ADAS – Stand No. A2
Wrest Park, Silsoe, Bedford MK45 4HS
Tel: 0525-860077 Fax: 0525-861813
Contact: A Redrup
The ADAS exhibit will highlight a comprehensive range of consultancy services to enable golf and other sports clubs to maintain and improve current facilities so that usage can be increased and deterioration of playing conditions avoided. ADAS consultancy services are completely independent and objective. Our highly professional team of scientists includes artists, civil and structural engineers, drainage and irrigation engineers, meteorologists, agronomists, ecologists, woodland experts and business advisers. All services are supported by in-house laboratories able to undertake tasks such as pest and disease identification or soil, material and water analysis. We use the latest techniques and equipment such as aerial photography and computerisation.

AGRILAND LTD – Stand No. B4
Blue Roof Farm, Throop Road, Bournemouth, Dorset BH18 0DH
Tel: 0202-532291 Fax: 0202-532224
Contact: I. Linehan/T Le Mesurier
Agriland's amenity range is getting very established north of Watford, so here we are in Harrogate for the first time. Our show features Agrimaster, Agricrop, Ferrogreen, Classic Liquid Fertilisers, Multi-Purpose Wetter and Seaweed meal soil conditioner – plus a brand new product never seen in public before. Friends and spiers are welcome on stand B4.

AITKENS SPORTSTURF LTD – Stand No. A46
Unit 18 Moor Lane Trading Estate, Sherburn-in-Elmet, North Yorks LS25 6DX
Tel: 0977-681155 Fax: 0977-684636
Contact: Peter Fell
Suppliers of fertilisers, pesticides, grass seeds, top-dressings, sands, line marking machines and material. Sports equipment, ground equipment tools to the sports turf industry and amenity market in England and Scotland.

ALLEL POWER EQUIPMENT LTD – Stand No. A2
The Broadway, Didcot, Oxon OX11 8ES
Tel: 0235-813936 Fax: 0235-811491
Contact: Lance Bassett
Allen Power Equipment will be exhibiting the Allen National 68 Triple Mower, a machine operated by hundreds of golf clubs throughout the UK. Plus the Reciprocator and Reciprocating Edger, two machines for cutting and edging in complete safety to bystanders, the operator and the machine. The Reciprocators do away with the principle of high speed blades, and will even cut under water. Also on display will be the Allen Walloover range of sprayers and the Allen Mustang All Terrain Mower, a 42" cut machine that can be used to cut in the most inaccessible areas including steep slopes.

ALLETT MOWERS – Stand No. B42A
60 Burkitt Road, Earlstrees Industrial Estate, Corby, Northants NN17 2DT
Tel: 0536-68950 Fax: 0536-201856

The Icemen... News has just reached us that a ten man greenkeeper delegation from the Golf Union of Iceland will be attending the BTME, specifically to see the great progress that has been achieved in machinery and golf course maintenance equipment. Even more encouraging, they plan to attend many of the BIGGA educational workshops and seminars, returning home to put into practice the new techniques and ideas that will come from such exposure.

In a letter to the BIGGA, we learned that Iceland has some 40 golf courses, cared for in the main by men who have little or no formal greenkeeper training. Climatic conditions mean that golfers can play only during the summer months, and they are plagued with the well known difficulties of Poa annua, moss and other undesirable turf invaders. This is a situation that the GIJ plans to tackle and it is encouraging to learn that there are plans afoot also to form an Icelandic Greenkeepers Association, with the GIJ seeking guidance from our own Association.

Two Icelandic greenkeepers are currently undergoing formal training, one at Elmwood College in Scotland, the other in Canada. It is from these humble beginnings that fine associations are formed and we are delighted to welcome them to our shores. Lost you think that Iceland is backward in golfing terms, we are informed that Iceland's golfers are the current Nordic Champions, having beaten Sweden, Denmark, Finland and Norway in 1992, under the expert coaching of ex-Ryder Cup player, John Garner.

Contact: David Allett
On display on the Allett Mowers stand will be three machines specifically designed for greenkeepers. The Allett Conqueror is a ride on triple mower for use on tees and surrounds. The machine benefits from hydrostatic transmission and is therefore very manoeuvrable. Unique for a machine in this price range, the Conqueror has individual clutches for all 3 cutting units giving a choice of cutting widths of 78", 57" or 36". The machine is powered by an 11hp electric start command engine with a pressure lubricated system for prolonged use on banks. Also on display will be two pedestrian greens machines. The Tournament incorporates a powerful driven spiral brush fitted between front roller and cylinder which brushes the turf, lifting any lateral grass, for a much better quality of cut and at the same time it brushes the front roller to keep it clean and maintain a consistent height of cut. The Shaver is a similar machine but with an optional static brush. Both machines give 180 cuts per yard and a finish which is unequalled.

AMENITY POWER (GRASS BLADES PUBLISHING) – Stand No. B41
Baranite House, 13 Whitehorse Street, Baldock, Herts SG7 6QB
Tel: 0462-892608 Fax: 0462-490066
Contact: Roland Taylor
Amenity Power is a monthly machinery magazine for everybody involved in the grass machinery and outdoor power equipment industry. For greenkeepers, course managers, club secretaries and green committee members, the magazine provides comprehensive information on grass cutting equipment plus all other machinery used in the maintenance of a course. The information carried in Amenity Power throughout the year is of considerable benefit when those important buying decisions have to be made. Regular monthly features on new products keep our readers abreast of the latest developments, whilst informative articles of a practical nature are designed to help all those who use equipment. Buying, selling or looking for machinery? Amenity Power's classified section is the answer. To make sure you personally receive a regular copy, visit us on Stand B41 where we will be delighted to meet you.

ASKHAM BRYAN COLLEGE – Stand No. C27
Askham Bryan, York, North Yorks YO2 3PR
Tel: 0904-702121 Fax: 0904-702629
Contact: Nick Bisset
Askham Bryan College is the centre approved by the Greenkeepers Training Committee for the North East and East Midlands areas for all levels. A series of courses have been developed in consultation with the County Golf Unions and Greenkeepers Association in the region. The courses are therefore designed to fit career training at all levels from new entrants to aspiring managers. The courses are offered on a "block release" basis, with accommodation if required. Each course consists of a series of one week blocks spread over the year. Short courses on specific topics can be arranged as required, the college also offers full time and part time course in Agriculture, Horticulture, Gamekeeping, Floristry, Business and Finance, Equestrian Studies and Forestry.

ATTERTON & ELLIS – Stand No. A8
Iron Works, Hamley Road, Haverhill, Suffolk CB9 8QH
Tel: 0440-702312 Fax: 0440-712138
Contact: David Smith
For over 100 years, Atterton & Ellis have led the field with their innovative range of grinding machines. Their market leading EXPRESS DUAL, offering accurate grinding of cylinders, both in situ and with the cylinder removed, has become the standard for precision grinders today. The 'Professional' model allows an even greater range of cutting units to be sharpened in situ. Bottom blades get the same precision treatment from the Atterton ANGLEMASTER, a heavy duty bottom blade grinder that features power traverse. Both the EXPRESS DUAL are available at Harrogate – both are chosen by many of the leading golf courses in the UK – both carry the Atterton hallmark of quality, reliability and a personal back-up service that has kept them ahead for over a century.

