Greenkeepers and Groundsmen...

...two words here at BIGGA we are now using more in unison with each other.

It was very encouraging to receive so much positive feedback at Saltex last month from both greenkeepers and groundsmen regarding the inclusion of groundsmen into full membership of BIGGA. It was quite apparent that many do believe that there is much to learn from each other.

We view both greenkeepers and groundsmen (working on sports turf) as our core membership business and both receive our utmost attention. We are not under any illusions and realise that we have to work hard at promoting the services, benefits and reasons why greenkeepers and groundsmen (working on sports turf) should be members of BIGGA.
