At Barenbrug we have a tradition of breeding grass that goes back to the beginning of this century.

A skill that we're justifiably proud of.

There is a Barenbrug variety at or near the top of each major list in the STRI/Bingley booklet.

This expertise also extends to our wide range of mixtures, each one containing top-rated Barenbrug varieties for optimum performance and flexibility.

Supplying the finest seeds and mixtures is our art.

Creating the masterpiece is yours.

For further information contact Barenbrug UK Ltd. PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW. Tel 0359 70766 Fax 0359 71021.
BIGNA at The Open

Yet again The Open Championship provided more than its fair share of excitement and premier golfing action. BIGNA members were once again in the thick of things as our photo-feature reveals Pages 18-19

Frank Newberry, a management consultant, passes on invaluable tips to help greenkeepers gain a more positive attitude within their club Page 17

CONTENTS
Approved or not approved?
The pesticides registration muddle

by JON ALLBUTT

Agronomists, advisers, employers and users beware, the product you are recommending or proposing to use may not be approved any more.

Some of our favourite products may not be around much longer. A combination of the MAFF review process and in-house reviews of commercial viability by the approval holders is resulting in many products being discontinued. Inevitably there will be misguided reporting of this in the media, which does not help to clarify what is a very confusing situation.

The Advisory Committee on Pesticides has the power to recommend to Ministers that products be withdrawn (have their approvals revoked) on safety grounds. The registration process also requires regular updating of data packages, labels, container design etc. The cost of all this to the approval holder is sometimes prohibitive and the decision may be to discontinue the product, as sales do not support any further work.

To report all this in terms of 'another product banned' is irresponsible and only serves to further confuse. The most recent edition of the official listing of approvals and withdrawals – 'The Pesticide Register' – is written for those who already understand 'the system' and can read the formal technical language. The fact that a popular product appears in the list of withdrawals might only mean that the approval holder is disposing of an old approval, having previously improved the product by a minor formulation change – which requires registration and thus another approval number. Confused? – you will be! The Pesticides Register is not the best place to look unless you are an expert.

If you are giving advice on the use of pesticides you should hold a BASIS Certificate and be on the BASIS Professional Register. This requires that you agree to undertake annual Continuous Professional Development in order to maintain your registration. Those seeking advice which will include the use of pesticides should make sure the advisor is up to date and is on the BASIS Professional Register.

When it comes to reviewing your use of pesticides under the COSHH Regulations and you are updating your inventory, consult your supplies representative, distributor or manufacturer in order to establish that the product approval is on-going.

I am constantly hearing comments from greenkeepers that such and such a product has been banned, hasn't it? A case of the grapevine not working well for once!
demand we have recently sown specially bred cultivars which have been acknowledged as among the highest rated varieties by a number of the world's leading turf specialists," he added.

Kenny Hunter, well known to Scottish greenkeepers, has been appointed as Huxleys Grass Machinery area manager for the West of Scotland. Kenny, who lives in Milngavie, studied Greenkeeping and Mechanical Engineering at Woodburnhouse College, was a greenkeeper at Campsie GC and Dougalston GC, and worked for Frews for nine years as area sales manager selling Ransomes, Cushman and other commercial grass machinery.

Huxleys' branch at Broxburn, near Edinburgh, provides full sales, hire and service support for their range of golf course machinery. Details: Tel: 0962 733222.

Netlon Limited have announced Exeter-based City Gardens and its sister business City Sports as agents and installers for the Netlon Advanced Turf System in South West England.

City Gardens has a well established reputation for high quality works, and proprietor, Bob Hunt, says: "I believe that the Netlon system represents the most significant advance in turf culture to date. It has enormous potential, both for sports and for amenity surfaces such as fire access roads and car parks." For more information on the Netlon Advanced Turf System, or a copy of their new video, call Netlon (free) on 0800 585012.

The Toro Commercial Products Division of Lely (UK) Ltd have announced a major programme of nationwide Workman Field Days' where the much acclaimed Workman 3000 turf maintenance vehicle will be both demonstrated and available for test driving, using a wide range of popular attachments. The Workman Field Days' will run throughout September and October. Details from Toro commercial dealers or tel: 0480 476971.

Three greenkeepers from the UK were guests of Barenbrug on a three day, all expenses trip to Holland. Robert Nelson from Lisburn GC, Ian Morrison from Bramall Park GC and Neil Maltby from Wheatley GC were winners of Barenbrug's See, Buy & Fly competition, staged at BTME '93 in January. Accompanied by marketing director Michel Mulder, they had been invited to play in the annual Barenbrug Golf Trophy held at Nunspeet. The course, naturally enough seeded with Barenbrug varieties, is relatively new but still impressed the UK visitors. "It's a difficult course but is already playing well," said Ian Morrison, "and the excellent facilities are second to none."

On their last day Michel Mulder took them around Barenbrug's breeding station, where many of the next decade's varieties are under development. The complexity and size of the installation came as a surprise to all, proving conclusively that not all seeds are equal. "I knew Barenbrug operated internationally," commented Neil Maltby, "but until today I don't think any of us appreciated just how big it really is. We've seen one warehouse, for instance, large enough to hold four football grounds full of product for all around the world."

