length of time. The user should ascertain if this is true for the pesticide he is using, and if so, the dilute solution can be stored in a sprayer tank until the next day, or stored in a properly labelled container until the spray operation.

3. If the pesticide user has completed use of a particular chemical, or the solution cannot be kept for the length of time desired, the best means of disposal is reapplication to the target area in a very dilute solution. This can be done by further diluting the material with water (or other solvent being used) at least 10:1 and then spraying the diluted material over a portion of the target area which has been previously treated. (Avoid this method with exceedingly excessive amounts which could result in phytotoxicity, over-tolerance residues or other undesirable results.)

Note: For golf course purposes, Dr. Paul M. Alexander does not subscribe to this recommendation, especially where greens, tees and fairways are concerned.

**Don’ts**
1. Do not dump leftover dilute pesticides.
2. Do not dump onto the ground of farmsteads or work areas where humans or animals may contact it.

IV. Disposal of waste and wash from clean-up

**Do’s**
1. Every effort should be made to clean equipment on the site where application of the pesticide was made, and to dispose of clean-up wastes within the target area.
2. Construct a securely fenced area on the farmstead or at the central operations area used by other applicators, especially for the purpose of cleaning application equipment. One suitable method is to excavate an area of sufficient size to accommodate the amount of waste involved, for example 12ft. by 12ft. to a depth of about 1ft. This excavation should be filled with crushed rock of approximately 1in. size. Wash from equipment can be drained directly into this area with little potential of contact by humans or animals. Locate where surface water will not drain through area and ground water will not be affected.
3. Use same precautions in clean-up as used in handling and applying the pesticide.

**Don’ts**
1. Do not clean equipment in areas where residue from clean-up can contaminate or harm persons or animals using the area for other purposes.
2. Do not clean equipment or discard clean-up wastes in areas where contamination of wells, ponds, streams or other ground or surface water is likely.

In Memoriam
It is with the greatest regret and sorrow that I have to inform members of the sudden passing away of my old friend and colleague of the Section, Ted Macavoy. Ted had been a member of the section for well over twenty years, twenty of these years were spent as a committee man and thirteen of these twenty as Hon. Treasurer of the section. Ted passed away on Monday, 19th June whilst at his work at Hillside Golf Club, where just one month ago he warmly welcomed the members of the section to Hillside to play our Spring Tournament. We can ill afford to lose members of the calibre of Ted Macavoy, and on behalf of all members I would like to extend to his family our deepest sympathy in their loss.

Greenkeepers v. President’s Team
The Annual match between Greenkeepers and Mr. Bretherton’s team took place at Handsworth Golf Club on Thursday evening, 15th June. Despite dark clouds, play got under way by 5 p.m. but by 6 p.m. heavy rain set in and most players were soon soaked through. Nevertheless, all agreed that the course was in excellent condition, and this seemed to favour Mr. Bretherton’s team who ran away with the match by 10½ games to 1½ games.

The match was followed by a first class meal provided by our President.

The Club Captain, Mr. R. Whittington, proposed the loyal Toast, and extended his welcome to all present to the Handsworth Golf Club and said how pleased he was to see such a fine turn out for Mr. Bretherton.

Mr. Bretherton said how grateful he was for the assistance he had received from the Handsworth Committee for helping to make the arrangements for this event, and in particular Mr. John Bate, Chairman of the Competition Committee.

Mr. J. Carrick, the Association Chairman, thanked Mr. Bretherton for his hospitality throughout the day and paid tribute to Vic Smith for the fine condition of the course.

George Hart, on behalf of the Greenkeepers, thanked Mr. Bretherton and his players for making this evening such a success, for the
