TO BUILD A NEW CITY.

The First Trees.

A Grand Army Colony in Georgia Which Plans to Plant 1,000,000 Saplings.

To the Editor.

Dear Sir:

I am writing to you about a new city that is being built in Georgia. The project is called the Grand Army Colony, and it is planned to plant 1,000,000 saplings.

The colony is located in Georgia and is surrounded by beautiful landscapes. The area is rich in natural resources and has a mild climate. The city is being built by a group of people who believe in the importance of reforestation and preserving the environment.

The city is named after the Grand Army of the Republic, which was a veterans' organization established after the Civil War. The colony's goal is to create a community that is sustainable and environmentally friendly.

Sincerely,

[Signature]

P.S. If you are interested in learning more about the project, I would be happy to provide you with more information.

THURSDAY, FEBRUARY 6, 1906

It is with pleasure that the Sun announce the candidacy of the Hon. Philip H. Ackerman, of Middleville, for the third Congressional District House of Representatives. A cornerstone of the Democratic party, Mr. Ackerman has always stood firm in the face of adversity and will continue to do so in the years ahead. His leadership and political acumen have been a beacon for many in the community.

The following editorial advice adopted at the recent meeting of the Middleville School Teachers Association is worthy of all recognition:

"A JOKE OF ETHICS.

One Adopted by the State Teacher's Association.

The following is an adoption by the teachers of the State Teacher's Association. They believe that all people should be treated with respect and dignity, regardless of their station in life. The teachers in the state of Michigan are strongly opposed to any form of discrimination and believe that all people should have equal access to the education system.

HORRIBLE FATE OF MEXICAN PROSPECTORS.

Kindly and Unhurriedly by J. E. Cross, Third Arkansas, fought at Puebla, and among the first to get under the shelter of the American flag, has left a touching letter to his family from the battlefield, in which he describes the horrors of the recent battle of Puebla. The letter was written to his wife, who is at present living in the mountains of Mexico, and is dated from the city of Mexico. In it he says:

"Dear wife:--I leave you in the midst of war. I know not when I shall see you again. I pray only that God will keep you safe and happy, and that I may return to you in safety."

The letter is a vivid picture of the horrors of war, and is a warning to all who are not content to remain at home.

UNWORTHY IMMIGRANTS TO BE BARRIED OUT.

If we are to preserve our institutions and maintain our standards of living, we must denounce the presence of foreign paupers and criminals. The number of aliens in this country is increasing at an alarming rate, and we must take steps to prevent the entry of unworthy immigrants. The United States is not a nation of immigrants, but a nation of citizens. We must work to ensure that our laws are enforced and that our borders are secure.
