Proven performance across the UK

Jim Brown
Owner/Manager
Outon Hall Golf Club

“Medallion TL completely halted the Fusarium, with control witnessed after only 24 hours.”

Marcus Oakey
Head Greenkeeper
Moor Allerton Golf Club

“Even with snow cover we achieved five weeks disease prevention.”

Slan Power
Head Greenkeeper
Hanbury Manor Golf Club

“The greens treated with Medallion TL came through the harsh winter period with no signs of disease.”

Bio-inspired explosive performance

The exciting new fungicide inspired by nature. Contact action delivers fast knockdown of Fusarium in leaf and thatch along with outstanding long-lasting protection.

Tap into the R&A

There is great support out there for you if you only know where to look. The R&A Scholarship Programme is well worth considering

Did you know that The R&A supports greenkeepers that want to further their education?

Did you know that R&A Scholarships are available to greenkeepers studying higher education courses (HNC and above) in golf course management at Elmwood and Myerscough Colleges?

Since 2004, The R&A has invested over £330,000 in its Greenkeeper Scholarship Programme, helping 109 students progress along their education path.

On Tuesday, January 24, from 11.30am, at the Show-floor Theatre (by the BIGGA stand), you will be able to hear how you can become an R&A Scholar and benefit from a financial contribution, and the experience of being associated with the world golf development and Rules body and organiser of The Open Championship.

Not only do R&A Scholars get financial support towards the cost of their education, they also have the opportunity to engage with The R&A through a website dedicated to Scholars past and present.

A total of 12 Scholars, each year, get to attend a field study week on the island of South Uist to spend time at Askernish Golf Club with guest speakers who discuss the architectural development, natural history and greenkeeping practices at this unique course. This is a life-changing experience.

Candidates for an R&A Scholarship are selected by the colleges, with input from The R&A. The level of support available varies dependent on the nature of the course being studied and where in the world the student is travelling from – anything from £500 to £5,000 per Scholar for each year of their studies.

The R&A Greenkeeper Scholarship Programme is a truly international scheme. As well as home-grown greenkeepers, the programme has helped students from China, Croatia, Czech Republic, Estonia, Germany, Hungary, Iceland, India, Italy, Nepal, Portugal, Slovenia, Slovenia, South Africa, Spain and the USA.

You can read more about our Scholars in the ‘News’ section of The R&A website, www.randa.org/

• An introduction to The R&A Greenkeeper Scholarship Programme by Steve Isaac of The R&A
• Advice on how to become an R&A Scholar and how the programme operates within the colleges by Dr Andy Owen of Myerscough College
• Information on the field study visit to Askernish by Paul Miller of Elmwood College
• An insight into the benefits of the programme from R&A Scholar, James Hutchinson, who is now a greenkeeper at Fairhaven Golf Club in Lancashire.

There will be ample opportunity to discuss the programme with the speakers and a number of other Scholars after the formal presentations.

If you are considering taking a HE course in greenkeeping or want more information on The R&A Greenkeeper Scholarship Programme, come to the Showfloor Theatre at 11.50 am on Tuesday, January 24.

We look forward to seeing you there!

R&A SCHOLARSHIP

ABOVE LEFT: Josh Webber, an R&A Scholar at Myerscough College, talks to delegates at a BIGGA event about the programme from R&A Scholarship Programme. The annual Greenkeeper Scholarship Programme, sponsored by Syngenta, is now in its 12th year. A total of 12 Scholars, each year, get to attend a field study week on the island of South Uist to spend time at Askernish Golf Club with guest speakers who discuss the architectural development, natural history and greenkeeping practices at this unique course. This is a life-changing experience.

ABOVE RIGHT: R&A Scholar Nick Burn, recipient of the award for the first Scottish National Certificate in Greenkeeping, at his workplace Portmore Golf Park in Devon, the Webber family run Portmore Golf Park in Devon, which operates within the colleges by Dr Andy Owen of Myerscough College. If you are considering taking a HE course in greenkeeping or want more information on the R&A Greenkeeper Scholarship Programme, come to the Showfloor Theatre at 11.50 am on Tuesday, January 24. We look forward to seeing you there!
