More than 100 years of experience goes into the making of Baroness products, giving unrivalled cutting quality and the very lowest running costs.

For more than 20 years Baroness has been building the LM315 with our very own “hybrid” drive system which minimises the amount of hydraulic lines by using cable drive to the cutting units. Now available with a 21hp 3 -cylinder diesel engine and offering industry leading light weight combined with outstanding traction, the Baroness LM315 is now available to view on your golf course.

Many UK Golf Clubs are already benefitting from the matchless Baroness quality of cut from all our other models in the Baroness golf course reel-mower range.

Baroness also produces the GM2800, a semi -rough 5-unit rotary mower which is class -leading in cutting quality and traction ability.

NEW for 2014!

Introducing the Baroness LM2400, a truly light-weight fairway mower that doesn't disappoint on cutting quality or performance!

Baroness………..truly quality on demand!

Snippets from Facebook...

Luke Turner
oh my Minnesota is a whole new world of cold....

Sean Sullivan
8” of snow over the weekend, with another 4” to go today. Spring looks very promising. good news is that it is another day closer to next winter.

Robert Bemment
Away next round of mail at Hornsea nice and local.

Robert Hogarth
2.15 pm and we have had 44mm of rain today and still raining. With spring just around the corner I believe our green keeping skills will be severely tested to get our courses back together.

Torquay Greenkeepers
On this the 45th day of the year, what feels like the 46th storm of the year is predicted, so it probably comes as no surprise to tell you the course is closed.

Gaudet Luce
My rain gauge is reading 206mm since the 1st February. Surf that can’t be right! But I have a horrible suspicion that it is 8” in 14 days? Please someone tell me it’s wrong!

Steven Hemsley
February 7
Off to TPC Sawgrass....as you do
