17-21 January 1994 at the Harrogate International Centre, Harrogate, North Yorkshire

The BIGGA Turf Management Exhibition is open from 9am on all three days. It closes at 5.30pm on Wednesday and Thursday and 1.30pm on Friday.

Entry to the Exhibition is free but unless you have pre-registered, you will need to complete a registration card. Visitors who have pre-registered will be handed their identification badges at the door.

Organisers' Press office is on the left hand side of the entrance hall.

Workshop sessions will be held in the Old Swan Hotel whilst the general seminar programme, running concurrently with the Exhibition, will be held in the Royal Hall – entrance from Hall C.

Welcome to a packed programme of events

Monday and Tuesday, 17-18 January 1994

Two-Day Educational Workshops
10.00 hrs - 12.30 hrs : 14.00 hrs - 16.30 hrs
THE OLD SWAN HOTEL, HARROGATE

Workshop 1
GRASSES ON GOLF COURSES
Course Tutors: John Hacker and David Stansfield, Professional Sportsturf Design (NorthWest) Ltd.

Workshop 2
HEALTH AND SAFETY
Course Tutor: Jon Allbutt

Workshop 3
FORMULATING, IMPLEMENTING AND MONITORING A GOLF COURSE POLICY DOCUMENT
Course Tutors: Jeff Perris, Sports Turf Research Institute; Arthur King and Edward McCabe, Course Manager, Brokenhurst Manor Golf Club.

Workshop 4
BRIDGING THE GAP
Course Tutors: Dennis Mortram and Tony Gentili, Reaseheath College.

Wednesday, 19 January 1994

THE ROYAL HALL, HARROGATE
10.30am
Opening ceremony and presentation of Industry and Education awards by the Rt Hon the Lord Griffiths, M.C., with BIGGA President, Viscount Whitelaw.

Followed by launch of "Keeper of the Green" video.

Seminar Programme Session A – Royal Hall
1.40 – 2.10pm
EDUCATION - WHERE DO WE GO FROM HERE?
Huw Parry, BIGGA Education Chairman and Course Manager, Bristol and Clifton Golf Club.

HOW TO GET YOUR OWN WAY AT WORK... EVERY TIME
A vigorous and challenging introduction to the art of influence and persuasion – Frank Newberry, Management Consultant.

3.20 – 3.50pm
GROWING IN PHILOSOPHIES ON A NEW GOLF COURSE
Terry Buchen, Superintendent, Double Eagle Golf Club, Galena, Ohio

3.50 – 4.20pm
TROLLIES – DO THEY REALLY DAMAGE OUR GOLF COURSES?
Andrew Boyd, Head Greenkeeper, Bridlington Golf Club

BIGGA ANNUAL GENERAL MEETING
5.15pm at the Old Swan Hotel. Membership cards must be produced.

QUIZ NIGHT
9.30pm at the Old Swan Hotel.

Thursday, 20 January 1994

Seminar Programme Session B – Royal Hall
9.30 – 10.00am
THE GREENKEEPER AND THE RULES OF GOLF
Peter Greenhough, Brough Golf Club

10.00 – 10.30am
TEAMBUILDING
Derek Keen, Area Golf Course Manager, Tudor Park Hotel Golf & Country Club

11.10 – 11.40am
PROS AND CONS OF BENTGRASS
David Duke, Deputy Course Manager, Wisley Golf Club

11.40 – 12.10pm
THE HISTORY OF GOLF AND GREENKEEPING
Ian MacMillan, Course Manager, Balbirnie Park Golf Club

SECOND EUROPEAN FORUM
12–2pm at the Old Swan Hotel, Aimed at ascertaining the needs of greenkeepers throughout Europe. Speakers include Tommy Lindelof from Sweden, Tor Senstad from Norway and Frederick ten Hage from Holland.

Institute of Agricultural Engineers – Amenity & Ecological Engineering Group Meeting
2–5pm at The George Hotel. “Golf course engineering – from green field to fine turf.” Free admission to BTME delegates on production of registration badges.

