THE LEADERS

STREAKS AHEAD OF THE COMPETITION

The efficiency of today’s highly engineered lawn mowers and quality of cut can only be maintained with correct and accurate grinding of their cylinders and blades.

The 'Leader' range of grinders not only achieves this but offers many features unequalled on any other machine, making them the ultimate in lawn mower grinders.

At the heart of a 'Leader' is a solid free standing frame with a cast iron bed and 2" precision ground guide rails that ensures an accuracy of less than 0.005" in 30 inch in straightness, whether grinding in situ or out of frame.

Coupled with this, great emphasis has been placed upon operator safety with a self contained coolant system, fully enclosed canopy that reduces noise and dust levels to a minimum and safety cut out devices that allow the operator to leave the machine whilst on automatic operation with absolute confidence.

For a demonstration and further details contact:— Linda Adams

A Ransomes PLC Company
17-21 January 1994 at the Harrogate International Centre, Harrogate, North Yorkshire

The BIGGA Turf Management Exhibition is open from 9am on all three days. It closes at 5.30pm on Wednesday and Thursday and 1.30pm on Friday.

Entry to the Exhibition is free but unless you have pre-registered, you will need to complete a registration card. Visitors who have pre-registered will be handed their identification badges at the door.

Organisers’/Press office is on the left hand side of the entrance hall.

Workshop sessions will be held in the Old Swan Hotel whilst the general seminar programme, running concurrently with the Exhibition, will be held in the Royal Hall – entrance from Hall C.

Welcome to a packed programme of events

Monday and Tuesday, 17-18 January 1994

Two-Day Educational Workshops
10.00 hrs - 12.30 hrs : 14.00 hrs - 16.30 hrs
THE OLD SWAN HOTEL, HARROGATE

Workshop 1
GRASSES ON GOLF COURSES
Course Tutors: John Hacker and David Stansfield, Professional Sportsturf Design (NorthWest) Ltd.

Workshop 2
HEALTH AND SAFETY
Course Tutor: Jon Allbutt

Workshop 3
FORMULATING, IMPLEMENTING AND MONITORING A GOLF COURSE POLICY DOCUMENT
Course Tutors: Jeff Perkins, Sports Turf Research Institute; Arthur King and Edward McCabe, Course Manager, Brokenhurst Manor Golf Club.

Workshop 4
BRIDGING THE GAP
Course Tutors: Dennis Mortram and Tony Gentil, Reaseheath College.

Wednesday, 19 January 1994

THE ROYAL HALL, HARROGATE
10.30am
Opening ceremony and presentation of Industry and Education awards by the Rt Hon the Lord Griffiths, M.C., with BIGGA President, Viscount Whitelaw.

Followed by launch of “Keeper of the Green” video.

Seminar Programme Session A – Royal Hall
1.40 – 2.10pm
EDUCATION – WHERE DO WE GO FROM HERE?
Huw Parry, BIGGA Education Chairman and Course Manager, Bristol and Clifton Golf Club.

2.10 – 2.40pm
HOW TO GET YOUR OWN WAY AT WORK...
EVERY TIME
A vigorous and challenging introduction to the art of influence and persuasion – Frank Newberry, Management Consultant.

3.20 – 3.50pm
GROWING IN PHILOSOPHIES ON A NEW GOLF COURSE
Terry Buchen, Superintendent, Double Eagle Golf Club, Galena, Ohio

3.50 – 4.20pm
TROLLIES – DO THEY REALLY DAMAGE OUR GOLF COURSES?
Andrew Boyd, Head Greenkeeper, Bridlington Golf Club

BIGGA ANNUAL GENERAL MEETING
5.15pm at the Old Swan Hotel. Membership cards must be produced.

QUIZ NIGHT
9.30pm at the Old Swan Hotel.

Thursday, 20 January 1994

Seminar Programme Session B – Royal Hall
9.30 – 10.00am
THE GREENKEEPER AND THE RULES OF GOLF
Peter Greenough, Brough Golf Club

10.00 – 10.30am
TEAMBUILDING
Derek Keen, Area Golf Course Manager, Tudor Park Hotel Golf & Country Club

11.10 – 11.40am
PROs AND COs OF BENTGRASS
David Duke, Deputy Course Manager, Wisley Golf Club

11.40 – 12.10pm
THE HISTORY OF GOLF AND GREENKEEPING
Ian MacMillan, Course Manager, Balbirnie Park Golf Club

SECOND EUROPEAN FORUM
12–2pm at the Old Swan Hotel. Aimed at ascertaining the needs of greenkeepers throughout Europe. Speakers include Tommy Lindelof from Sweden, Tor Senstad from Norway and Frederick ten Hage from Holland.