Supreme Mowing have teamed up with Jim Paton, BigGA's Ayrshire section secretary, to present a seminar on the maintenance of the cutting cylinder and bottom blade. Two courses, one for both morning and afternoon, will be held at the Irvine Boggside Golf Club on 14 September. Main emphasis will be on sharpening cylinders inside or out of frame, showing the advantages of spin and relief grinding - an area often seriously neglected. All BigGA members are welcome to attend - contact Linda Adams at Supreme Mowing on 0709 873436 for more details.

Said one happy visitor, "This trip was invaluable, the majority of us are users of Ransomes' machinery and having now seen the manufacturing process, we can appreciate how well the machinery is made. We also enjoyed 'hands-on' experience with some exciting new Ransomes machines".

- Ransomes recently played host to a group of Scottish greenkeepers who visited the Ipswich manufacturing plant to see how machines used on their courses are assembled. They also took the opportunity to view a demonstration of newly launched machinery, including the Fairway 300, at a local golf course.

- It's hard to believe, but Norman Ferguson, the stalwart links super-intendent of Royal Troon, has been with the club for fifty years. What's more, his father was there before him for what seemed like an eternity. Now Norman is retiring and Greenkeeper International is proud to acknowledge the fine service he has given to greenkeeping, including mastering the course for a clutch of memorable Open Championships - we wish him peace, good health and contentment.

- Greenkeeper International has learned that Tim Colclough, STRI advisor in the south west of England, is leaving the Institute this month to take a full-time one year teacher training course at Leeds University. We wish him well.

- Greenkeeper International has learned that Tim Colclough, STRI advisor in the south west of England, is leaving the Institute this month to take a full-time one year teacher training course at Leeds University. We wish him well.

NB: Where appropriate these rates should be increased to reflect regional variations up to a maximum of 24% in the South East Region.

The First Assistant is a post designed to recognise a third-in-charge where appropriate to the size of the Club. In cases where the First Assistant is the recognised Deputy, the appropriate Deputy Course Manager/Deputy Head Greenkeeper salary scale should apply.

NB: Staff is possession of recognised qualifications should have this reflected in an addition to basic salary.

Basic conditions of employment should include:
1. Where accommodation is provided by the Club, it should be rent free with heating/lighting costs borne by the Club. The Club should compensate for Council Tax Liability.
2. Where accommodation is not provided by the Club, a suitable remuneration in addition to the above salary should be paid.
3. 40 hour week.
4. Retirement Pension Scheme.
5. Telephone costs on Club business.
7. Time off to attend lectures, demonstrations, BIGGA functions and tournaments.
8. If not salaried, basic overtime to be paid at time and a half, with double time on Sundays and Statutory Holidays.

Membership details are available from the Executive Director, BIGGA, Aldwark Manor, Aldwark, Alne, York, North Yorkshire Y06 2NF. Telephone: 0347 838581, fax: 0347 838664.
Golden Key membership for Farmura and Milliken

With work on the new Training Video "Setting the Standard – in Spray Application" nearly complete, BIGGA is delighted to welcome both Farmura and Milliken as Golden Key members following their support for the new video.

"It's great news for the Education and Development Fund that Farmura and Milliken have become Golden Key members," said Executive Director, Neil Thomas. "They have been two of the major sponsors of the new video which has been warmly welcomed both by BIGGA members and within the industry."

Jonathan Harmer, Managing Director of Farmura commented: "We are pleased to be part of the first BIGGA Training Video which emphasises quality and professionalism. It will, I hope, be of value not only to greenkeepers but also to Green Committees and club members in helping their understanding of the variety of skills required to produce top class results."

Commenting on the launch of the video a spokesman for Greenlink Products, the national distributor for Blazon, the spray pattern indicator featured throughout the film, said: "The support provided by Milliken Chemical, a BIGGA Golden Key member and manufacturer of Blazon, has been tremendous. Their sponsorship of this video emphasises how much importance they place on greenkeeper education and training. This video will prove to be an excellent vehicle for improving greening practices and will show to all who watch it how much care, attention and skill is given to the management of golf courses and their surrounding environment."

Education and training update

• The Toro/PGA Student Greenkeeper of the Year Award Regional Finals are being scheduled to take place at college centres at the beginning of September. The National Final will take place at Aldwark Manor on 11–12 October.
• The fifth year of Management Courses are now being booked. Early bookings are advised and don't forget the dates: Year One courses – 18–22 and 25–29 October; Year Two – 1–5 November; Year Three – 8–12 November and Year Four – 15–19 November.

To reserve your place, complete the postcard in this magazine and return to BIGGA together with a deposit of £100 plus VAT (total: £117.50). The balance will be due for payment no later than 1 October 1993. If you have any queries or need more information, call Debbie Savage on 0347 838581.

Sam Hägen

It is with great sadness that we inform members of the sudden death of Sam Hägen, Course Manager at The Vale Golf and Country Club, near Pershore and formerly Head Greenkeeper at The Belfry.

