TORO NOW HAS DPA CUTTING UNITS ON ALL ITS REEL MOWERS.

TORO first began manufacturing engines for tractors in the USA almost 100 years ago. Today we produce some of the finest turf machinery, landscaping and irrigation equipment in the world. Like our renowned DPA (Dual Precision Adjustment) cutting unit, now available for the first time on the Reelmaster 3100-D triple mower. DPA allows the bedknife to be adjusted quickly and simply and offers an unrivalled quality and consistency of cut. What’s more, because it holds its settings for longer, DPA will also save you more time than any other quick-adjustment system. Now available across the full range, DPA is proving popular at many of the country’s leading golf clubs and sporting venues. Please contact us today for a free demonstration.
