Back in Time

To this month in... 1987

The magazine provides a BIGGA update included in which was information on the appointment of a General Administrator (the magazine also contained an advert for the job), where the offices would be located; the sections; subscriptions; National Competitions and the magazine.

The magazine also contained articles by Jim Arthur on moss; Jack McMillan on aeration; "Aeration is not a passing fad but a constant necessity"; and a piece by John Campbell on Laurence Pithie, who was Course Manager at Minchinhampton at the time.

Do you have any old artifacts from days gone-by? Perhaps your grandad was a greenkeeper and has something stored away in the loft? Maybe an Association tie, or a journal? If so we would love to hear from you. We are particularly interested in the early part of the last century, but anything you have would be worth considering for future editions of this article.

PLUS ... ALL OUR REGULAR FEATURES
Back in time looks back at cuttings of greenkeeping news from days gone-by. 2012 is a landmark year, being the centenary of Greenkeeping Associations, as well as 25 years since BIGGA was formed. Each month we will look back at the current month, but in a different year, from over the last hundred. This month we travel back to January/February 1987, to look at the magazine which was produced, as BIGGA was in the initial stages of its formation...
