Cold weather is coming and I am here

with a large and nice assortment of all the latest styles for fall and winter suits, pants or overcoats.

Suits Made to Order for $10 or under. Pants Made to Order for $3 and up.

Nearly everybody is selling clothing nowadays, but if you want a good suit or overcoat you should not go to a grocery or hardware store to buy your suits, for which they will send you to the nearest city and you get a tailor made suit. Those suits are more than a ready made suit put up in a large manufacturing establishment. Go to a tailor and get your suits right where you can see how they are made.

I guarantee all my work to give satisfaction.
