**Membership Benefits Update**

**Tastecard success**

We pleased to report that quite a number of you took advantage of the Tastecard offer last month, as advertised in last month’s magazine and on the BIGGA Website.

We hope you enjoy treating the family to a great lunch or dinner at one of thousands of national chain restaurants around the country not to mention many local restaurants in your area and save money!

Don’t forget if you have an iPhone or Android or Blackberry download your ‘app’ now (Blackberry coming soon).

Or visit www.tastecard.co.uk to search for your nearest participating restaurants.

We may offer this benefit again in the future.

**Some Sun Smart advice**

- Make sure you never burn
- Aim to cover up with T-shirt, hat and sunglasses
- Use factor 15+ sunscreen (sun cream)

Cheap sunblocks are usually just as good as expensive ones. They are all tested the same way and it is the level of protection they give you against the sun that matters most.

This is the ‘sun protection factor’ or SPF.

The SPF tells you the amount of protection the sun cream gives against UVB radiation. Cancer Research UK recommend at least factor 15. This is because it gives the best balance between protection and cost.

**Prevention is better than cure.**

**Social Networking**

Many of BIGGA’s Sections now have a Facebook page or group, if you are a member of Facebook go and ‘join’ or ‘like’ a section group or page and keep up to date with what’s going on locally not to mention the friends that you can make online through these Facebook groups.