Seminar Programme Session C – Royal Hall
1.40 – 2.10pm
INITIATION OF THE INNOCENT
Jane Leyland, Reaseheath College

2.10 – 2.40pm
STANDARDS FOR GOLF GREENS
Tim Lodge, B.Sc., Sports Turf Research Institute

3.20 – 3.50pm
LET’S PUT A POND IN
Mike Sheehan, Golf Course Manager, Mere Golf & Country Club

3.50 – 4.20pm
LIGHT AT THE END OF THE TUNNEL
Terry Smith, Course Manager, Teeside Golf Club

EXHIBITION BANQUET
and cabaret from ‘West End Nights’, Old Swan Hotel.

Friday, 21 January 1994

Seminar Programme Session D – Royal Hall
10.00 – 10.30am
IS THE GRASS REALLY GREENER IN EUROPE?
Nicholas Davies, Course Manager, Schloss Schwobber

10.30 – 11.00am
ORDNANCE SURVEY – MORE THAN COARSE MAPS
Peter Dickens, Chief Surveyor, Ordnance Survey Office

11.00 – 11.30am
EARTHWORM CONTROL
Stuart Ormondroyd, B.Sc., Sports Turf Research Institute.
FROM THE CHAIRMAN

The 1994 BTME is even bigger than the record-breaking 1993 event. Almost a year's worth of work by many people has made it possible for me to make that simple statement and whilst the BTME has certainly caught the imagination of exhibitors and delegates, let no-one assume that the show's organisation happened by itself.

As we look forward to a great week in Harrogate, I want to pay tribute to everyone in BIGGA, especially Louise Lunn, for sterling efforts in achieving what many thought would be impossible - to create a show of even more industry importance than in 1993. Thanks also to the BTME Steering Committee, staff, Board of Management, Regional Administrators, Section Secretaries, everyone in the industry and all the members - thank you for working together to build a brighter future for us all.

New for 1994 is the inclusion of BIGGA's annual general meeting, at 5.15pm on Wednesday 19 January at the Old Swan Hotel, which hopefully will allow more members to participate and make some constructive input. The move to using BTME as a suitable venue for the AGM is specifically designed to gain wider response from a wider spectrum of members. Don't forget, you will need your membership card to gain admission.

The BTME is an occasion to meet up with old friends, make new ones and enjoy a camaraderie unique to our profession and our industry. Exhibitors - as you will read in the following pages - have lined up an almost overwhelming display of equipment and services. Speakers in the seminar programme come from different backgrounds of experience, indeed from different countries, but have come together with the common aim of enriching your job and your life.

Enjoy yourself!

JOHN CRAWFORD, Chairman, BIGGA
SPEAKER PROFILES

Frank Newberry is a lively and popular trainer with clients all over the UK. He combines down-to-earth knowledge and experience with great energy to provide stimulating and practical presentations.

Frank’s talk is about the art of influence and persuasion at work. This topic is a sensitive and difficult one for many people and Frank has said that he is keen to quickly get the right atmosphere in the conference room. He has requested that the doors be closed at 2.10pm sharp on Wednesday and that there be no late admittance or re-entry to the conference hall until he ends his presentation.

How to get your own way at work... every time by Frank Newberry is presented at 2.10pm, Wednesday 19 January in the Royal Hall.

John Hacker and David Stansfield combine their talents and experience to present Grasses on the golf course, in the two-day educational workshops.

John Hacker is a consultant agronomist with Professional Sportsturf Design (North West) Ltd. Prior to going into full-time consultancy work, John was senior lecturer at Myerscough College where he developed the National Diploma in Turf Science and Sports Ground Management. For three years he was examiner for the City & Guilds Phase II Greenkeeping and Sport Ground Management Course.

David Stansfield has been a golf course agronomist since 1978. For many years David was a senior agronomist with the Sports Turf Research Institute and acted as consultant agronomist to the R&A championship courses in England on their behalf.

Grasses on golf courses by John Hacker and David Stansfield, Workshop One, Monday-Tuesday, 17–18 January at the Old Swan Hotel.

With 24 years as a head greenkeeper and an ambition to achieve the Master Greenkeeper status, Ian MacMillan is an ideal candidate to present The History of Golf and Greenkeeping.

The course manager at Balbirnie Park Golf Club started his greenkeeping experience when as a junior member of Cambuslang Golf Club in Glasgow, he was more often to be found helping the greenstaff than playing golf. Ian’s been with Balbirnie Park, in Fife, for over ten years and appreciates their support in his quest for knowledge. “Education plays an important part in my life,” he says. Ian spent five years at Elmwood College and is now back there in the second year of a HNC in golf course management – a qualification he hopes will lead to HND.

