As of 1 July 2013, the BIGGA CPD Programme is changing. Using feedback from members, the programme has been revamped to allow greater flexibility, more ways to get credits and enhanced recognition.

The new structure will be a three-year rolling programme rather than an annual programme, allowing members the flexibility to fit their professional development into their lives.

The value of a credit has risen to three points for registering CPD credits for attending (page 65).

We’re excited about the new BIGGA CPD Programme and how it will be transferred onto the website that can be found at http://www.bigga.org.

We will be informing everybody about the new programme once the website please call HQ.

Chairman, Greenkeeping, Turfgrass Management.

TAKING STOCK

Hadlow College have appointed Anthony Stockwell as a full-time Greenkeeping Assessor to work alongside their team, which includes some of the most experienced individuals within the industry.

Anthony gained his BSc (Hons) in Greenkeeping and worked for both The New Zealand and London Golf Clubs. He’s currently working with a Premier League football club and studying with Penn State University towards his Masters in Turfgrass Management.

Hadlow can offer Intermediate and Advanced Apprenticeships as well as stand-alone Diplomas at Levels 2 & 3, all are delivered as much as possible in the workplace.

Level 4 is being set up, which they will be able to offer in the not too distant future.

Experienced assessors at Hadlow visit learners in the workplace every few weeks.

The assessors guide the learners through their qualifications, delivering underpinning knowledge and assessing practical skills.

Apprentices do need to attend college, although this is kept to a minimum, and there are qualification requirements that have to be satisfied.

The Government have identified how important Apprenticeships are and as such are offering employers grants of £1500 per new Apprentice employed, if such are offering employers grants of £1500 per new Apprentice employed, if apprentices in the last 12 months that better criteria may apply. Anthony can be contacted on anthony.stockwell@hadlow.ac.uk or 07791 083796.
