Silent Running for Nick Skelton’s Yard

Showjumping legend Nick Skelton has acquired a Polaris EV-4x4 electric vehicle, to assist with work on his state-of-the-art facility in Warrickshire.

He uses the EV for something everyday whether it’s at feeding time, towing a set of harrows to prepare the school, monitoring the gallops, cleaning up the stables or just general ground care.

Nick makes the point that as it is totally silent and will never backfire it won’t spook the horses. Important when it’s working around some very high value horses and can be used when they are exercising and for a whole variety of tasks throughout the day.

He says the concept of the EV is invaluable and reassuring. At 5 o’clock his horses have the last feed of the day, followed by a late night check.

The ideal time to plug in the EV for its overnight charge, ready for the next working day.

NEW WEBSITE LAUNCH

Greg said of www.gevengconsulting.com, “The new look website heralds those changing perceptions and confidence in me to deliver a first class product and services which I have proved popular with several clubs is the course audit, where I reviews all aspects of course operations, suggesting areas for improvement which can save money and increase the club’s revenue and profitability.”

Chairman’s Word

National Chairman, Andrew Mellon, gives his thoughts for the month

Moving forward

As you will know (if you read the website and the last magazine) our new CEO Jim Croxton is now in post as of May 31.

Jim’s extensive knowledge of the Golf sector, his managerial and commercial experience will I’m sure be a great asset in ensuring we utilise fully the potential of our members and the great team we have at HQ, and in the field through our Regional Administrators, and Sections.

We were fortunate in having many great candidates to choose from, and Jim was able to demonstrate to the Board, how he had the necessary qualities and leadership to take BIGGA forward.

(Nothing like a little bit of pressure, Jim?) Myself and Sami Collins, on behalf of BIGGA attended a meeting at the Belfry with the Professional Golfers Association (PGA) and The Golf Club Managers Association (GCMA), as the group collectively known as the Golf Club Management Partnership (GCP),

The immediate reaction may be, “Oh, not another group”, but this is not simply a talking shop.

The group’s purpose is to explore positive ways of collaborating between those who represent the majority of people employed to work at Golf Facilities.

That collaboration will seek to ensure that the resources we commit to providing education and other services are used most effectively and that we avoid duplication, especially important in tough economic times such as these.

The added benefit is that each group’s work will benefit the other. If one were to believe the writings in a certain magazine you would have seen Harrogate 2011 portrayed as a failure.

BIGGA wouldn’t be bullied! It’s easy for those sitting on the side, with solely their own commercial interest to consider, not their members, to make such casual unsubstantiated speculative remarks and attempt to force a rash decision.

The facts, as correctly reported by BIGGA, speak for themselves on the outcomes of Harrogate, and the members proved that it was a success.

2012 is already well on the way to being a huge success with bookings very buoyant.

But we are not complacent; we will seek to properly research the correct solutions going forward which will benefit us all in a sustainable manner.

We have spoken with many customers, and there is “no one size fits all” solution, but that makes the continuing work even more important in ensuring we make informed decisions about how to move forward.

We have a very good relationship with IOG, and are actively seeking to recommend each other’s Associations and recognise the value we both bring to our members.

We will continue to collaborate when that is of mutual benefit.

We have a very good relationship with IOG, and are actively seeking to recommend each others’ Associations and recognise the value we both bring to our members.

Our members are the arbiter of our success.

We are currently investigating fully and planning to survey our stakeholder’s, alongside IOG, to ensure we get the necessary information to ensure sensible decisions are made.

Please contact me if you wish to share opinion on this matter.

It will get a hearing at the Board.

Finally, I took advantage of a week off at Easter for a quick break in Cornwall with the family.

It was good to switch off briefly and recharge the batteries for the season ahead, and make sure the kids still recognised me.