The History of Golf and Greenkeeping by Ian MacMillan is presented at 11.40am, Thursday 20 January in the Royal Hall.

Huw Parry has been a member of the BIGGA Education Sub-Committee for three years and Chairman for the past two years.

Huw has been course manager at Bristol and Clifton Golf Club for three years. Previously he was course manager at Caerphilly Golf Club.

As Chairman of BIGGA’s Education Sub-Committee, Huw has close involvement with college liaison committees and is a member of the Working Group that has written the new GTC Training Manual.

Education has always been a major part of Huw’s involvement with BIGGA and his aim is to create excellence in greenkeeping and golf course management through education and training.

Education – where do we go from here? by Huw Parry is presented at 1.40pm, Wednesday 19 January in the Royal Hall.

Stuart Ormondroyd joined the STRI staff as an agronomist in 1982. His advisory work has involved all sports in the regions of Scotland, Wales and the north of England until 1986, when he joined the newly formed golf unit.

For the last seven years Stuart has specialised in advising golf courses in the north of England, the Midlands and Ireland.

Earthworm control by Stuart Ormondroyd is presented at 11am, Friday 21 January at the Royal Hall.

SPEAKER PROFILES

Jayne Leyland’s presentation, Initiation of the Innocent is designed to reflect the experiences felt — and sometimes endured — by those people new to the industry. Thirty four year old Jayne turned greenkeeping when it seemed logical to her to combine her two passions of sport and horticulture. She gained a distinction with her National Certificate in Horticulture at Reaseheath College 1992/93. The subject matter of Jayne’s paper is an introduction to the first year of studies for the new BTEC Higher National Diploma in Golf Course Management held at Reaseheath College in Cheshire. Content will include brief details of the relevant theoretical and practical subject areas covered, together with other experiences encountered during the first year — for example, a very rewarding study tour to Scotland.

Initiation of the Innocent by Jayne Leyland is presented at 1.40pm, Thursday 20 January in the Royal Hall.

The people Terry Buchen, golf course superintendent from Ohio, has worked with make up a veritable who’s who in golf. Terry — who collects his Master Greenkeeper Certificate at this year’s BTME — has grown 11 golf courses across the United States alongside Jack Nicklaus, Tom Weiskopf and Jay Morrish, Tom Fazio, Pete Dye and Ted Robinson. Terry comes from a family of golf course professionals is a former PGA Tour agronomist and advance-man on the regular US Tour. He will speak in Harrogate on growing in philosophies on a new golf course. Forty six year old Terry is also a contributing editor to an American golf course news magazine and writes a column ‘the savvy superintendent’.

Growing in Philosophies on a New Golf Course by Terry Buchen MGC is presented at 3.20pm, Wednesday 19 January in the Royal Hall.

Mike Sheehan has been in greenkeeping for 22 years. He spent a short time as an assistant professional before returning to greenkeeping.

Mike started his career at Childwall Golf Club in Liverpool before being promoted to deputy head greenkeeper at the age of 21. At 23, he left Childwall to become head greenkeeper at West Derby Golf Club in Liverpool, where he spent four years at this beautiful parkland course.

In April 1983 Mike then moved to Mere Golf and Country Club working for Hawtstone Park Hotel Group as golf course manager. In January 1984 Mere was bought by entrepreneur Stephen Boler and since then there have been many major developments at Mere both on and off the course. Mike has been involved in all the changes, which have all been carried out in house, including tee and green construction and pond construction.

Let’s put a pond in, by Mike Sheehan is presented at 3.20pm, Thursday 20 January in the Royal Hall.

You can’t know it all, reckons Andrew Boyd, and the best way forward is to keep on learning.

Andrew will be applying his knowledge as head greenkeeper at Bridlington Golf Club to his chosen subject when he asks, “Do trolleys really damage our golf courses?”

Andrew’s love of the land started at a very early age and he went straight into greenkeeping when he left school. He moved to a firm of horticultural engineers but it wasn’t long before the lure of the golf course brought him back to where he belonged. Andrew, aged 36, is committed to his education and has attended a variety of BIGGA courses.

Trolleys — Do They Really Damage our Golf Courses? by Andrew Boyd is presented at 3.20pm, Wednesday 19 January in the Royal Hall.