All international members are invited to attend.

INSTITUTE OF AGRICULTURAL ENGINEERS – AMENITY & ECOLOGICAL ENGINEERING GROUP MEETING
2–5pm at The George Hotel. “Golf course engineering – from green field to fine turf.” Free admission to BTME delegates on production of registration badges.

Seminar Programme Session C – Royal Hall
1.40 – 2.10pm
INITIATION OF THE INNOCENT
Jane Leyland, Reaseheath College

2.10 – 2.40pm
STANDARDS FOR GOLF GREENS
Tim Lodge, B.Sc., Sports Turf Research Institute

3.20 – 3.50pm
LET’S PUT A POND IN
Mike Sheehan, Golf Course Manager, Mere Golf & Country Club

3.50 – 4.20pm
LIGHT AT THE END OF THE TUNNEL
Tony Smith, Course Manager, Teesside Golf Club

EXHIBITION BANQUET
and cabaret from ‘West End Nights’, Old Swan Hotel.

Friday, 21 January 1994

Seminar Programme Session D – Royal Hall
10.00 – 10.30am
IS THE GRASS REALLY GREENER IN EUROPE?
Nicholas Davies, Course Manager, Schloss Schwobber

10.30 – 11.00am
ORDNANCE SURVEY – MORE THAN COARSE MAPS
Peter Dickens, Chief Surveyor, Ordnance Survey Office

11.00 – 11.30am
EARTHWORM CONTROL
Stuart Ormondroyd, B.Sc., Sports Turf Research Institute.
FROM THE CHAIRMAN

The 1994 BTME is even bigger than the record-breaking 1993 event.

Almost a year's worth of work by many people has made it possible for me to make that simple statement and whilst the BTME has certainly caught the imagination of exhibitors and delegates, let no-one assume that the show's organisation happened by itself.

As we look forward to a great week in Harrogate, I want to pay tribute to everyone in BIGGA, especially Louise Lunn, for sterling efforts in achieving what many thought would be impossible - to create a show of even more industry importance than in 1993.

Thanks also to the BTME Steering Committee, staff, Board of Management, Regional Administrators, Section Secretaries, everyone in the industry and all the members - thank you for working together to build a brighter future for us all.

New for 1994 is the inclusion of BIGGA's annual general meeting, at 5.15pm on Wednesday 19 January at the Old Swan Hotel, which hopefully will allow more members to participate and make some constructive input. The move to using BTME as a suitable venue for the AGM is specifically designed to gain wider response from a wider spectrum of members. Don't forget, you will need your membership card to gain admission.

The BTME is an occasion to meet up with old friends, make new ones and enjoy a camaraderie unique to our profession and our industry. Exhibitors - as you will read in the following pages - have lined up an almost overwhelming display of equipment and services. Speakers in the seminar programme come from different backgrounds of experience, indeed from different countries, but have come together with the common aim of enriching your job and your life.

Enjoy yourself!

JOHN CRAWFORD, Chairman, BIGGA

IS YOUR BUSINESS GOLF?

Ours is

Since 1970 Watermation irrigation systems have helped to create and maintain the top championship golf courses around Britain, Ireland, Europe and worldwide.

See us on Stand B20 at BTME
Frank Newberry is a lively and popular trainer with clients all over the UK. He combines down-to-earth knowledge and experience with great energy to provide stimulating and practical presentations.

Frank's talk is about the art of influence and persuasion at work. This topic is a sensitive and difficult one for many people and Frank has said that he is keen to quickly get the right atmosphere in the conference room. He has requested that the doors be closed at 2.10pm sharp on Wednesday and that there be no late admittance or re-entry to the conference hall until he ends his presentation.

How to get your own way at work... every time by Frank Newberry is presented at 2.10pm, Wednesday 19 January in the Royal Hall.