BAILEYS OF NORFOLK – Stand No. A35
Brick Kiln Road, Hevingham, Norwich, Norfolk

GReenKEEPER INTERNATIONAL January 1993
Olympian Range of root zone mixes and top dressings. Tested and approved by the STRI, the Olympian Range is suitable for use in golf courses throughout the European Community. To satisfy the market demands for root zone mixes and top dressings, Bent and BARUBA - an excellent new chelated copper product, is widely known and used in the golf course industry. The Olympian Range includes a new club cleaner and tools for soil sampling, including the highest quality varieties the greenkeeper will be able to examine are: BARCROWN - an exceptional new slender creeping red fescue, BARDOT - a highly acclaimed brown-red fescue, BARDOT - a highly acclaimed brown-red fescue, and many more varieties.

Contact: Alan Bailey
British Seed Houses Ltd have been privileged to supply all the grass seed for several major golf course projects during the past twelve months, including the new Oxfordshire Golf Club, designed by Reece Jones where Creeping Bent was sown extensively through the course. The company have also supplied all the seed for the Bowood House Golf Club in Wilshire and Brocket Hall in Hertfordshire which were opened within twelve months of seeding where mixtures containing FRIDA Chewings Fescue gave excellent establishment. The company will be launching four new grasses next season, METEOR Turf Type Perennial Ryegrass, OLIVIA Chewings Fescue, JASPER Strong Creeping Red Fescue and PINTOR Hard Fescue all of which have been well rated by the Sports Turf Research Institute.

CB Designs International Ltd
- Stand No. B8
33 Station Road, Rickmansworth, Herts WD3 1QP
Tel: 0923-897160 Fax: 0923-710344
Contact: Christopher Boxall
CB Designs International specialise in the production of high quality tee signs which are custom made to the club’s specific requirements. Products are manufactured in a variety of hard wearing materials including granite, slate, cast polymer, bronze and aluminium. Custom made tee signs are either sold directly to clubs in the normal manner or provided free of charge with the inclusion of a sponsor’s plaque. The type of sign and fixings still remains the club’s choice even when provided at no charge. A “unique” all new tee marker is also being launched at the exhibition.

CMW Equipment Co - Stand No. A40
3 Priors Way, Coggeshall Industrial Park, Colne Road, Coggeshall, Essex CO6 1PW
Tel: Fax: 0376-562569
Contact: Mike Moss
CMW will be exhibiting a wide range of on course equipment and accessories. New this year will be a display of custom made signs. CMW now have the technology to produce signs to customers’ own specifications, incorporating logos and graphics, at very competitive prices. Last year the easicut holecutter was introduced and has been very successful. During the year the reinforced blades have been updated with added strength which should be of particular interest to greenkeepers with hole cutting problems. CMW will again be producing tee shirts and baseball caps to visitors’ own designs. Bring your own logo or design to stand A40. That’s where it all be happening.

Cannington College – Stand No. C5
Nr. Bridgwater, Somerset TA5 1LS
Tel: 0278-652226 Fax: 0278-652479
Contact: Kristine Bater
Cannington College is the south west regional centre of excellence for greenkeeper training and the two golf courses, the pitch and putt and the international nine hole, offer unrivalled opportunities for developing these skills to the highest level. The college offers an HND in Golf Greenkeeping with European Studies (three year sandwich) National Diploma in Golf Greenkeeping and Sports Turf Management (both full-time and part-time study options) and City & Guilds Phase II and III in Golf Greenkeeping.

John Chaplin (Machinery) Ltd – Stand No. C18/19
Roseville Road, Leeds LS8 5DT
Tel: 0532-459535 Fax: 0532-431938
Contact: Michael Chaplin
Laying turf is not exactly child’s play, but it is a lot easier with Rolawn.
Because our turf is precision cut, mature, purpose grown and available when you want it.
Because you can choose standard, convenient square yard rolls or the extra big, (25 square yard) rolls. We’ll even lend you laying equipment for the big rolls so turfing large areas is quicker and more cost-effective than ever.
Because our chain of national depots mean a truly local service for collection or delivery.

 Rolawn
Elvington, York Y04 5AR.
New products are to the fore from Yorkshire's longest established specialist distributor of professional ground maintenance machinery. The all new GMV grounds maintenance vehicle equipped with three way tipping body and integrated hydraulic drive system makes this the only 'on course' maintenance system with the best quality operator comfort in the game. Top dressers, sprayers and aeration systems are available for use with this prime mover. In addition the range of new NCT cutting systems can be seen on the Baroness gang mowers, pedestrian greens mowers and the renowned Saxon triples, all of which are known for quality, reliability and low maintenance costs.

**CLAYMORE GRASS MACHINERY**

- **Stand No. B25**
  
  Waterloo Industrial Estate, Waterloo Road, Biford-on-Avon, Warwickshire B50 4JH
  
  Tel: 0789-490177 Fax: 0789-490170
  
  Contact: Nick Miles
  
  Claymore will be exhibiting products from all three ranges distributed by them. With walk behind cylinder mowers and gang mowers manufactured by Greens, hopefully to include a new, more advanced mower for golf greens. There will also be a selection of products from Bolens including, mulching mowers, chipper/shredders and the revolutionary chipper/vacs, new for this year and of course, ride on hydraulic cylinder mowers will be represented by Sabo Roberine, one of the leading and upcoming manufacturers in their field. Also from Sabo Roberine, there will be news of a new product specifically designed for the golf course market.

**FARMURA LTD**

- **Stand No. A38**
  
  Stone Hill, Egerton, Ashford, Kent TN27 9DU
  
  Tel: 0233-76 241/581 Fax: 0233-76419
  
  Contact: Mr J Harmer
  
  Farmura Environmental Products are continuing to set the pace for innovative new turf products for the 1990s. At Harrogate, Farmura will display their reformulated Farmura Green and Porthcawl liquid organic fertilisers. On display for the first time will be Flo-Gro Super Concentrates packed in 10 litre containers with two and a half times the concentration of conventional liquids. They are a major step forward, being easier to transport, store and handle and using less packaging.

The revolutionary Turf Iron already supplied to top clubs in the UK and abroad will be highlighted. With its ability to speed-up greens, reduce stress and restore surfaces following maintenance the Turf Iron is well set to become "tool of the trade". With the winner of a trip to the GCSSA Show resulting from the Blazon Better Way to Spray campaign being announced, plus a major new launch, the Farmura stand will be an essential visit.
FENCHURCH NORTHERN - Stand No. C2
Bramley Business Centre, 533 Stanningley Road, Leeds LS13 4DA
Tel: 0532-585400 Fax: 0532-570310
Contact: Andrew Lawrence
Fenchurch Northern act as Insurance Brokers to BIGGA and its members in respect of the insurance covers provided within the membership package. We also offer our professional services on any other insurance requirement, specifically to BIGGA members for personal insurances such as motor and household. The Fenchurch Group are national and international Insurance Brokers and, in addition to our expertise in arranging scheme and personal line insurances, are renowned for our expertise in arranging corporate commercial insurance for all areas of industry and commerce. Exhibitors wishing to discuss any insurance matters would be welcome at the Fenchurch Northern stand and should contact Andrew Lawrence.