Speaking in Harrogate will be something completely different from the time Peter Greenhough took to the stage in 1998: then he was lecturing in India, Singapore, Indonesia and Thailand.

Peter, a former Yorkshire County Player and member of the Royal & Ancient Rules of Golf Committee, will speak on The Greenkeeper and the Rules of Golf.

The joint managing director of an insurance group and present captain of Brough Golf Club, has a extensive knowledge of his subject for the educational seminar programme. He was guest lecturer at the Royal Canadian Golf Association Rules Seminar and Examinations in 1988 and is presently serving on the R&A’s championship committee.

The Greenkeeper and the Rules of Golf by Peter Greenhough is presented at 9.30am, Thursday 20 January in the Royal Hall.

Peter Dickens, chief surveyor with the Ordnance Survey Office, brings his experience to bear in his presentation Ordinance Survey — More than Coarse Maps. Hear Peter at 10.30am, Friday 24 January in the Royal Hall.

With a degree in botany, Tim Lodge carried out plant physiology research for two years and worked for 18 months as a botanical surveyor for the Suffolk Wildlife Trust before taking up his present post, in 1989, of golf research officer with the R&A.

After six months study of pure sand golf greens, Tim took responsibility for a research programme investigating the construction, irrigation and fertiliser nutrition of UK golf greens, funded by the R&A.

He is currently engaged in a survey of golf greens from golf clubs throughout the UK, in order to identify the range and forms of greens encountered and to establish standards of performance.

Standards for golf greens by Tim Lodge is presented at 2.10pm, Thursday 20 January at the Royal Hall.

Peter Dickens, chief surveyor with the Ordnance Survey Office, brings his experience to bear in his presentation Ordinance Survey — More than Coarse Maps. Hear Peter at 10.30am, Friday 24 January in the Royal Hall.

GUIDE TO EXHIBITORS

ADAS
Contact: Chris Stansfield
Tel: 0623 847424
Fax: 0623 847424

ADAS offers a comprehensive consultancy service for the management of golf courses and other sports turf facilities. At BTME this year we will be featuring the ADAS Golf Course Management Scheme, the objectives of which are:
(i) to place golf course maintenance on a sound scientific basis;
(ii) to give complete technical support to greenkeepers;
(iii) to provide full information for decision making;
(iv) to maximise golfer satisfaction with the course.
Membership of the scheme is open to all golf courses in the UK. A vital component is the ADAS Greenkeeper's Record Book. Greenkeepers also have a direct link to an agronomist for help and advice through the ADAS Turfline.

AGRILAND LTD
Contact: Roger West/Lawrence Linehan
Tel: 0202 532291
Fax: 0202 535224

AGRILAND LTD will be featuring the latest in amenity liquids and will be able to provide full information on our product range to make your grass look its best. In addition, we will be offering this year our new liquid weedkiller TradeMark, which is a ready to use product and is easy to use.

ALLEN POWER EQUIPMENT LTD
Stand No. A47
Contact: Peter Fell
Tel: 0235 81155
Fax: 0235 811491

ALLEN POWER EQUIPMENT LTD will be showing the renowned Allen Machine and the range of professional Walkover Sprayers. In addition to this we will be showing the range of professional walkover mowers, including the popular Allen National 68 Triple Mower, a firm favourite with many UK clubs, plus the unique Reciprocator Brushcutter, Allen Petrol Hover Mowers, including the Suzuki Powered Machine and the range of professional Walkover Sprayers. Also on show will be the Allen Mustang Tractor, a 16HP ATV styled machine that can be fitted with a 42" Rotary Mower deck for mowing on steep banks or soft ground, wherever one needs our fleet. Allen Professional Brushcutter range will also be exhibited.

