Guide to EXHIBITORS

ADAS ........................................ Stand No. A3
Nobel House, 17 Smith Square, London SW1P 3JR
Tel: 071-238-5782 Fax: 071-238-5732
Contact: Chris Stansfield
The ADAS exhibit at the BIGGA Turf Management Exhibition 1992 will focus on the very topical subject of water management for turf areas. Reflecting the importance of adequate drainage and the potential for irrigation, ADAS provides comprehensive diagnostic and design services for both, from initial problem identification through to contract management and future maintenance programmes. All design work and management recommendations utilise the very latest scientific and technical information, while taking full account of environmental and economic considerations.

With locally based consultants supported by in-house specialists, diagnostic and analytical laboratories, ADAS is ideally placed to respond quickly and effectively to turf management problems as and when they arise.

AITKEN'S SPORTSTURF ...................... Stand No. B17
123 Harmony Row, Govan, Glasgow G51 3NB
Tel: 041-4400033
Contact: Richard Aitken

ASKHAM BRYAN COLLEGE .............. Stand No. C45B
York, North Yorkshire Y02 3PR
Tel: 0904-702121 Fax: 0904-702629
Contact: Nick Bisset/ Janice Culligan-Hogg
Askham Bryan College is the centre approved by the Greenkeepers and Managing County Golf Unions and Greenkeepers Associations in the region. A series of courses have been developed in consultation with the County Golf Unions and Greenkeepers Association in the region. The courses are therefore designed to fit career training at all levels, from new entrants to aspiring managers. The courses are offered on a "block release" basis, with accommodation if required. Each course consists of a series of one week blocks spread over the year. The College also offers courses in Agriculture, Horticulture, Gamekeeping, Floristry, Tourism, Business Management and Forestry.

ATTERTON & ELLIS ......................... Stand No. A17
Iron Works, Hamley Road, Haverhill, Suffolk CB9 8QH
Tel: 0440-702312 Fax: 0440-712138
Contact: David Smith
The EXPRESS DUAL will be shown, which is capable of not only conventional plain cylinder grinding with the cylinder removed, but also in situ grinding of the cylinder when still mounted in the machine - a particularly useful feature when resharpening during mid-season. A Professional kit will be included which allows a larger range of cutting units to be sharpened. The ANGLEMASTER heavy duty bottom blade grinding machine will also be shown and will include a power traverse feature. Both machines are well proven and carry the Atterton hallmark of quality and reliability and may be seen in use in many of the leading golf courses throughout the country as well as many other parts of the world.

BARENBRUG UK .......................... Stand No. A95B
PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW
Tel: 0359-70766 Fax: 0359-71021
Contact: Carol Abbotts
BARENBRUG, Europe's leading grass seed company, is able to provide greenkeepers with the top varieties on the STRI, Bingley list. BARDOT, browntop; BARCROWN slender creeping red fescue; BARURA chewings fescue; all of these varieties, specially developed for greens, tees and fairways - are constituents of the BARENBRUG's amenity brand mixtures: the "BAR" range. To ensure that you are able to create the best course, not only in the UK, but especially in the eyes of your members, come to the BARENBRUG stand A95B in Hall A.

BECKER-UNDERWOOD, INC ............. Stand No. B9/11
801 Dayton Avenue, Ames, Iowa 50010, USA
Tel: 515-232-5907 Fax: 515-232-5961
Contact: Roger Underwood
Becker-Underwood is a U.S. based supplier of speciality colourants and spray pattern indicators. Turf Mark blue spray indicator is available as a Water Soluble Packet (WSP) or a convenient Tablet for CBD and small hand-held sprayers. The WSP's each treat 200 litres of spray. No plastic container remains following use for disposal. The tablet quickly dissolves when dropped in the spray solution to easily mark the spray application. Green Lawnger is a sports turf permanent grass colour for dormant or discoloured turf. Lake Colourant WSP is the fast, easy way to colour lakes and ponds.