John Hacker and David Stansfield combine their talents and experience to present Grasses on the golf course, in the two-day educational workshops.

John Hacker is a consultant agronomist with Professional Sportsturf Design (North West) Ltd. Prior to going into full-time consultancy work, John was senior lecturer at Myerscough College where he developed the National Diploma in Turf Science and Sports Ground Management. For three years he was examiner for the City & Guilds Phase II Greenkeeping and Sport Ground Management Course.

David Stansfield has been a golf course agronomist since 1978. For many years David was a senior agronomist with the Sports Turf Research Institute and acted as consultant agronomist to the R&A championship courses in England on their behalf.

Grasses on golf courses by John Hacker and David Stansfield, Workshop One, Monday-Tuesday, 17-18 January at the Old Swan Hotel.

With 24 years as a head greenkeeper and an ambition to achieve the Master Greenkeeper status, Ian MacMillan is an ideal candidate to present The History of Golf and Greenkeeping.

The course manager at Balbirnie Park Golf Club started his greenkeeping experience when as a junior member of Cambuslang Golf Club in Glasgow, he was more often to be found helping the greenstaff than playing golf. Ian's been with Balbirnie Park, in Fife, for over ten years and appreciates their support in his quest for knowledge. "Education plays an important part in my life," he says. Ian spent five years at Elmwood College and is now back there in the second year of a HNC in golf course management - a qualification he hopes will lead to HND.

The History of Golf and Greenkeeping by Ian MacMillan is presented at 11.40am, Thursday 20 January in the Royal Hall.

Huw Parry has been a member of the BIGGA Education Sub-Committee for three years and Chairman for the past two years. Huw has been a member of the BIGGA Education Sub-Committee for three years and Chairman for the past two years. Previously he was course manager at Caerphilly Golf Club.

As Chairman of BIGGA's Education Sub-Committee, Huw has close involvement with college liaison committees and is a member of the Working Group that has written the new GTC Training Manual.

Education has always been a major part of Huw's involvement with BIGGA and his aim is to create excellence in greenkeeping and golf course management through education and training.

Education - where do we go from here? by Huw Parry is presented at 1.40pm, Wednesday 19 January in the Royal Hall.

Stuart Ormondroyd joined the STRI staff as an agronomist in 1982. His advisory work has involved all sports in the regions of Scotland, Wales and the north of England until 1986, when he joined the newly formed golf unit.

For the last seven years Stuart has specialised in advising golf courses in the north of England, the Midlands and Ireland.

Earthworm control by Stuart Ormondroyd is presented at 11am, Friday 21 January at the Royal Hall.

It's the results that count at BTME

Jayne Leyland’s presentation, Initiation of the Innocent is designed to reflect the experiences felt — and sometimes endured — by those people new to the industry. Thirty four year old Jayne turned professional before returning to greenkeeping when he seemed logical to her to combine her two passions of sport and horticulture. She gained a distinction with her National Certificate in Horticulture at Reaseheath College 1992/93. The subject matter of Jayne’s paper is an introduction to the first year of studies for the new BTEC Higher National Diploma in Golf Course Management held at Reaseheath College in Cheshire. Content will include brief details of the relevant theoretical and practical subject areas covered, together with other experiences encountered during the first year — for example, a very rewarding study tour to Scotland.

Initiation of the Innocent by Jayne Leyland is presented at 1.40pm, Thursday 20 January in the Royal Hall.

The people Terry Buchen, golf course superintendent from Ohio, has worked with make up a veritable who’s who in golf. Terry — who collects his Master Greenkeeper Certificate at this year’s BTME — has grown-in 11 golf courses across the United States alongside Jack Nicklaus, Tom Weiskopf and Jay Morrish, Tom Fazio, Pete Dye and Ted Robinson. Terry comes from a family of golf course professionals is a former PGA Tour agronomist and advance-man on the regular US Tour. He will speak in Harrogate on growing in philosophies on a new golf course.

Forty six year old Terry is also a contributing editor to an American golf course news magazine and writes a column ‘the savvy superintendent’.

Growing in Philosophies on a New Golf Course by Terry Buchen MGC is presented at 3.20pm, Wednesday 19 January in the Royal Hall.

Mike Sheehan has been in greenkeeping for 22 years. He spent a short time as an assistant professional before returning to greenkeeping.