AMAZONE LTD
Contact: Carl Crome
Tel: 0734 510033
Fax: 0734 510044

AMAZONE LTD will be bringing to BTME for the first time a complete range of specialist products for the greenkeeper from around the world. From the United States: Green Lawnger, turf colourant; Tank Cleaner, specialist pesticide tank cleaner; Hydraulic Oily Dye, for early identification of oil spills; Lake Colourant, for blue water in your ponds. From Canada: Bayco Golf equipment. From the UK: Scuttle, Rabbit and Deer repellent; Go Green, unique liquid iron plus wetting agent from the makers of Turfex; Saltex, non salt de-icer that will not harm turf from the makers of Turfex; Saltex, non salt de-icer that will not harm turf from the makers of Turfex. Also brand new from the US will be the Definite kit for spill containment, from Canada: Scuttle, Rabbit and Deer repellent. From the United States: Green Lawnger, turf colourant; Tank Cleaner, specialist pesticide tank cleaner; Hydraulic Oily Dye, for early identification of oil spills; Lake Colourant, for blue water in your ponds. From Canada: Bayco Golf equipment. ANNUAL GUIDE TO EXHIBITORS continues on Pages 30-46

Our Professional Series Ball Washer is an innovation on the competition! Made from high grade space age plastic casing and superior construction, its easy crank design and super ball cleaning action, it is able to wash up to four balls at a time. The Pro Washer can be mounted on our Tripod Ball Washer Stand, or attached to any 2-3/8" O.D. Post. Available at £112.02 each

Our Economy Rake is priced so low, you can order several for each bunker! The full-size 15" head is made from high-impact, moulded plastic, and the 4' bright yellow handle is available in wood or long lasting fibreglass. NB: we no longer fit spikes as standard.

See us on Stand B44 at BTME
the range diesel, 4x4 transporters give many low cost applications giving wide track stability for hillside work, Several models form the wide range of tractors and power transport facilities. All Antonio Carraro tractors and transporters have low ground pressure features which allow damage free travel on golf greens. 

AQAPLAST IRRIGATION
Stand No. B27
109 Chapel Road, Hesketh Bank, Preston, Lancashire PR4 6RU
Tel: 0772 813571 Fax: 0772 815885
Contact: Wendy Penny
Aquaplast’s manufacturing partners Revolo b.v. produce highly competitively priced PE pipes for irrigation systems. Offering both a 6 bar and 10 bar range from 20mm to 110mm the pipe you want is available with quick dispatch direct to site. Aquaplast irrigation offer complete systems which are powerful yet friendly and each is designed to meet a customer’s own specific irrigation requirements. Our installation teams are fully equipped and experienced to install to your instructions. Aquaplast can offer installation flexibility with either partial or total schemes. Experience in all aspects of applied water control and exposure to the latest technology – control panels, sprinkler heads, pumps and ancillary equipment – allows us to give our customers the most effective irrigation systems available today. Quickly responding to customer calls and providing fast service keeps them coming back. For more information on these and other courses come and chat to us on Stand C28.

ATTERTON & ELLIS LIMITED
Stand No. A8
Iron Works, Hamlet Road, Haverhill, Suffolk CB9 8QJ
Tel: 0440 702312 Fax: 0440 712138
Contact: David Smith
For over 100 years, Atterton & Ellis have led the field with their innovative range of grinding machines. On stand no. A8 will be the market leading Express Dual, the perfected answer for those who wish to sharpen both ‘in-situ’, that is with the cylinder still in the cutting unit and sharpen just as efficiently with the cylinder removed. The ‘Professional’ model will be shown which allows the operator to grind an increased size range of cutting units and has become the standard for precision grinders in the industry today. Bottom blades have to be sharpened separately and the Anglemaster provides the precision solution. The Deluxe model will be shown which features a power traverse facility.

BAILEYS OF NORFOLK
Stand No. A44
PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW
Tel: 0359 70766 Fax: 0359 71021
Contact: Michel Mulder
Michel Mulder, newly appointed managing director of Barenbrug UK, will display the company’s vast array of seeds for fine turfgrasses on Stand A44. Greenkeepers are invited to discuss the future of the fleece, an area where Barenbrug revolutionised seed breeding for golf course requirements. Michel considers that fescues have been maligned due to incorrect selection, often on price. Barenbrug’s programme tests new varieties under stress of drought, low fertility etc., mirroring the greenkeeper’s problems. The resulting varieties dominate the STRI lists. Barcrown, Bargreen, Bargardot and Heriot – amongst the most highly rated cultivars for fine turf – are found in Barenbrug’s BAR 2, the most widely used golf mixture. Also on display will be Barenbrug’s latest sensation. Heriot, a new agronomic turf cultivar with up to 60% improvement in compactness and disease resistance, compared with A.castellana Highland. Heriot is the highest rating Brown-top bent with a massive 7.1 for short growth and 7.7 for shoot density.
the Victa range. For the 1994 season, we have two new professional models with the new PROD00 which is an 18" steel deck mower which comes complete with grass box at 90 degree diagonal chute and we have introduced the Victa Vac 200, a 27° wide leaf and rubber collector. Both of these machines are powered by the ever popular Victa 160cc power torque engine. Also new for the 1994 season is the extension to the warranty period on all professional machines which goes from 90 days to a full 12 month period for forwarding to you the complete Victa range in Hall C.