FISON'S PLC - Stand No. B3
Horticulture Division, Paper Mill Lane, Bramford, Ipswich, Suffolk IP8 4BZ
Tel: 0473-830492 Fax: 0473-830386
Contact: Gill Craig-Jarrold
Come to the Fisons stand for details of the Topmaster Turf Dressing range - new for 1993. The range comprises four new formulations TD1 to TD4, which promote healthy root development, and good colour in fine and sports turf. TD1 and TD2, rigorously tested by independent laboratories both in the UK and the United States, conform to the USGA specification. Information on Greenmaster and Sportsmaster will also be available together with our range of liquid turf fertilisers, chemicals and wetting agent. Examples of the new products and literature are available. Ask at stand B3 for details.

FRASER GROWN LAWN PROFESSIONAL - Stand No. B42B
Woodside Farm, Sandy Lane, High Kinnerton, Chester CH4 9BS
Tel: 0244-660901 Fax: 0244-660468
Contact: Fred Trim
Fraser Grown Lawn Professional has a reputation built on quality, reliability and value for money, which has led to us becoming a major supplier of turf. We have invested in the latest machinery available to produce, maintain and harvest the turf to the highest quality. Delivery is made by our own fleet of vehicles with crane off loading facilities or rear mounted fork lift for specific drops anywhere on site, which cuts down on time and labour for you. Dealing with a family run company like Frasers, means that our customers are always assured of personal service established 20 years.

GANNON UK LTD - Stand No. C9
Welbourn, Lincolnshire LN5 0QI
Tel: 0400-72475 Fax: 0400-72303
Contact: Derek Overton
Gannon will be exhibiting the Aera-Vator, a new concept in turf cultivation. The advantages are as follows:
A. Superior penetration and aeration with less subsoil compaction than other aerators weighing twice as much.
B. The burrowing motion produces a larger diameter hole with soft side walls for better absorption of air, water and nutrients.
C. (No cores to clean up) Soil pushed out and around the hole is evenly spread by mowing.
D. An excellent renovation tool for overseeding or laying turf.

IS YOUR BUSINESS GOLF?

Since 1970 Watermation irrigation systems have helped to create and maintain the top championship golf courses around Britain, Ireland, Europe and worldwide.
Also Gannon will be introducing the Aera-Vator attachments, namely the Seeder Box, Smoothing Roller and Seed Rake. Also exhibited is the Gill Spiker Overseeder used by golf courses, local authorities and sports surfaces.

GEM PROFESSIONAL - Stand No. B38
Brookside Lane, Oswaldtwistle, Accrington, Lancs BB5 3NY
Tel: 0254-393321 Fax: 0254-236775

Contact: Patrick Dyer
Gem Professional, the largest privately owned manufacturer of fertilisers and turf dressings, will be exhibiting their exclusive range of products and look forward to welcoming friends old and new to their stand. The first company to achieve BS5750 quality assurance in the industry will have their technical representatives in attendance and will be delighted to discuss your requirements in detail. The Gem Professional product range is the result of over one hundred years of experience in the manufacture of fertilisers and can be relied upon to give complete satisfaction at a fair price.

Get on course for successful spraying

Whatever your spraying problem on course or around the park,
Hardi has the answer. From hand held and trolley sprayers
to tractor and utility truck units, the Hardi range
of amenity sprayers stand ready to get you on course
for successful spraying.

Take a look at the specification, and then
choose Hardi: nobody offers a more
comprehensive range, or the
experience of application
technology, worldwide.
Contact: David Frances
The Golf Sign Company, engravers and sign manufacturers since 1887 produce high quality sign products. Tee markers and discs, yardage markers, main entrance signs with full colour crests, car park and road signs, signs for the clubhouse, locker rooms, bar and professional's shop. Health and Safety at Work, caution and warning signs are a speciality with many items ex-stock for immediate dispatch. Also manufactured are the GREENKEEPER range of standard information signs, very popular with greenkeepers and course managers at over 300 private and public golf courses in the UK and Europe. GREENKEEPER signs provide a high quality, durable, weather resistant range of 8" x 6" Stove enamelled aluminium signs, complete with a 14" aluminium fixing spike, with over 25 standard wordings and a 24 hour delivery service, the GREENKEEPER range offer exceptional value for money at £3.99 per sign.

GRACE SIERRA UK - Stand No. A48
61 Loughborough Road, West Bridgford, Nottingham NG2 7LA
Tel: 0602-455100 Fax: 0602-455311
Contact: Mark Hunt
Grace Sierra UK will be exhibiting their established range of controlled release fertilisers for turf and landscape applications. All products feature the unique organic resin coated granules offering an unrivalled 5-6 months longevity of temperature-only dependent nutrient release. Tees, fairways, approaches and winter season pitches can all be fertilised once in early spring with no need for re-application that growing season. Also present will be Grace Sierra's range of water soluble fertilisers designed for use on sand based constructions, with a new high acidification analysis for lowering pH levels on golf greens and tees.

GREENKEEPERS TRAINING COMMITTEE
- Stand No. C31
Aldwark Manor, Aldwark, Aline, York, North Yorks YO6 2NF
Tel: 03473-640

The Greenkeepers Training Committee (GTC) has recently launched a new Training Manual to coincide with the introduction of Vocational Qualifications. This Manual has received wide acclaim and is recommended to all greenkeepers. The Manual will be available on the stand at a cost of £14.

GROUNDSMAN INDUSTRIES
- Stand No. B6
The Mill, Seymour Street, Ballymoney, Co Antrim, Northern Ireland BT23 7SR
Tel: 02656-67049
Contact: Bill Warke
Don't miss the opportunity to see the latest technology in turf aeration machinery. These elliptical action fine turf aerators have been in research and development for five years, and this investment is reflected in the result. A much simplified design with fewer moving parts - a sealed bearing crank driving the rubber jointed mechanism. The extensive range of implements include the 'well known' twin, triple, and quadra holder capable of accepting solid, hollow, and slitting tines. Groundsman Industries have also developed an attachment called the Cluster Holder. This implement can accept up to 12 tines per head, and aerate to a pattern of less than 1 inch x 1 inch.

Whether you are looking to improve your existing facilities, develop new amenities or just require expert advice on aftercare, ADAS can help.

Use our unique blend of design, technical, financial and environmental knowledge and practical skills to cut the complexity of design, construction and aftercare.

Make sure your development is successful by using ADAS Consultancy.

GOLF AND LEISURE DEVELOPMENTS

"FROM CONCEPTION TO COMPLETION"

BTME CATALOGUE xviii
conjunction with mounted, trailed or de-mountable sprayers. Its unique feature of being able to work on USGA spec greens is of paramount importance to the new courses being constructed in the UK. All sprayers meet with all the current EC and HSE legislation which is becoming so much a part of todays business. Special sprayers built to the customers own specification can be discussed. Machines on display: AM PS 300 de-mountable sprayer fitted to a Cushman, AM TR-2-800 trailed sprayer, AML 200 mounted sprayer. Come and discuss your requirements with Colin Gregory and Geoff Dandy. You will be sure of a warm welcome.