BETTER METHODS-EUROPE ............. Stand No. A87
Brantwood House, Kimberley Road, Parkstone, Poole, Dorset BH14 8SQ
Tel: 0202-740142 Fax: 0202-722300
Better Method's are again showing a wide range of their turf care hand tools and golf course accessories. These include two new items recently introduced. The B.M.S. Soil Profiler, which allows easy examination of soil strata and root growth etc. and the B.M.S. Turf Stripper, which can be supplied with various blades to provide varying widths and depths of cut. Also on show, the U.S.G.A. STIMPMETER. Better Method's are the U.K. distributors for this well known tool for measuring green speeds. Several American Eagle products will be exhibited including the new 16ft. Dew Switch which is proving very popular. Products of B.M.S. manufacture shown include the Turfmaster Golf Hole Cutter, Turf Doctors, Levelawns and many other firm favourites.

BOMFORD TURNER LIMITED .......... Stand No. A63
PO Box 18, Evesham, Worcs WR11 5SW
Tel: 0789-773383 Fax: 0789-772328
Contact: Paul Withers/Jock McLaren
In addition to the now well-proven Turner Turftrim high capacity, 4WD triple cylinder mower with 84" cutting width, and Trojan walk-behind mowers with quickly interchangable rotary, cylinder or flail cutting decks, Turner will show the following new products: Turner "Rider" with flail, rotary or cylinder cutting units.

HOWARD EVANS FINANCIAL SERVICES LTD Stand No. C5

13 The Rainbow Business Centre, Phoenix Way, Swansea Enterprise Park, Morriston, Swansea SA7 9EH

Tel: 0792-791179 Fax: 0792-797748

Contact: Howard Evans

Howard Evans Financial Services was set up on 1st November 1990, specifically to offer financial advice to all BIGGA members on pensions, mortgages and other related financial topics. As you probably know, Howard Evans has been offering financial advice to the BIGGA membership since August 1989 but the initiative has proved so successful that Howard has reorganised his activities to give even more time to answering the financial questions posed by BIGGA members. Howard Evans Financial Services is an Appointed Representative of Standard Life, possibly the UK’s most respected investment, pensions and life assurance office and cer-

tainly the European Community’s largest mutual life assurance company. Howard Evans Financial Services offers all BIGGA members free advice on the full range of financial topics, but retains a primary interest in ensuring that all members are making ade-

quate contributions to an appropriate Pension Plan. In the last 18 months many greenkeepers have started contributing to a BIGGA Personal Pension Plan. Some are making contributions entirely on their own whilst others are having contributions made on their behalf by their Golf Club.

Either way, we all know sensible financial planning for the future makes sense. Call and see Howard Evans on Stand C5.

FARMURA LTD Stand No. A89

Stone Hill, Egerton, Ashford, Kent TN27 9DU

Tel: 0233-76241

Contact: Jonathan Harmer

We are exhibiting a small range of turf renovation and over-seed-

ing equipment, also highlighting golf course construction equip-

ment.
AN UNBEATABLE PEDIGREE

Here at Atterton & Ellis we have been making Grinders for over 100 years and although we say so ourselves, we are rather good at it and our Grinders prove it!

It is hardly surprising that during this time we have made Grinders for just about every type of cylinder on the market and for most of the prominent Grounds and Golf Clubs around the country.

In fact, in our work shops at the moment we have Express Duals ready to go to America – the Atterton is well proven on the other side of the Atlantic too!

Our customers tell us the reasons we are still in demand 100 years on – our dedication to service, the quality of build, the value for money – they all add up to the finest Grinders available today.

We have constantly changed and adapted our manufacturing techniques to combine the best of yesterday’s skills with the benefits of tomorrow’s technology.

But more important than all that we are first and foremost Grinding enthusiasts and are happy to talk and give advice whatever your grinding requirements.

The Atterton Master leads the field – The Express Dual a technological revolution, in-situ and separate cylinder grinding – The Anglemaster, a bottom blade grinder to complement the best in cylinder grinding machines.

ATTERTON & ELLIS LTD
Manufacturers of Fine Grinders for over 100 years
Iron Works, Haverhill, Suffolk CB9 8QH.