BETTER METHODS – EUROPE

Stand No. A37
Brantwood House, Kimberley Road, Parkstone, Poole, Dorset BH14 8SQ
Tel: 0202 740142 Fax: 0202 722300
Contact: Richard Homer
Better Methods are showing some of their range of hand tools for turf care. Included are firm favourites such as the Turfmaster golf hole cutter, Levelawns, Turf Doctors, Soil Profilers, TURCOO rakes, Brayseed slotters and many more. Also on display is a selection of golf course accessories from American Eagle products, plus the official USGA Stimpeter for which we are the sole UK distributors. Shown at Harrogate for the first time is a new polymer plastic chain and posts available in several colours at really economical prices. Visit Stand A37 and collect a copy of our catalogue.

BIGGA (NORTHERN REGION)

Stand No. C21B
Kenwood, Parkside, Madeley, Nr Crewe, Cheshire CW3 9JR
Tel: 0782 7581581 Mobile: 0561 235544
Contact: Bob Lupton (Region Administrator)
Northern regional events include seminars, golf, and social meetings.

BLAZON EUROPE

Stand No. B23
c/o Tungsten Links Associates, 24 Badgers Court, Langdon Hills, Basildon, Essex SS16 6AU
Tel: 0268 413798 Fax: 0268 416434
Contact: Richard Fry
Blazon Europe are on stand C4 showing spray pattern indicator selected for use in the BIGGA turf management training video “Setting the Standard”. Blazon is not like any other spray coloutrant and has totally different chemistry to those dyes so often described as ‘ink’. It has also the only spray pattern indicator that is available in both liquid form measured from its container and as a pre-measured liquid concentrate enclosed within a water soluble sachet. All visitors to the stand will have the opportunity to win one of the 25 free BIGGA training videos being given away each day of the Exhibition. In addition golf greenkeepers can hear how they can win for their club a brand new item of machinery which will be launched at the Exhibition.

BLEC LTD

Stand No. B29
73 River Aides, Deeping Gate, Peterborough PE6 9AR
Tel: 0778 342829 Fax: 0778 341098
Contact: Gary Mummy
BLEC supply a comprehensive range of golf course construction and turfcare machinery including, multiauger stoneburiers, stonepickers, stonecutters, seeding machines, overseeding machines, fertiliser and top dressing equipment, some of which will be exhibited at the show.

BOB ANDREWS LTD

Stand No. B14
1 Bilton Industrial Estate, Loveplace Road, Braintree, Essex CM77 8YJ
Tel: 0344 862111 Fax: 0344 861345
Contact: Ian Lobb
Bob Andrews Ltd will display the latest diesel powered, zero turn Walker mower, the Lawn Genie, tractor mounted, hill pick-up mower, Turf-Doctor scarifier, the Cyclone range of fertiliser and seed spreaders, bunker rakes and Billy Goat – Britain’s No.1 outdoor vacuum, truck-loaders and blowers.

BRACKENDURST COLLEGE

Southwell, Nottinghamshire NG25 0QF

Contact: Lisa J Pierson
The company has been responsible for the construction or alteration of over 200 golf courses including alterations at most of the Open championship venues. We have invested heavily in both specialist construction equipment and the latest in computer technology to enable us to maintain our position within the industry, offering budget analysis, specifications, environmental studies, financial planning, irrigation, planning application layout, drainage, agronomy, construction programming maintenance.

For further details on the services we offer please visit us on Stand C5.

Come and say hello to

NEIL THOMAS

at the BIGGA stand on C5!

BRITISH ASSOCIATION OF GOLF COURSE CONSTRUCTORS

Stand No. A16
3 Angel Court, Dairy Yard, High Street, Market Harborough, Leics LE16 7NL
Tel: 0588 464346 Fax: 0588 434734
Contact: Tim Banks
The Association has a code of ethics with stringent qualifications, accepting green fees and membership.