HAYTERS PLC – Stand No. C12/16
Spellbrook, Bishop’s Stortford, Herts CM23 4BU
Tel: 0279-723444 Fax: 0279-723821
Contact: Tina Pulsford
The prominence of Hayter Beavers’ extended stand at this year’s exhibition indicates the company’s commitment to the golf course industry. Taking pride of place will be the unique Articulator. This rear-mounted all terrain rotary mower is ideal for cutting even the most difficult rough. Its floating heads are specially designed to follow ground contours without scuffing. Many golf courses have already discovered the benefits of the high performance T44 triple. This high specification machine is well suited for cutting fairways fast. Major features include ease of operation and user comfort. The T92 triple is proving to be a winner for fast efficient cutting of greens and has a mowing performance of 156 cuts per yard at 3.5mph. Visit us on Stand C12 to see these machines and find out more about Hayter Beaver’s exciting range of golf course machinery for 1993.

HOLE-IN-WHITE (EUROPE) – Stand No. A4
Skinners Farm, Epping Lane, Stapleford Tawney, Romford, Essex RM4 1ST
Tel: 0708-688435
Contact: Robert D Patterson
We return to Harrogate for the third year to enable greenkeepers and trade to see first hand a demonstration of Hole-in-White in use. Hole-in-White is a golf hole turf whitener and has been specially designed to provide the golf course manager/greenkeeper with a fast and most efficient way of painting the inside of the golf hole (top inch) using our patent device and quick drying new formula aerosol paint. Don’t miss this opportunity to come along and see us on Stand A4.

HUXLEYS GRASS MACHINERY – Stand No. A25
The Dean, New Alresford, Hampshire SO24 9BL
Tel: 0962-733222 Fax: 0962-734702
Contact: Martin Cooke
Huxleys Grass Machinery will be showing equipment designed and built at their New Alresford works in Hampshire. On show will be the Huxtrux Turf Maintenance Vehicle with new all-weather cab and large capacity top-dresser. The latest Huxley 358 Greensmower and other machines from Huxleys’ range of Heavy Duty Reelmowers, Reelmowers for compact tractors, Turf Care implements, Turf Blazer rotary mowers, The Little David Stump Remover and Royer shredders and powerscissors will also be displayed.

1 Centre Park, Marston Moor Business Park, Rudgate, Tockwith, North Yorks Y0S 9QF
Contact: R Beebee
On stand A3 at the BIGGA show, I/C Distributors will be showing their range of commercial groundscare equipment. PLM Power Products, will be showing their range of ‘Little Wonder’ hedge trimmers, lawn edgers and leaf and litter blowers, together with the ‘Shindaiwa’ range of hedgecutters, brushcutters, chainsaws and pumps. Industrial Power Units, will be exhibiting their range of Dori & Ferris professional grass machinery and GUTBROD professional and domestic garden machinery.

* Did golf originate in Holland?... The historic sporting detectives have never given up on this poser and my own position in the continuing saga is well documented. It is, however, encouraging for us British to learn that a contingent of greenkeeping specialists from Holland, along with like-minded experts from neighbouring Belgium, will be attending BTME, not to convince us of the lowland origins of golf, but to seek information on all that is new and innovative in the world of golf course maintenance and equipment. With the barriers of European trade all but dead, the exchange of ideas, information and – yes – even scholarly historic discussion, will be one that BIGGA positively encourages. Welcome Holland. Welcome Belgium.

IC PROFESSIONAL PRODUCTS – Stand No. B21
Fernhurst, Haslemere, Surrey GU27 3JE
Tel: 0428-645454 Fax: 0428-657222
Contact: Roger Mossop
The ICI Professional Products stand at BTME ’93 will feature the new addition to the ‘Longlife’ range, ‘Mini-Gold’. ‘Mini-Gold’ is a high quality sulphur coated urea mini-prill fertiliser. The nitrogen (31:0:0) is in a slow release form with one application lasting up to 14 weeks. Also on display will be two new water soluble fertilisers ‘Ultra-Green’ N and ‘Ultra-Green’ NPK. These products are packed in unique 1 kg resealable plastic packs making for easy handling, storage and disposal. In addition ICI will have details of their free empty pesticide container collection scheme, and will also be launching a new product.

INSTITUTE OF GROUNDSMANSHIP – Stand No. C30
19-23 Church Street, The Agora, Wolverton, Milton Keynes MK12 5LG
Tel: 0908-312511 Fax: 0908-311140
Contact: Derek Walder, General Secretary
For over 50 years there has been one organisation that has fought continuously to raise the status of sports ground and turf care professionals and regularise the standards of work. The IoG has run training courses and seminars and devised an examination syllabus that leads to widely recognised qualifications. NVQs are now being incorporated into the scheme to broaden the scope even further for students. The IoG has acted as a focal point for all new developments and information throughout the entire turf culture industry, helping today’s turf professional to become highly skilled and fully versed in every aspect of an increasingly demanding job. The long standing co-operation and common goals shared by the IoG and BIGGA are underlined by the Institute’s participation at BTME and BIGGA’s presence at the IoG World Trade Exhibition at Peterborough from 7-9 September 1993.

INTER SEEDS LTD – Stand No. B37
Thorn Farm, Inkerbow, Wors CR7 4JL
Tel: 0386-793135 Fax: 0386-792715
Contact: Jeremy Howarth
Inter Seeds will be promoting their wide range of top quality varieties, which can be formulated into specialist mixtures for use on golf greens, tees, fairways and the rough. Main varieties include Lifalila Cwings Fescue, Leprosa Slender Creeping Red Fescue and Linomine Smooth Stalked Meadow Grass. A major development is the introduction of pre-germinated grass seed in specialist mixtures, offering fast establishment and reduced risk of weed invasion. Inter Seeds also offer a wide range of conservation mixtures for use in the rough, using native wild flower species. Jeremy Howarth and Danny Godfrey will be at the exhibition to provide technical advice.

INTURF LTD – Stand No. A34
Regent Street, Pocklington, York, North Yorks Y04 2QN
Tel: 0759-304101 Fax: 0759-305229
Contact: June Edwards
Inturf, grower and supplier of high quality cultivated turf, operates a seven day harvesting programme, producing six grades of turf from the selected 1,200 acres of nurseries situated throughout the country, and is the official turf producer for Wembley Stadium. Technical advice is offered by Turfgrass Services International Ltd, and the whole group accomplishes total quality management verified by B55750 accreditation. Visit our stand number A34 where technical personnel will be available to offer advice.

