

Your new Suggestion team ready to serve

The Suggestion Activity has successfully completed the rotation of the new suggestion facilitators. The new team is in place and ready to accept the challenge of replacing the previous award winning team. Our new suggestion personnel and the areas they maintain:

Tim Hansen

Body shop

Doreen Howard

Paint, Material, Quality Control

Tom Wheelock

Trim Department

Norm Knott

Skilled Trades, Engineering & Central
Maintenance

Shelley Hagman

Suggestion Clerk

The new Suggestion team: (standing) Norm Knott, Tim Hansen, Tom Wheelock, (seated) Doreen Howard and Shelley Hagman.

The Suggestion office is located in Building 1, behind the Verlinden Street lobby security office. Regular work hours are 6:30 am - 3:30 pm but they are often here earlier and stay later to work with

suggesters on all three shifts. If you have questions or a problem concerning an idea or a suggestion, contact the Suggestion facilitators at 885-9147.

1999 Suggestion Recognition Awards

The Suggestion team wants to reward you for taking part in the Quality Network Suggestion Program. For your first suggestion of the year you will receive an award just for submitting your idea. It's a way of saying "thanks" for your participation. This year you will receive a 6-pack cooler for your first suggestion. The cooler is black nylon with a leak proof liner and attractive metallic gold Suggestion Plan logo.

For your first safety suggestion of the year you will receive a MicroMagic Mug. The mug from Aladdin has a heating agent that is microwave activated that keeps your beverages hot longer. Both of these items are union-made in North America.

Are you looking for good ideas to write a suggestion about? Look at the job you do every day. Are there parts of your job that you think you could do better? Could you change your job to save money or improve quality? Can you make our

plant a safer place to work? Do you know a better way? Put your idea on a suggestion form. You could get a suggestion award for yourself, make us all more competitive, and work in a safer environment.
