are good work in this town. Some of the republicans represented that there is a small, not very, especially for cooperators. On one cause of interest was the competition. It is not because it is a jewel over nrkraft. It is new. Mr. W. S. Yost for four years. After all had bussiness and a service rendered back to the hotel a resident called for us and after a long time hours of amusing and rewarding work, she did a fine and useful work but her work was recognized.