BRITISH AND INTERNATIONAL GOLF GREENKEEPERS ASSOCIATION

Stand No. C15
Aldwark Manor, Aldwark, A1, York Y06 2NF
Tel: 0347 836581 Fax: 0347 838864
Contact: Neil Thomas, James Pemberton, Debbie Savage, Samantha Collins and Pauline Thompson.
Greenkeeper International: Bill Lynch, Carol Dutton and Louise Lowe.
BIGGA welcomes all visitors to Harrogate once again. The Association is delighted to be organising the event which in its sixth year shows every indication of developing into the largest indoor exhibition and educational seminar programme throughout Europe. At the BIGGA stand you will be able to obtain all current BIGGA literature and be updated on developments within the Association. Details of membership of the Association will be available and for those so wishing there will be the opportunity to complete applications whilst visiting the stand. Information will be available on the National Education Conference to be held at the University of Warwick April 8-10, 1994. The full range of BIGGA merchandise will be on sale and also details of the TRIMS computer software package will be available. Be sure to pick up your copy of ‘Greenkeeper International’ which has a circulation of over 8,500 worldwide - essential reading for greenkeepers, golf clubs and the industry. The Association’s staff look forward to meeting you on the stand where much lively and informed discussion can be assured.

BRITISH SEED HOUSES LTD

Fraser Grown Lawn Professional Ltd, are pleased to
announce the opening, in March 1994, of our new turf
nursery at Sealandy Farm, Chester, which is specifically for
the production of turf especially for the golf indus-
try. This is probably one of the most suitable sites in
Britian for turf growing – light sandy soil which gives free
draining and the correct PH. We have a reputation built on
quality, reliability and value for money.
Dealing with a family-run company like Frasers, together
with their team of experienced sales, transport and field
staff, means that our customers are always assured of per-
nal service at all times.

The ICIC Professional Products stand at BTME '94 will fea-
ture the full range of quality fertilisers and turf care chemi-
cal manufactured with the greenkeeper in mind. Displays
will feature the recent addition to the Longlife range, Mini-
Gold sulphur coated urea mini-prill, a 31% nitrogenous ferti-
liser in a slow release form with one application lasting up
to 14 weeks.

Ultra-Green' water soluble fertilisers have been an imme-
diate success with the innovative packaging and formula-
tions make application simplicity itself. Formulations are
the key to success, and nothing highlights this better than
the new improved spray dye indicator 'Turf Mark', available
as dice measured water soluble sachets for conventional
sprayers or in tablet form for knapsacks. Both products
will be featured heavily alongside ICI's established turf
products and free customer service.
Full details of the free ICI Soil Analysis Service and Easy
PestControl Container Disposal Scheme will be available
from the stand.
If that isn't enough to attract your attention, we may have
even more good news for you greenkeepers. Call on stand
B21 for a warm welcome.

MOWERS EIGE INTERNATIONAL
Stand No. C9

Station Road, Finedon, Wellingborough NN9 5WT
Tel: 0933 680674 Fax: 0933 682022
Contact: John Akers

Mowere’s new introduction for 1994 is M6M, a special blend of bents for oversowing golf greens.

The best way to improve the year round performance is to establish new plants of the ideal green species. M99 contains 25 per cent each of the three browntop bents - Seton, Tracenta and Highland – and 25 per cent of the creeping bent, Carmen, all tolerant of repeated close mowing.

John Akers, commercial director, and his golf and amenity marketing team will be on Stand C9 at BTME to tell you more about M99 and the full range of established Monsteeg M6M blends for every part of the course.

MOORE UNI DRILL LTD
Stand No. B6

Newhill House, 33 Kirk Road, Ballymoney, Co. Antrim BT41 4JG
Tel: 02656 64444 Fax: 02656 65696
Contact: Sam Moore

The Moore 1-3m Uni Drill has been designed for over seeding and overseeding with small tractors (25-50 mp). The Uni-Drill can follow ground contours accurately and plant seeds at a constant depth into its own prepared mini seedbed. It can also cut through dense grass heads and deep thatch. The Uni-Drill is a continuous slitting action and moves the soil enough to relieve surface soil compaction.