ICI PROFESSIONAL PRODUCTS Stand No. B61
Fernhurst, Haslemere, Surrey GU27 3JR
Tel: 0428-645454
Contact: Roger Mossop
ICI Professional Products will be featuring the highly successful 'Longlife' range of fertilizers, which includes a number of products incorporating the slow release molecule 'Didin’. The incorporation of 'Didin' helps to create a more even growth pattern by reducing the initial flush experienced with conventional fertilizers and is available as soon as the plant starts to grow. The display will also concentrate on the range of well known ICI turf care pesticides, including the fungicide 'Daconil' turf, and the ever popular herbicide Super 'Verdone'. The ICI range goes beyond the maintenance of turf, and we can offer a number of products to use in the landscaping and general maintenance of the golf course and club house area. The most versatile of these products being 'Casoron' G, which can be used for selective weed control in shrubberies, total weed control around buildings or even weed control in water hazards. Call on the ICI stand No. B61 and see the new applicators for use with this popular product.

INSTITUTE OF GROUNDSMANSHIP Stand No. C51

Inter Seeds will be promoting their wide range of top quality varieties, including Lisabelle and Lisuna perennial ryegrasses, Lilafla...
Chewings fescue, Liprosa slender creeping red fescue and Limousine smooth stalked meadow grass. These varieties have been formulated into a number of specialist mixtures for new and existing golf courses and special mixtures can also be produced to individual specifications if required. Conservation now plays a very important part during the planning stages of new golf development, as well as improving and diversifying existing courses. Inter Seeds have developed a wide range of "PRO Flora" mixtures suitable for a variety of situations. To assist with the establishment and maintenance of quality turf, Inter Seeds offer the "PRO Fert" range of approved and recommended fertilisers. Details of all Inter Seeds products are contained in their comprehensive brochure and staff will be available at the exhibition to provide technical advice.

Contact: Lorna Tyson
Few colleges in the UK can boast such a long association with greenkeeping and groundsmanship training. In addition to offering a wide range of traditional part-time and full-time courses, the Lancashire College is also leading the field in the development of commercial and educational links within the leisure industry which provides a considerable bonus to all courses being run by the College.

LAWN TECHNOLOGY LTD Stand No. A83/85
Turf House, 16 Invincible Road, Farnborough, Hants GU14 7QU
Tel: 0252-370101 Fax: 0252-370241

The theme on the Lloyds of Letchworth's stand at BTME will be the importance of maintaining and servicing equipment. Lloyds has built a reputation for quality after-sales-service through its own specialist department in Letchworth, and is now able to extend this facility to embrace Customer Choice Maintenance. New for 1992, the Vertical Rake attachment for 21" Paladins comprises twenty-six specially hardened steel, ten-bladed discs, each set 19 mm apart. Easy to fit, the Vertical Rake has height adjustment and debris collection facility. Whether purchasing outright or leasing, Lloyds' finance scheme through Barclays Mercantile Highland Finance will help to spread the load.

M & M TIMBER CO LTD Stand No. A43

UNILOG GOLF PRODUCTS - Nothing enhances a landscape setting more than the use of a natural material blending with the surrounding countryside. Timber, with its soft look and versatility, is such a material and one which is being increasingly used within golf club developments. The UNILOG range of top quality products compliment the natural environment and are suitable for many golf club applications. The design possibilities presented by UNILOG are limitless, including earth retaining walls for raised tees, winter and practice tees, litter bins, trip rails, softwood bollards, border edging, lake revetment and a full range of sign boards and other directional indicators.

FINE TURF TOP DRESSING

A GUARANTEED HIGH QUALITY TOP DRESSING BLENDED TO CLIENT SPECIFICATION

A controlled mix of sandy loam mineral soils & washed river sand to aid fertility & facilitate aeration & drainage.

Fortified with copper & zinc for increased resistance to fungal diseases & a faster recovery rate for affected greens.

Low pH encourages growth of selected grasses.

Iron content hardens sward & greens without flush growth.

Will not layer out & cause root break.

Easy to apply & spread without dusting.
