In Brief

The GTC is keen to promote more
informal courses for our sector.
Some well respected names and
companies have already backed the
GTCs QA Criteria including Jon
Adcock Associates and Three
MG Turf Master One and the
STRI. We trust more will come on board
shortly as the QA Training Providers
will complement the work of the
QA Centres.

To summarise, refer to the GTC
website for all the latest information
on qualifications and opportunities
to learn through Quality Assured
Centres and Training Providers.
Call the GTC on 01347 833840,
email david@the-gtc.co.uk or is it
really 12 months since many of
us last made the annual pilgrimage
to Harrogate?
Please come and speak to us on
stand C12

One important area of training
that GTC works closely with
is that of short courses or “bite-size learning”
and new opportunities. The
new year to go at! A new year
for 2011.

If you are looking to further your
career or just gain more advice on
how you can improve your pro-
personal development then visit
to the Personal Development Zone
at Harrogate Week 2011 is a must.
An invaluable resource for any
sporting industry, the Centre to
gain career’s advice or inspiration.
Featuring experts in the field of
golfing, careers assistance
and consultancy there is a wealth of
expertise available.
Find the Personal Development Zone
in Stand C22 on Tuesday 18, Wednesday
19 and Thursday 20 January.
Rachael and I look forward to
talking to those at Harrogate and wish
you health, wealth and happiness for
2011.