ISEKI UK LTD – Stand No. B22
Broadway, Bourn, Cambbs CB3 7TL
Tel: 0954-718981 Fax: 0954-717931
Contact: Arthur Wood/Andy Howard
Iseki UK Ltd provide a complete range of compact tractors and turf maintenance equipment. Compact tractors ranging from 14 to 45 hp supported by various turf care attachments including the newly introduced Iseki Greenacre Shattermaster and the latest pedalite, Coremaster 9' Turf Aeration system. In addition to the compact tractors Iseki also provide a wide choice of power and garden products including the new SW 621 professional walk behind mower.
Who to look out for...

JACOBSEN – Stand No. C13/14
Jacobsen House, Telford Way Industrial Estate, Kettering, Northants NN16 8UN
Tel: 0536-417777 Fax: 0536-310245
Contact: Rene Orham

Machines from Jacobsen UK Ltd at this year’s BTME will include the recently introduced Jacobsen LF3810 Fairway or Amenity mower, complete with three metre (10ft) cutting width. It will be shown in 10 blade form to suit both greengrokers and parks’ staff and is powered by a 38hp diesel via a hydrostatic drive unit giving stepless forward/reverse speeds throughout the range. Also new to the BTME will be the Jacobsen range of Workhorse utility trucks. The Jacobsen Workhorse can have attachments such as top dressers and aereators to give this flexible machine the opportunity for year round operation. There is also the option of hydraulic service tools. Also available is the latest version of the 810 Express truck – a four-wheel general purpose utility vehicle. The new Jacobsen 422 pedestrian greens mower also makes its BTME debut. It has a low overall weight and a short wheelbase front to back for improved tracking. The newly designed eleven blade reel leaves a superb finish and it can be fitted with the Jacobsen Turf Groomer which allows the operator unparalleled levels of machine turning ability. Also featured is the 40 SAE hp B50 compact tractor series together with mowers from the ‘G’ Series of professional ride-on mowers. The latest GCD collectors are also designed and delivered in such a way as to accept high levels of machine technology and market demands.Come and visit our stand at the show.

AND HORTICULTURE – Stand No. A15
Myerscough Hall, Bilsborrow, Preston, Lancs PR3 0RJ
Tel: 0995-40611 Fax: 0995-40842
Contact: Lorna Tyson

Few colleges in the UK can boast such a long association with the sportsturf industry. In addition to offering a wide range of traditional part-time and full-time courses, including the new HND in Turfgrass Science and Sportsground Management, the Lancashire College is also leading the field in the development of commercial and educational links within the leisure industry. This close relationship ensures that our courses are designed and delivered in such a way as to produce highly trained people who are capable of accepting responsibility and able to respond to the rapidly changing technological and market demands. Come and visit our stand at the show.

LLOYDS & CO LETCHWORTH LTD – Stand No. C8
Birds Hill, Letchworth, Herts SG6 1JE
Tel: 0462-683031 Fax: 0462-481964
Contact: Derek Haley

This year’s stand reflects Lloyds’ reputation for first class service. This back-up, combined with our top quality machinery, enables greengrokers and managers to maintain courses to the highest standard. Our Letchworth factory service unit has facilities to carry out any work from a simple regrind to a full overhaul. Lloyds’ Customer Choice Service Scheme is designed to suit individual requirements. The latest Paladin with its new nine-bladed cutting cylinder is ideal for those special events as well as everyday greens mowing. The addition of the Vertirake increases this machine’s versatility. Lloyds’ staff will be on hand to discuss with visitors their wide choice of gangmowers and other equipment, including the latest in rotary and flail mowers.

JOHNSON SEEDS – Stand No. C6
London Road, Boston, Lincs PE21 8AD
Tel: 0205-365051 Fax: 0205-310148
Contact: Derek Welbourn

Please come along to discuss your grass seed requirements with our technical staff. Whether you are carrying out maintenance programmes, course extension work or new construction we will have the specialist mixture for you. As plant breeders we have introduced cultivars with specific golf course uses – Jupiter, Lance etc. We will also have information on Apron T – fungicide seedling protection against damping off – the safe dressing, root zone, drainage gravels, grit and footpath materials. We would like to welcome a contingent of German greenkeepers to our stand B35 where our staff will be pleased to answer any questions you have.
50A Market Place, Thirsk, North Yorkshire Y07 1LH
Tel: 0845-525585 Fax: 0845-523133
Contact: John McLauchlan
Steetley Minerals Ltd: Steetley will be showing their new Biosorb calcined montmorillonite/diatomite granules which are used primarily as a fine turf conditioner. Biosorb is available in 25 litre and in bulk bags in three grades — fine (0.5 - 1 mm), standard (1 - 3 mm) and coarse (3 - 6 mm).

Humate International Inc: Humate International will have on display their straight humic acid products. These Humates are available as liquid, granules and soluble powder. Also shown will be wetting agent pellets for use with hose guns. These pellets include one with added Humate and another with added Humate and iron. Chelated nutrients and stress relievers are also available.

MIKAN SPORTSTURF LTD - Stand No. B7
Chatsworth Street, Barrow-in-Furness, Cumbria
Tel: 0229-430477 Fax: 0229-430488
Contact: Michael Caine
For 1993 Mikan Sportsturf Ltd have developed a full range of turf management products to go alongside our popular cockle shell pathway material. For your convenience we now have available a full range of accessories from the 'Tacit' range. We feel our range of products and after care service are now second to none.

MITCHELL INDUSTRIES GROUP - Stand No. A26
Nottingham Road, Old Basford, Nottingham NG6 0FU
Tel: 0602-787987 Fax: 0602-423119
Contact: Keith Ball
A wide range of John Deere equipment for greenkeepers and turf care professionals is being exhibited by specialist groundcare dealer GME Ltd, a member of the Mitchell Industries group of companies. The 2243 self-propelled offset triplex greensmower will be shown with three different cutting heads: verticut; nine-blade cylinder mower with groomer and powered rear brush; and five-blade cylinder mower. An 855 24hp tractor with mid-mounted mower, the 22in walk-behind greensmower, and a 5hp 145B model walk-behind mower complete the cutting equipment on display. In addition, there will be a ride-on bunker rake — equally at home helping to form bunkers during construction, as raking the sand flat — and a model from the John Deere easy-starting trimmer range.

MODUS T LTD - Stand No. A22
Brewery Park Industrial Estate, New Street, Wem, Shropshire SY4 5DT
Tel: 0938-233213 Fax: 0939-233682
Contact: Adam Greaves
Value for money means a solid quality of build and prices that please. The all new Modus T range supply just that. For an update on these products and several exciting new machines for 1993 call in for a few words at stand A22.

MOORE UNI-DRILL LTD - Stand No. A18
33 Kirk Road, Ballymoney, Co Antrim, Northern Ireland BT53 6PP
Tel: 02656-64444 Fax: 02656-65696
Contact: Sam Moore
Greenkeepers, are you under pressure to improve your course fairways? The Moore Uni-Drill uses a unique patented system which can over-seed large areas quickly, following ground contours...
accurately, introducing seeds at a constant depth and ensuring good soil contact by immediate consolidation using press wheels. Visit and discuss, stand A18, you're always welcome.