MULTI CORE AERATORS LTD

Ocmis are irrigation experts. Our aim is to promote
improved performance and better long term value to the
golf industry by providing efficient watering systems.
Built to last from the outset, a maintenance and refur-
bishment facility creating a reliable lifetime expectancy.

The designs we formulate, the products we select and the installation techniques we use provide effective individual

six BTME CATALOGUE

Our state of the art design capability extends beyond the
requirements stipulated by the BTMA regulations. Our
packaged pump stations, control panels and manifold
assemblies were all designed and manufactured by ourselves.

OTTREBINE AERATORS
Stand No. A10
6 Stuart Road, Market Harborough,
Leicestershire LE16 9PG
Tel: 0568 463153 Fax: 0568 410085
Contact: Mike Walker
We will again be showing the range of Otterbine Lake aera-
tors. This year the new Air-Flo system, for lakes and ponds
that need aeration with no surface spray, will be shown. A
small on-shore compressor drives air through weighted
pipe, and diffusers on the lake bed then release a steady
stream of bubbles to the surface.

Northern Turf are totally dedicated to the development of
a range of Pond Management systems. They are in close
talks with a number of leading authorities to meet the
rapidly changing demands of the market.

Come and say hello to

SAMAHTHA COLLINS
at the BIGGA stand at
Harrogate.

The STRI (founded in 1929) exists to raise turf standards through research, advice and education. Their advisory service employs a team of 17 agronomists providing golf clubs, sports clubs, schools and local authorities throughout the UK and Europe with technical advice on turf maintenance. They have over 30 years experience in construction management, participating in the successful...
design and construction of golf courses, soccer and rugby pitches, cricket grounds, tennis courts and bowling greens, with consultants providing an unparalleled service overseeing a project from initial conception to final conclusion. At all stages of development their scientists at Bingley headquarters can provide additional advice on soil physics, chemistry, turf pathology and ecology.

Full-time golf course architect and construction/drainage specialists using a state to the art CAD system are able to offer a first class service to golf course developers and existing golf clubs for feasibility studies through a complete golf course developments.

New and existing golf clubs can then subscribe to STRI to receive a monthly newsletter, or once yearly or quarterly visits to be experienced staff to advise on the correct management to adopt; all visits are followed by a written report providing a full maintenance programme.

STA-BRITE SUPPLIES LTD

Contact: Guy Longshaw

Symbio the past year Symbio Green Circle has been cutting fertiliser and fungicide use on many more golf clubs in Britain and Ireland. Greens are firmer and faster, are prone to disease and root damage. Turf management has not been used to beat fusarium, thatch fungus and anthracnose. Many greenkeepers are now making cost savings by using Green Circle.

At BTME this year Symbio will also be introducing a recently developed biological treatment for ‘black layer’, with successful trials backed by plant tissue analysis and photographs.

Unit 7, Millstream Trading Estate, Ringwood, Hampshire BH24 3SD
Tel: 0425 476261 Fax: 0425 472380
Contact: Peter Roberts

With water pressure at a premium, the pressures put on new or existing golf clubs to become self-sufficient especially with irrigation water, has lead to a major increase in the construction of on site reservoirs or the use of in play tanks.

Having stored water it is important to understand that it must be managed properly, as untreated water must be kept clean to prevent anaerobic decay. The Toro Aquascape range of irrigation systems, displayed by T.I.L. Irrigation Ltd., comprising of Surface Fountain Aerator, Surface or Submersible Aerator, Diffused Air and Air Stripping Systems, are designed to enhance the quality of stored water naturally – by movement, to prevent stagnation and by maintaining correct oxygen levels.

TILDENET LIMITED
Stand No. B16

United Super Zip Trimmers and Parks Mowers are a cut above the rest. There are five models available, from 3' 6", 5' 6", 8", 10" and 12" 6". They are suitable for cutting all types of grass from sportsgrounds, golf courses, polo grounds, airports, turf farms, and local bodies etc. They would have to be one of the most versatile rotary grass cutters on the market at the present time, giving a clean cut, an even spread and a quick recovery. They have been in production for 38 years and manufactured in Great Britain for the last three years with tremendous success. These machines are made either fixed or flotable and can have either wheels or rollers for different conditions. They can cut in either direction, backwards or forwards, with 3 point linkage. Power requirements are low. Demonstrations can be arranged with no obligation.
