Aldwark Manor invest in Textron

Aldwark Manor Hotel and Country Club, home of BIGGA's new... and old headquarters, has taken delivery of a new stableful of Ransomes/Textron machinery.

The investment was made by the new owner of Aldwark Manor, Newcastle-based businessman Brad Holbrook, who is keen to forge close relationships with his sitting tenants, BIGGA and the Greenkeeper's Training Committee.

"Initially I didn't know who BIGGA were but when I learned of their importance in the industry I wanted them to be here as long as I am, which is for the long run," explained Brad.

"Now that BIGGA have built their own headquarters we'll be promoting ourselves as Aldwark Manor Hotel Golf and Country Club - the home of BIGGA."

Head Greenkeeper Richard Gamble was at the heart of the decision to purchase the Ransomes machinery.

"Ransomes put a lot in so when Brad asked for my input regarding machinery there was no question in my mind it had to be Ransomes," explained Richard.

The new Ransomes-Textron machinery was supplied by Henton & Chatell of Nottingham and includes one Ransomes CT 325 compact tractor; one Ransomes CT 445 compact tractor; one Ransomes CT 333 dedicated hydrostatic tractor with cruise control; one Cushman three wheel truckster; one Ransomes Fairway 305 mower; one Ransomes Greensplex 160 Diesel; two Ransomes T-Plex 185; one three trailed Ransomes Magga gang mower and a GA30 top dresser.

A new name over the door

The Ransomes factory at Ipswich now has a new name over it. Ransomes was acquired in January by Textron, and joined with Jacobsen, Textron's American producer of golf course machinery to form Textron Turf Care and Specialty Products. The Mayor of Ipswich, Mr Hamil Clarke, unveiled a plaque to mark the decision to purchase the Ransomes machinery.

"Ransomes put a lot in so when Brad asked for my input regarding machinery there was no question in my mind it had to be Ransomes," explained Richard.

The benefit of the greenkeeper assessment programme has been highlighted again with the success of Robin Evans, an assistant at Whitby GC, who has passed his NVQ Level 2 after working closely with his assessor, Andrew Boyd, Head Greenkeeper at Bridlington GC.

Abera two year period which involved between 30 and 40 meetings between 32 year-old Robin and Andrew he received notification from the NVQ control body that he had attained level 2.

"Everyone is delighted including myself," explained Andrew.

"Robin is like a dog with three tails while his own Head Greenkeeper, Ian Lavelle's comment was that 'Robin is now a man we never knew we had' such has been the motivation and enthusiasm with which Robin now works.'

Amenity Tech on the move

The move coincides with the appointment of Amenity Technology as the exclusive European distributor of the Sustane fertiliser range and will allow better stocking capabilities of both the Sustane and the Andersons. The new address and contact numbers are Amenity Technology Products Ltd, 5 Arkwright Rd, Reading, Berks, RG2 0LU, Tel: 0118 931 1111.

Norrie Whytock Trophy goes West

The Scottish Inter Section Tournament for the Norrie Whytock Memorial Trophy was played at Leven Links GC on one of the five best days of the summer.

The five Sections had their top players out for the challenge of winning the Trophy, which was being played for the third time, and the North Section were hoping to maintain their monopoly of it.

The tournament is run with teams of four playing Stableford with the three best scores counting. However, at the end of the day two teams were locked together on 93 points and could not be separated despite various attempts so for the first time the two scores not used were taken into account.

This resulted in the West Section taking the Trophy by two points from the East Section. The difference may have been accounted for by the fact that the fourth member of the West team played all 18 holes while the fourth of the East packed in after 16 because he said he was playing badly.

Many thanks to tournament sponsors, Rhone Poulenc; organisers, McKenzie Munro, Rhone Poulenc's Scottish Area Sales Manager, Peter Boyd, and Andy O'Hara and his staff.

A tribute to Jimmy Neilson

A retirement dinner was held recently at Kingskowen Golf Club to celebrate the greenkeeping career of Jimmy Neilson, the Scottish Regional Chairman. Join us in the East of Scotland Jimmy has and always will be a legend.

Jimmy is by nature, and you might find this hard to believe, a shy person but give him a few brandies and American and he is great company.

He began his affiliation with greenkeeping at Swanston Golf Club after serving many years as an agricultural mechanic with Alexander's, local the Ford Dealer. He then made his move to Murrayfield Golf Club and spent the rest of his career there.

To mention all of the things which have made Jimmy a legend would be impossible. Jimmy was a stalwart in the old SIGGA Brigade and has been a front line soldier for greenkeepers rights and better conditions of employment. Education has always been top of Jimmy's agenda - the most important thing in making the greenkeeping profession a highly recognised and respected trade.

Jimmy has made a lot of friends on both sides of the Atlantic and in Europe in all aspects and corners of our trade.

Turfmech's Tornado

In the August edition Greenkeeper International the feature of leaf blowers and withers omitted several types of machinery, some of which are produced by Turfmech Machinery.

Among these are the Tornado Blowers, the TM5 High-lift vacuum collector and the TurfVAC TM11 vacuum collector.

The Tornado Blower is available in versions suitable for mounting on tractors or on ride-on front mowers in place of the cutter deck. It produces a 150mph blast of air to blow leaves and debris rapidly and effectively into rows.

The TM5 High-lift vacuum is a high capacity, high-tip vacuum collector for use behind smaller tractors - 53hp plus - it has a full width, 3.5 metre wide suction head with a full-width powered agitation brush and a 2.2m high unloading capability. The TurfVAC TM11 requires a tractor of 63hp plus and has a load volume of 11,000 litres. Trailered and powered, it offers a choice of 2m, 2.2m and 2.3 m wide suction heads.

Celtic Manor hosts new Welsh event

The first of playing of a new competition for the South Wales Section took place at Celtic Manor on August 27.

Club teams, comprising Course Manager, Head Greenkeeper, Club Captain, Club Secretary and Chairman of Green, played for prizes, donated by Scotts, with the winning club enjoying the sweet smell of success thanks to a torque of 1,000 foor pound. Played out in tremendous weather the 20 teams faced up the daunting task of the magnificently conditioned Roman Road Course which had been brought to a peak by Course Manager Jim McKenzie, Russell Anderson and the rest of the staff.

Celtic Manor, who granted courtesy of the course, have agreed to host the event next year on August 25 when there will be a maximum of 50 teams.

In the August edition Greenkeeper International would like to apologise to Woodbury Park GC for the appearance of a bogus photograph in the article on the club in September's edition. The photograph, and accompanying caption gave the impression that Woodbury Park used Ransomes equipment while in fact it is another Textron brand, Jacobsen, which Woodbury uses. Greenkeeper International is happy to put the record straight.