MULTI-CORE AERATORS LTD
- Stand No. A41
229 Higher Meadow, Clayton Le Woods, Leyland, Lancs PRS 2RR
Tel/Fax: 0772-451959
Contact: Ian Waddington

Multi-Core Aerators are the UK importers of the Multi-Core range of equipment. There are four machines in the range, two tractor mounted and two pedestrian machines. The versatile TM1500 1.5m wide tractor mounted aerator is robust enough to handle greens and fairways alike. Being fully sealed throughout the TM1500 is almost maintenance free and productivity of up to 5700 sq ft per hour makes it one of the fastest and most reliable machines. In its class for tractors with less horsepower there is the popular TM1000. For the best job on a bowling green or cricket wicket there is the Non-steering Greenkeeper with front roller and for golf clubs the Steering Greenkeeper with riding platform. A variety of different heads and tines will also be on display so if you or your club are considering purchasing an aerator why not visit our stand where they will be able to see their new nylon bogey hole cup - putting green markers and a mesh stabilised rootzone which resists wear and compaction. It is widely used on golf courses and other sports surfaces such as tees, greens and walkways throughout the UK and across the world, from Woeburn Golf and Country Club to the Fan Ling Golf Club, Hong Kong. The live demonstration shows the unequalled stability of Advanced Turf.

NATIONAL TURFGRASS COUNCIL
- Stand No. C23
3 Ferrands Park Way, Harden, Bingley, West Yorkshire BD16 1HZ
Tel: 0535-273188
Contact: John Shildrick

The National Turfgrass Council is the national organisation concerned with all outdoor amenity grass and non-grass surfaces used for sport or recreation. We link together 23 member organisations, over 30 patrons, and a widespread Associate membership. Our display shows our current activities on behalf of the industry, our forthcoming events, and our range of publications.

NETLON LTD - Stand No. A29
Kelly Street, Blackburn, Lancs BB2 4PJ
Tel: 0254-262431 Fax: 0254-694302
Contact: Tim Oliver

Netlon Ltd will give regular "live" demonstrations of the benefits of the Netlon Advanced Turf System on stand A29 at BTME. Netlon Advanced Turf is the unique combination of natural turf and a mesh stabilised rootzone which resists wear and compaction. It is widely used on golf courses and other sports surfaces throughout the UK and across the world, from Woeburn Golf and Country Club to the Fan Ling Golf Club, Hong Kong. The live demonstration shows the unequalled stability of Advanced Turf.

OAKLANDS COLLEGE - Stand No. C20
Oaklands Campus, Hatfield Road, St Albans, Herts AL4 0JA
Tel: 0727-50651
Contact: Ian Merrick

The college offers a wide range of training courses for the professional greenkeeper. Full-time courses: 1 year course leading to the National Certificate in Greenkeeping & Sports Turf Management. Part-time courses: Phase 1 and 2 Greenkeeping & Sports Turf Management, Parts 1 and 2 Horticultural Mechanics, Phase IV Business Management. Short Course Programme: a full range of short one or two day courses designed especially for the greenkeeper. The college also offers a full training and technical consultancy package to individual clubs and organisations.

OTTERBINE AERATORS - Stand No. A10
3440 Main Road East, Emmaus, Pennsylvania 18049, USA
Tel: 215-965-6018 Fax: 215-965-6050
Contact: Charlie Barebo

Otterbine Aerators can help keep irrigation waters clean. This full-time management tool reduces bottom sludge, algae, aquatic weeds and foul aquatic odours through a process called Aeration. Mechanical aerators pull cold dense bottom waters upwards and throw them into the air where they collect atmospheric oxygen. This circulation and oxygenation helps speed biological clean-up process. Mechanical aerators are effective when the stress on the aquatic ecosystem is greatest during calm, still and cloudy days. Otterbine supplies a self-contained compact system with over 100,000 installations throughout the world.

PROFESSIONAL SPORTSTURF DESIGN ASSOCIATES - Stand No. A 13
75 Garstang Road, Preston, Lancs PR1 1LD
Tel: 0772-884450 Fax: 0772-884445
Contact: John Hacker

Professional Sportsturf Design Associates provide a complete agronomic consultancy service for the golf course. Whether upgrading a mature course to cope with today's increased play or developing a new course, Professional Sportsturf Design Associates can help you. Many mature golf courses are suffering severe agronomic problems and Professional Sportsturf Design Associates can provide the technical and analytical support necessary for a busy greenkeeping team. New golf courses are being planned every week. Having Professional Sportsturf Design Associates act as consultant-in-charge will ensure a high quality, well managed project. Accurate working drawings, tender documents and careful site supervision ensure that you get the best value for money. See Mike Harbridge, John Hacker or David Stansfield on stand A13 to discuss how we can be of help.

PRO-TEE PRODUCTS - Stand No. B26
Hill House Farm. Misbrooks Green Road, Beare Green, Dorking, Surrey RH5 4QJ
Tel: 0306-712998 Fax: 0306-712997
Contact: Ian Stonestreet, Garth Bacon

Pro-Tee Products will be exhibiting their tried and tested all-weather tee-ing-off platform. The mat provides excellent economies for golf club management and greenkeepers alike, with the solid GRC base, and the low cost replaceable artificial grass sections. Due to an extremely successful first year, Pro-Tee Products are currently able to deliver, free of charge, demonstration units to all clubs who would like to try the revolutionary Pro-Tee mat. For further details please see the sales staff on the stand, or contact Pro-Tee Products at the above address.

RANSONS SIMS & JEFFERIES LTD
- Stand No. A30
Ransomes Way, Ipswich, Suffolk IP3 9QG
Tel: 0473-270000 Fax: 0473-270032
Contact: Richard Bishop

Ransoms' position as a world leader in the production of grass cutting and turf maintenance machinery will be illustrated at the exhibition where the company will be showing a range of machines for the golf course market including aerators, greens and fairway mowers. Launched at the exhibition is the Fairway 300, a new high performance 5 unit ride-on fairway mower designed to cope with world grass growth conditions. The Fairway 300 features include 4 wheel drive providing exceptional traction, excellent fuel economy, low exhaust and noise levels. Hydraulically driven 26 inch wide cutting units provide a cutting width of 114 inches. The GreenSpro 56, a highly sophisticated machine designed...
for the precision cutting of fine turf will be alongside the Greens Triple Classic which offers high standards of finish with precise hand operated hydraulic controls and a choice of cutting units. Also on show will be a three wheel diesel Cushman Turf Truckster. The multi-purpose system vehicle available with a range of attachments for all aspects of turf care will be shown with the Vicon Spreader.

REASEHEATH COLLEGE - Stand No. C25
Reaseheath, Nantwich, Cheshire CW5 6DF
Tel: 0270-625131 Fax: 0270-625665
Contact: Dennis Mortram
Reaseheath College is the only centre approved by the Greenkeepers Training Committee for greenkeeper training in the North West and Midlands. The college has an excellent reputation and outstanding facilities which include a 9-hole golf course affiliated to the English Golf Union and operated on a commercial basis, providing students with valuable practical experience. Courses offered include a three year full-time HNC in Golf Course Management, and part-time courses in Greenkeeping at craft level to NVQ 1 and 2, and Management level to Phases 3 and 4, as well as NEBSM. In addition Reaseheath offers a Greenkeeping Machinery Maintenance course designed to assist practising greenkeepers or people employed in ground maintenance work.

