GREY SQUIRRELS

Bark stripping occurs between May - July and occasionally August; any type of tree can be damaged but sycamore and beech suffer most; fewer than 5% of damaged trees are killed; trees between 10 - 40 years old are most vulnerable; younger trees cannot support the weight of a squirrel and the bark of older trees is too thick to be stripped; can occur anywhere from base to crown of tree.

Recruitment

Set in 750 Acres of Cheshire Countryside approximately 10 miles from the Historical City of Chester. We currently have vacancies for the following positions:

Assistant Greenkeepers

We are looking for ambitious, professional individuals to join our full-time teams on the Nicklaus and Cheshire Courses. You will need to hold a minimum of NVQ Level 2 and preferably all current spraying certificates. We would also require you to have a minimum of 2 years greenkeeping work experience.

Apprentice Greenkeeper (Permanent and Temporary)

We are also seeking Trainees keen to work towards their qualifications whilst also working full-time on the Courses at Carden Park. Full training up to Level 3 can be provided. Alternatively we would also welcome applications from those in full-time study seeking work experience for the summer season.

Please apply to:
Christine Lowrey, Human Resources Manager,
De Vere Carden Park, Chester CH3 9DQ
