30 Thomas’s travels
Toro Student Greenkeeper of the Year Thomas Flavelle tells us about his trip to the States. On arrival I felt very nervous as I sat on the plane about to fly out to Chicago and explore a different country - it was warm and sunny and hockey games. I was lucky to meet up with people I already knew but also made some new friends along the way, and explored a few bars around the campus. It truly was a once in a lifetime experience that I had at UMASS and the people I met there will be with me forever. I feel very lucky to have been able to take this opportunity for aspiring greenkeepers.
