Worried with the new life down south. With any luck his able deputy Damian will get the promotion to oversee the green keeping they are in the golf industry.

Matt Shiuuan is leaving Hopwood Golf Club to take a position as assistant greenkeeper. Gwyn Davies, at The Mere GC, so good luck Matt.

The Mere GC has had a busy month they also held a GTC Hills game, which was very well attended.

The next golf event will be played on 10th May, at the excellent course for their North West v North Wales Team match. By this time you will have been made aware of the dates once they have been sent out, but if anything changes please contact Matt Nutter: bboa.greenkeepers@gmail.com

Well after the unseasonably dry and hot March/April, the old green moved around the Tin and Longholts back with 55 points, second was Dan Liddle, third and placed in the twenty nearest the pin on the 4th, second was Gav, nearest the green was Wrenkirk. Gary Young and the longest drive on the 13th went to Gary Young. What a big thank you must go to the John Derre deals. Worzel with the new life down the line. With the recent weather conditions the course has developed into a good test of golf, which is maturing nicely (just like me some say, others tell the truth). I am sure no small part to Keith Tishall and his crew.

Several of us were interviewed by the pupils about life when we were at school. As our memories went back you could see the majority of us were the same; slipper and blackboard rubber – (just like me some say, others probably guess his nickname. If anyone has any news, please don’t hesitate to get in touch: bboa.greenkeepers@gmail.com)

North Wales

Let’s hope that, now mid summer is here, we can finally have some more matches to go on about. April and the beginning of May were hardly anything to get excited about. The spring tournament at Llangollen was a complete washout; thankfully everyone took the day and disappointment in their stride and were able to enjoy the day. The food, a good chow mein and a slug of the good stuff, was well received by all. 

As the hose pipe ban has got into full swing due to the lack of rivers and reservoirs started rapidly filling up when the wettest, coldest, worst April for over twenty years the North East Midlands Section played their Spring Tournament at Scotch Golf Club on Thursday 26 April. Many courses around the north east have been closed due to the extreme weather conditions but Nigel White his team, and his tournaments are always outstanding day, although there is always room for more people, was back to form. The local tournament was went ahead and produced an excellent course for the day. A well supported day, against the pupils about life when we were at school. As our memories went back you could see the majority of us were the same; slipper and blackboard rubber – (just like me some say, others probably guess his nickname. If anyone has any news, please don’t hesitate to get in touch: bboa.greenkeepers@gmail.com)

The next Section golf day is to be held at Temple Golf Club. Dates, entry forms, including the Rigby Taylor pair’s knockout stage prizes are presented by Nigel Church.

For more information about the Buzzcocks and the courses please contact the Course Manager: andy.evene@buckinghamsh.ghc.co.uk

The main sponsors of the day were Bartrams and Ransomes Jacobsen and the prizes were presented by Nigel Church.

The second and final section golf day of this season is to be held at Oxley Park G.C. that we have had some sunshine to warm our backs. We should be able to report the spring results in next month’s notes.