Richard Harrison, the general manager at Aldwark Golf Hotel, employed Sam at The Vale: "Having worked within the leisure industry for over 20 years, I believe Sam exemplified why greenkeepers get up every morning rain, snow or sun to tend their golf courses. He loved his work and was excited by each new project."

It was typical of Sam to be the first Greengrass to achieve the new qualification for assessing National Vocational Qualifications.

Sam was only 35 years old and leaves behind a wife and three children to whom we send our sincere condolences.
Atitudes must change

On a recent visit to Lancashire I played some great golf courses, all of which were in very good condition. I was warmly welcomed at Hoylake, Hillside, Formby and Ormskirk, a courtesy afforded me through my BIGGA membership card.

On visiting the Southport and Ainsdale Golf Club I was refused courtesy, but on speaking with the secretary I learned that this facility is granted to visiting golf club secretaries and professionals. I appreciate that golf clubs have differing policies and are not obliged to grant courtesy, but surely if a club adopts such a policy how then can it discriminate between the three associations.

Whilst I accept their decision, I am unable to comprehend their reasons. Much knowledge can be gained by playing other courses and talking with the green staff, particularly when visiting outside of one's immediate area. This practice is of course one that is adopted by many club secretaries in order that they may enhance their own knowledge and experience. The impression I gained was that greenkeepers, in the eyes of some club administrators, are still regarded as second class citizens.

One can only hope, as goes by, that the draconian attitudes still prevalent in some clubs will eventually change and that all personnel involved in the successful organisation of a golf club will be respected and treated equally.

BRIAN K TURNER
Head Greenkeeper, Worplesdon Golf Club, Woking, Surrey

BIGGA in Europe

As course manager of the Vereniging Golfclub in the Netherlands I was pleased to learn in Neil Thomas's AGM report of the interest shown in achieving greater co-operation with associations in Europe, indeed in many instances I have tried to promote BIGGA in Holland. Further, I have no wish to take away anything from my Dutch colleagues, who in the last few years have formed their own association which is growing very vibrantly and successfully, and I would take this opportunity to wish them all the best for the future.

Nevertheless, as a Scotsman working for nearly six years in Holland, I feel somewhat left out of BIGGA because I cannot relate to an individual section/region, e.g. Scotland, England, Ireland or Wales. Understanding that BIGGA stands for the British and International Golf Greenkeepers Association, and knowing that in the Netherlands alone there must be a dozen or so fellow greenkeepers who may feel of a similar disposition, I wonder if there are any future plans for a European section of BIGGA? I would personally be glad to be part of such a section and if necessary I would get directly involved. If interest from Dutch members was not strong enough, I am sure there could be justification for combining members from Holland, Germany, Belgium etc. Therefore I would be interested to see what kind of response our members here on the continent might give, either by writing to BIGGA headquarters, or to me at the club address below.

COLIN FAIRLEY
Course Manager, Vereniging Golfclub, Almeerderhout, Watersnipweg 19-21, 1341 AA Almere, Holland

• Executive director, Neil Thomas welcomed Colin’s letter, lately having been active in following up on the successful European Forum held during last January’s BTME. He commented, ‘The Association is very much aware of the problems experienced by our international members and is planning a second European Forum at the 1994 BTME. We are extremely anxious to make positive progress in establishing a sense of 'belonging' for our European members. I am currently seeking supporters for the forthcoming forum and would urge our members in Europe both to attend and also, should they feel inclined, make a short contribution to the proceedings. Anyone willing to speak at the forum should contact me without delay, as the BTME seminar programme is finalised and shortly.

The seeds have been sown during 1993 for BIGGA’s development in Europe – there must now be a concerted effort to meet the aspirations of those of our members at the forefront of greenkeeping in Europe’.

Lee Sayers
Unit 14, 7 Merope Close, Rockingham 6168. Western Australia

• A highly respected agronomist commented on Mr Sayers’ letter thus: “I don’t think we need more research testing or into the management practices necessary to encourage the use of fescues. With bent/fescue mixtures, often the fescue acts as a nurse until the Agrostis takes over – but which one dominates depends on the soil and management, and maybe if both are less than ideal Poa takes over”. No doubt there are others, seed breeders perhaps, who will be tempted to offer Mr Sayers the information he seeks.

Praise for team

Through the letters page may I express thanks to my team at Carden Park for their tremendous efforts in seeing the Carden Academy open ahead of schedule. The level of skill and commitment they have shown, particularly for young men, is heartening in these times and certainly augers well for the future of greenkeeping.

The conditions in which they have worked have been more than arduous and it is to their eternal credit that they have achieved such results.

The team comprises Rob Bryant, Justin Cheung, Peter Gabriel, Ian McDougall, Dave Wates, Chris Bryan, John Lightfoot, Chris Haltson, Tony Wellings, Len Sproston, Andrew Wates, Andy Campbell and Jamie Poole. To a man, they fully deserve the recognition they have earned. Hopefully they will draw deep on the experience and I am most grateful for their help and support.

Andy Campbell
Course Manager, Carden Park, Chester, Cheshire