RHÔNE-POULENC ENVIRONMENTAL PRODUCTS - Stand No. A7
Regent House, Hubert Road, Brentwood, Essex CM14 4TZ
Tel: 0277-261414 Fax: 0277-264072
Contact: N. Price
Rhône-Poulenc has built its reputation on supplying greenkeepers with the highest quality purpose grown turf, all year round and in any quantity. Turf is supplied either in square yards or in the new 25 sq yd rolls. As a special service, laying equipment is offered free of charge for customers to lay the large rolls themselves, in a shorter time and at a greatly reduced cost. If you want turf of consistent quality, or need advice on what turf to use, visit the stand at BTME, or contact head office or one of Rolawn's own local turf depots.

ROLAWN (TURF GROWERS) LTD - Stand A27
Elvington, York, North Yorkshire Y04 5AR
Tel: 0904-608661 Fax: 0904-608272
Contact: Terry Ryan
Rolawn is the largest turf grower in Europe and has built its reputation on supplying greenkeepers with the highest quality purpose grown turf, all year round and in any quantity. Turf is supplied either in square yards or in the new 25 sq yd rolls. As a special service, laying equipment is offered free of charge for customers to lay the large rolls themselves, in a shorter time and at a greatly reduced cost. If you want turf of consistent quality, or need advice on what turf to use, visit the stand at BTME, or contact head office or one of Rolawn's own local turf depots.

SPORTS GROUND IRRIGATION - Stand No. A9
6 Stuart Road, Market Harborough, Leics LE16 9PQ
Tel: 0858-463153 Fax: 0858-410085
Contact: Mike Walker
Sports Ground Irrigation Co. will be showing for the first time at BTME, their remote control irrigation system - this enables the greenkeeper to operate each valve manually without opening the valve box. The system uses a hand-held transmitter and smart decoders developed specially for the CIC range of decoders and is probably the easiest golf course controller to programme. Also on display will be the full range of “Hunter” gear driven sprinklers, including the “Hunter” golf range for which Sports Ground Irrigation are the UK distributors.

RUFFORD TOPDRESS SUPPLIES LTD - Stand No. A39
Acton Grange Quarry, Birchwood Lane, Moore, Warrington, Cheshire WA4 6XE
Tel: 0925-323476 Fax: 0925-574004
Contact: Peter Jefford
Rufford Topdress Supplies Ltd are leaders in the field of supplying golf courses and sportsgrounds throughout the UK with a superior range of top dressings and construction rootzone mixes. New for the show will be Super 1742 topdressing, Bunker 17 Sand, Divot mix, Budget topdress and top dressing covers. All Rufford products are produced from their own quarries. Working closely with prominent soil scientists and agronomists has enabled Rufford to set very high standards within the industry. A warm welcome awaits old and new customers.

SISIS EQUIPMENT (MACCLESFIELD) LTD - Stand No. B1
Hulley Road, Hurdsfield, Macclesfield, Cheshire SK10 2LZ
Tel: 0625-353030 Fax: 0625-427426
Contact: Mrs I. Hilton
The SISIS Trugreen is a multi-purpose system for all fine turf surfaces. Use of the Trugreen allows a higher cut, increasing pace with less stress on the turf. This ride-on unit has twin split rollers, one on each side of the machine, both driven by a hydraulic motor axle from an 8.5hp vertical shaft engine. This provides a smooth forward/reverse traverse with a variable speed control. When used in conjunction with a third roller attachment levelling is achieved by the over-riding effect on slight hollows; the level surface being firmly rolled, whilst low areas are left. Other optional, interchangeable attachments include spiker-slit, terr; brush, rake; Rolaspire, roller and transport trailer.

STA-BRITE SUPPLIES LTD - Stand No. A6
Unit 7 Bessmer Park, Bessmer Road, Basingstoke, Hants RG21 3NB
Tel: 0256-811811 Fax: 0256-811078
Contact: Dan Haas/Mike Fabb
Sta-Brite will be showing details of their Hi-FLIERS grass seed mixes, most of which have been upgraded to include more of the cultivars rated highly by the STRI in their latest listing. The STA-GREEN and SCHWEIZER ranges of sports turf fertilisers will be on show as will a new wetting agent. You can also get a sneak preview of their new catalogue and price guide. Published annually in February this is one of the few priced catalogues available that gives brief user-friendly product information together with prices for a very wide range of consumable turf care products and golf equipment.

SUPATURF PRODUCTS LTD - Stand No. A5
Amenity House, 2 Maizefield, Hinckley Fields Industrial Estate, Hinckley, Leicestershire LE10 1YF
SUPREME MOWING – Stand No. A32
Wet Moor Lane, Wath-upon-Dearne, Rotherham, South Yorkshire S63 7LR
Tel: 0709-873436 Fax: 0709-878005
Contact: Linda Adams
Supreme Mowing will display the Supreme grinding system – a machine to suit all requirements and offering upgrading options as required. The Supreme system offers a machine capable of sharpening both cylinders and bottom blades with equal efficiency and precision. Cylinders can be sharpened in situ or out of frame. Why take up precious working area with two machines when one can offer all options? Also on display will be our range of high quality replacement cylinders and blades to suit all machines. Supreme has it all.

T & G TURF IRRIGATION SERVICES
– Stand No. B20
8 Whitcliffe Grove, Ripon, North Yorkshire HG4 2JW
Tel: 0765-602941 Contact: N Glover
Once again we are pleased to join with Waterma-tion on stand B20 where we will be happy to dis-cuss your irrigation requirements. On display will be many of the sprinklers on the market together with new models for your inspection. We look forward to meeting old and new customers.

TACIT – Stand No. B2
48 Hillmorton Road, Rugby,
Tel: 0926-529941 Fax: 0926-537485
Contact: Richard Webb
TACIT renowned for the quality of their golf course accessories will be exhibiting several new products, of which will be the Refined Lazer hole-cutter, the one piece construction ball washer, with post and litter basket, the telescopic switch with large grips for those cold winter mornings, and their new design swivel flagpoles with anti wear bung and holocups as well as their granite style yardage plinths.

TERRAZZO 2000 – Stand No. B43
82-90 Priory Road, Kenilworth, Warks
Tel: 0926-529941 Fax: 0926-529941
Contact: R Simmons
The Terrazzo 2000 Tee Marker is durable in the extreme with all colouring, logo work and letter-ing cast into the marble block. The top of the range model shows a full hole layout of each of the holes found at your course detailing greens, bunkers etc. We also produce other models showing hole number and yardages only.

Terrazzo marble is of unequalled prestige and yet the sheer weight of the product is a great 'anti-vandal' feature. The weathering properties and frost resistance of terrazzo is time proven. For our brochure ring (0926) 851081.

