HYDRAULIC LIFT VERSION OF ATCO GANGMASTER

Hydraulic lift is now available on all four versions of Gangmaster, the PTO belt driven gang mower made by Atco.

For ease of operation the user will now be able to lift the cutting heads automatically without having to leave the cab, particularly useful when moving from one cutting site to another.

There are four versions of the Atco Gangmaster. It is available with either 5 or 3 cutting heads and overall cutting widths of 138 inch and 83 inch respectively, and with either fixed or floating heads.

Special features on the Gangmaster include a belt driven system, operated from the tractor's power take off, designed to provide constant cylinder speed in all conditions with the added advantage of avoiding expensive damage if a hidden object is hit - the V belt will simply 'slip'.

TURFBLAZER OUT FRONT MOWERS LAUNCH IN GREAT BRITAIN – NEW RANGE NOW AVAILABLE FROM ISEKI U.K.

The Turfblazer range of out front professional mowers is now available in Britain with cutting widths from 1.5 to 4.5 metres wide.

The Turfblazer range of out front mowers manufactured in America by Howard Price Turf Equipment is now available in Great Britain from Iseki U.K., giving a wide variety of cutting widths in both rotary and cylinder forms from 1.5 to 4.5 metres wide.

Three models are initially being imported by Iseki with power outputs from 22 to 78 horsepower, all hydrostatically driven and with 3 or 4 cylinder water cooled diesel engines.

The smallest of the models is the 22 horsepower Turfblazer 422 with a choice of 60" or 72" wide rotary cutting decks with options of snow blowers or front mounted brushes. The decks themselves are offset for close trimming and feature quick change height adjustment from 1.5 to 4.5 inches. All Turfblazer decks have front mounted flotation wheels for perfect contour following.

The result is a quality mower that is economical, versatile and dependable. Turfblazer Professional, sole UK distributors of the Iseki range to you and demonstrate why we believe it offers so much.

Further details are available from Iseki U.K. on 0480 218100.

BROUWER 5 GANG MOWER

The Brouwer range of turf care machinery has a first-rate reputation for quality and reliability and the latest tractor mount reel mower is loaded with exciting new features and options. Golf Course models are available, delivering a fine cut.

The Golf Course model is fitted with floating heads to cope with .5 inch fine cut to 2 inch rough cut. No lengthy adjustments are needed, just a flick of a lever. Optional brushes are also available which virtually eliminate tractor tracks from fairways.

The most outstanding features of the new lightweight mower include simple one man 5 minute operation to detach the rear mowing units and release the tractor for other duties, full 5-gang operation with 4-gang and 3-gang modes for tight spots, simple bedknife to reel setting via one adjustment bolt, four-wheel drive traction, hydrostatic transmission and finger-tip controls for easy raising and lowering of cutting units or for transportation.

Commenting on the introduction of the new Turfblazer range, Colin Gregory, Iseki’s Sales Director, said “We took a long time deciding on a range of out front mowers. Turfblazer is well respected in America and we feel this range offers the professional operator a choice of cutting widths, plus excellent economy and durability. We’ll be only too pleased to show the Turfblazer range to you and demonstrate why we believe it offers so much”.
