Northern Ireland: This is for four people up the phone and say "Wayne, I'll play for you this time". Guys, we have dates that you can help arrange for the volunteers this month. I know that I started this column with some patriotic comments, but that's the way I feel today.

South Wales: This is a very enjoyable walk (winning the event): you'll have to fight me for her, Tiger! Anyhow, a big "Well Done" to you and six faces behind the Section for producing a spectacular golf course under such difficult conditions and also could you thank Sir Terry Matthews on behalf of the Section for coming back to his birth place and making it all possible!

Also thank you to Steve Chappell, Section Secretary, for organising the small fleet of caravans that were used as temporary accommodation for the volunteers over the weekend. A tremendous effort! Oh! I nearly forgot! Well done to Colin Montgomery and his team for a stunning victory! I know that you started this column with some patriotic comments, but that's the way I feel today.

Proud to be Welsh, proud of my friends in the Section for all their hard work and proud to have been a greenkeeper myself. I tried to contact some of the guys today but many were in bed, unable to move! I am sure that when they recover they will look back with pride on an experience that they will never forget. If you were a volunteer at the 2010 Ryder Cup and wish to relay your printable experiences via this column then feel free to contact me on the number and email address below and I will add them next month's Around The Green.

Regards

Cardiff