CUTS, COLLECTS, CLIMBS, CARRIES, PULLS AND LEAVES OTHER 'RIDE-ONS' STANDING

The Allen Mustang is a go-anywhere, rugged 42 inch ride-on rotary mower. It is especially suited to bunk mowing having a low centre of gravity and wide, low pressure flotation tyres with hydrostatic drive. The Mustang is purpose made to cope with all manner of garden duties, whilst offering the operator a totally safe, effortless and practical way to 'tour the land'. Powered by a Briggs & Stratton Vanguard 16hp twin 4-stroke engine, other features include a differential lock and electric lift to cutter deck for precise, easy operation. The adjustment for height of cut can be set to any height between 5/8" (2cm) and 4" (10cm) at the touch of a button. A powered collection system is also available.

TILDENET LTD - Stand No. C21A
Longbrook House, Ashton Vale Road, Bristol BS3 2HA
Tel: 0272-669684 Fax: 0272-231251
Contact: Paul Drew or Lawrence Green
Tildenet will be exhibiting their revolutionary germination material, which also helps to protect the greens from frost and snow. In addition to the wide variety of perimeter ball stop and soil support netting, new products on display include golf target nets and a new material which stops golf balls from plugging on driving ranges.

TILLERS TURF/TILLERS FIBRETURF - Stand No. C4
Castlethorpe, Brigg, South Humberside DN20 9LG
Tel: 0652-650555 Fax: 0652-650064
Contact: Tim Fell
“The best turf we've ever had” is the reaction from most of our customers - greenkeepers and architects, landscapers and contractors. Come and see it for yourself on the Tillers stand. If you agree that healthy roots are the key to a high quality, hard-wearing sward, come and talk to us about Fibreturf reinforced rootzone. By reducing compaction and keeping the soil pores and channels open, the surface of the Fibreturf tees and pathways stays greener, firmer and dryer. And with far less annual maintenance, your budget will go further too.

TURFACTANT SALES - Stand No. C7
The Hollies, Pebmarsh Road, Twinstead, Sudbury, Suffolk COlO 7ND
Tel: 0787-269292
Contact: Edward Clarkson
In the past two years Turf-Actant has made a significant impact on the wetting agent market. Manufactured in the UK and sold direct to Greenkeepers and Turf Managers, Turf-Actant is a high quality wetting agent available at the lowest price of any comparable product.

Clients throughout the country confirm that both their budgets and their sports turf have benefited from the regular use of Turf-Actant in 1992 and we are certain that many more will enjoy the same benefits in 1993. We hope you will be amongst them, please come and see us!

Tel: 0895-834411 Fax: 0895-834892
Contact: Allan Moffat
Turf Management Systems welcome you to our stand to discuss the advantages of the unique pre-germinated grass seed and Liquid Sod process. Also all the associated products such as the slow release fertilisers in the form of Nutralene, Nitroform, and Sulphur Coated Ureap. These fertilisers are all non scorch and controlled release. We will also display a range of top dressings and root zone mixtures, also seed samples.

UNITED AGRI - Stand No. A21A
15 Stamford Road, Exton, Oakham, Leics LE15 8AZ
Tel: 0572-813531 Fax: 0572-813531
Contact: Ron Denby
United Super Zip Topper is available in three versions, 12" 6" cut with wheels single or dual rollers which enables it to follow ground contours and is capable of working up to 10 acres an hour. It has a very clean cut, an even spread with quick recovery. It can cut from half an inch upwards. Low horse power required. Transport width 7' 10". It has five spindles with anti-scalp discs and 15 blades. United Parks Zip Mower is available in four versions, 7' 6" cut, with easy screw adjustable side skids, single or dual rollers, or with wheels. Extremely strong. Either machine will cut in forward or reverse direction. 3 point linkage front and rear.

VITAX LTD - Stand No. A24
Owen Street, Coalville, Leicester LE67 3DE
Tel: 0530-510060 Fax: 0530-510299
Contact: Trevor Holmes
Vitax Gro-Cover, a clear micro-perforated polythene germination fabric with unique funnel shaped perforations, was originally launched at the BIGGA show in 1991. Since that time it has established itself as a brand leader in the sport amenity market. Vitax invite you to come along to their stand to see how they have improved their product still further with a simple innovative product adaption. This product will be featured alongside the full Vitax sport amenity product range, including Ultraflo, the concentrated long term wetting agent and the well established range of Vitax Key amenity fertilisers.

WARWICKSHIRE COLLEGE - Stand No. C22
Moreton Morrell, Warwick CV35 9BL
Tel: 0926-651367 Fax: 0926-651190
Contact: Peter Smith
Warrickshire College has a long tradition of quality courses for greenkeepers and grounds crews. The college is the GTC approved centre for greenkeeper training in the Midlands. A four year NVQ/City & Guilds programme is offered on both day or block release which provides the technical and management expertise that modern-day greenkeeping and sports turf management demands. The college also offers a wide range of shorter courses in turf related areas including soft and hard landscape, chainsaw operation and FEPA pesticide treatment. Further details are provided in our Course Directory, obtainable from our stand or by contacting the college.

WATERMATION SPRINKLER AND CONTROLS LTD - Stand B20
Tongham Road, Aldershot, Hants GU12 4AA
Tel: 0252-336838 Fax: 0252-336808
Contact: Eileen Hawthorn
Watermation will once again be sharing a stand with their distributor and installer in the north of England, T & G Turf Irrigation of Ripon, North Yorkshire. On show will be their new Golf Rotor Sprinklers (GR range) which went into production in October '92 after lengthy testing both in the Watermation indoor testing station and also on site. There are now three models in the range, GR1 for tees and small greens, GR2 for greens and GR3 for approaches and fairways. They incorporate many new features such as anti flood valve and a new cirlcip fixing for the guide plate for simple maintenance. They have also been designed with a flange plate enclosing the lid for prevention of damage by mowers and to improve stability in the ground. Watermation are also showing three models in the popular TW2 controller range, the economy 1 zone TW2, the standard 4 zone TW2-4 and the new PC range TW2-PC.

WIEDENMANN (UK) LTD - Stand No. A36
Stoneybrae, Potterhill, Paisley PA2 7TG
Tel: 041-884-2352 Fax: 041-884-6252
For the third time Wiedenmann will be exhibiting its range of turf maintenance equipment including Terra-Spikes - tractor mounted, deep aeration spiking machines – which are proving tremendously successful with sportsgrounds, golf clubs and contractors. Terra-Spikes range in operating widths of 1.35 to 2.10 m and depths of 30-40 cm with power requirements of 30-40 hp. Other equipment from Wiedenmann GmbH, West German manufacturers, includes Green Pluggers, Leaf Loaders and Seeders. A network of distributors has been set up nationwide and demonstrations of any item of equipment can be arranged by appointment. Also on show the Company will unveil its latest item of grounds maintenance equipment which should prove of particular interest to greenkeepers.

Harrogate is getting a face-lift... or to be more specific, the great hall in which BTME is staged is in the final throes of a magnificent refurbishment, all of which will be ready in good time for our great exhibition. Not content with lavishing attention on the main structure and fabric of the building, the brand spanking new hospitality suite is nearing completion and this also will be ready in good time for BTME '93 - I'm told it will be a great place to entertain important clients - we'll be sure to look out for you!
