R&A'S BEST PRACTICE GUIDELINES
WEBSITE LAUNCHED

The R&A's new website offering best practice guidelines for golf course management throughout the world is to be launched this month. There are to be two events marking the launch of this major development for the world of golf; one in the UK on Wednesday February 18 at The Belfry and the other the following day in Brussels. Access details to the new site will be posted on the R&A's website, www.randa.org, to coincide with the launch.

The R&A's golf course committee has developed the website which offers best practice guidelines on all aspects of golf course management and development, from the clubhouse and management structure to construction and maintenance.

This professional advice and information, which is provided free of charge, will be of great assistance to golf associations and federations, golf clubs, greenkeepers, architects, planners, government agencies, non-government environment agencies and other relevant groups, and is supported by extensive links to expert organisations who can provide further assistance to those in search of help.

For further information contact Steve Isaac, Secretary to the golf course committee on 01334 460000 or e-mail steveisac@randagc.org.

This expansion of the company's operations will provide the opportunity to tap-in to a real and attractive market much more cost effectively. The new company has identified key markets such as local authorities, local education authorities, sports clubs and golf clubs not to mention private clients.

It will undertake all sports turf construction, earthworks, drainage and maintenance as well as environmental works and water engineering.

The core of the site is a comprehensive suppliers section which has contact details and links to websites of many companies for both golf course and clubhouse.

There are also over 200 additional links to golf/information websites and portals – all accessible with one click from the Home page.

NEW ROLE FOR SIR MICHAEL

Sir Michael Bonallack is to succeed Mark H McCormack as the new Chairman of the Official World Golf Ranking. The Official World Golf Ranking was devised and created by Mark H McCormack who was Chairman of the World Ranking Board until his death last year. His company, IMG, has been responsible for managing and producing the weekly Ranking, which is now endorsed by the four Major Championships and the six Professional Tours making up the International Federation of PGA Tours, since the Ranking was first introduced in 1986.

WELL DONE DENNIS

A presentation was made recently to Northern Section President, Dennis Cockburn, for services to the Section and importantly the Northern Section Committee for over 20 years unstinting service.

After trying his hand at a number of different careers he settled on greenkeeping, during which time he served as Head Greenkeeper at Courses such as Branshaw, Keighley, Colne and Silsden Golf Clubs.

Dennis has helped and trained many greenkeepers under him over the years and it is no surprise that quite a lot have gone on to be head greenkeepers themselves.

They all owe him dearly for the invaluable knowledge and skills that he passed on to them (and he reminds them of this all the time).

Dennis is well into retirement, however he still continues to be active within the section and it is for this which he has been honoured.

NEW NAME

As from this month Boughton Loam Ltd will be trading under the new name of Boughton Turf Management. Previously, the Iver Heath and Derby depots had traded as 'Turf Management Systems'.

URI TAKES DELIVERY

"It's the best tractor we've ever had," said paranormal practitioner and TV personality Uri Geller, about his recently delivered 24 hp John Deere X495.

Equipped with a 48 inch mid mounted rotary deck, rear 3-bin power-flow collector and Lewis front end loader, the tractor is used around the grounds of Uri’s house in Berkshire.

According to the Doomsday Book, the house is located on an ancient spiritual site. This tradition is carried on today with a pyramid-shaped retreat within the grounds.

Each year, many people arrange to visit Uri to gain inspiration and motivation from the power of positive thinking. With such a high throughput of visitors, the grounds around the pyramid have to be maintained to a professional standard.

Uri’s household received operator training from Wokingham-based John Deere dealer Golf and Turf Limited.

Uri takes his turn using the tractor and says, "It’s easy to drive and well built, and the green and yellow colour combination is strong but relaxing."
