7'2" CUT MOTOR TRIPLE
- the NEW machine with
LARGE MOWER CAPACITY and
SMALL MOWER MANOEUVRABILITY

The Motor Triple has a very high maximum cutting performance of 4 acres per hour and a remarkably tight turning circle. These facts make this machine outstandingly versatile for small parks or golf courses, sports-grounds and motorway grass areas.

LOOK AT THIS EXCELLENT SPECIFICATION

ENGINE AND TRANSMISSION
Powerful 4-stroke engine. Forward and reverse gears and differential are totally enclosed in oilbath gearbox.

CUTTING UNITS
The three 30" power driven cutting units can be lifted independently from operator's seat.