Mike started his career at Childwall Golf Club in Liverpool before being promoted to deputy head greenkeeper at the age of 21. At 23, he left Childwall to become head greenkeeper at West Derby Golf Club in Liverpool, where he spent four years at this beautiful parkland course.

In April 1983 Mike then moved to Mere Golf and Country Club working for Hawkstone Park Hotel Group as golf course manager. In January 1984 Mere was bought by entrepreneur Stephen Boler and since then there have been many major developments at Mere both on and off the course. Mike has been involved in all the changes, which have all been carried out in-house, including tee and green construction and pond construction.

Let’s put a pond in, by Mike Sheehan is presented at 3.20pm, Thursday 20 January in the Royal Hall.

You can’t know it all, reckons Andrew Boyd, and the best way forward is to keep on learning.

Andrew will be applying his knowledge as head greenkeeper at Bridlington Golf Club to his chosen subject when he asks, do trolley’s really damage our golf courses?

Andrew’s love of the land started at a very early age and he went straight into greenkeeping when he left school. He moved to a firm of horticultural engineers but it wasn’t long before the lure of the golf course brought him back to where he belonged. Andrew, aged 36, is committed to his education and has attended a variety of BIGGA courses.

Trolley’s — Do They Really Damage our Golf Courses? by Andrew Boyd is presented at 3.50pm, Wednesday 19 January in the Royal Hall.

Speaking in Harrogate will be something completely different from the time Peter Greenhough took to the stage in 1988; then he was lecturing in India, Singapore, Indonesia and Thailand.

Peter, a former Yorkshire County Player and member of the Royal & Ancient Rules of Golf Committee, will speak on The Greenkeeper and the Rules of Golf.

The joint managing director of an insurance group and present captain of Brough Golf Club, has an extensive knowledge of his subject for the educational seminar programme. He was guest lecturer at the Royal Canadian Golf Association Rules Seminar and Examinations in 1988 and is presently serving on the R&A’s championship committee.

The Greenkeeper and the Rules of Golf by Peter Greenhough is presented at 9.30am, Thursday 20 January in the Royal Hall.

Peter Dickens, chief surveyor with the Ordnance Survey Office, brings his experience to bear in his presentation Ordnance Survey — More than Coarse Maps. Hear Peter at 10.30am, Friday 24 January in the Royal Hall.

With a degree in botany, Tim Lodge carried out plant physiology research for two years and worked for 18 months as a botanical surveyor for the Suffolk Wildlife Trust before taking up his present post, in 1989, of golf research officer with the R&A.

After six months study of pure sand golf greens, Tim took responsibility for a research programme investigating the construction, irrigation and fertiliser nutrition of UK golf greens, funded by the R&A.

He is currently engaged in a survey of golf greens from golf clubs throughout the UK, in order to identify the range and forms of greens encountered and to establish standards of performance.

Standards for golf greens by Tim Lodge is presented at 2.10pm, Thursday 20 January at the Royal Hall.

With a degree in botany, Tim Lodge carried out plant physiology research for two years and worked for 18 months as a botanical surveyor for the Suffolk Wildlife Trust before taking up his present post, in 1989, of golf research officer with the R&A.

VITAX ULTRAFL0
THE ULTIMATE WETTING AGENT

Formulated for today's climatic conditions. Water is one of our planet's most precious resources using it more resourcefully, makes both economical and environmental sense.

Once a year treatment.
Rapid and deep penetration through thatch and dry patch affected turf.
Easy to mix in cold water and use in cold climatic conditions.
Major savings on future watering and irrigation requirements.
Maximises the benefits of subsequent fertiliser and chemical applications.
Successfully trialled by a number of leading U.K. Golf Courses.
Available in 10 litre containers.

NEW VITAX GRO-COVER PEGS PLUS EYELETS

Vitax Gro-Cover, the microperforated polythene germination sheet with its unique funnel shaped perforations, was launched at the BTME 1990.

Hundreds of satisfied users have told us that it provides the most cost effective means for better and faster grass seed establishment.

Their only request: could we improve the means of anchoring the product down on windy and exposed sites? We always listen to the trade and we have solved the problem with the new Vitax Gro-Cover pegs plus eyelets.

ADAS offers a comprehensive consultancy service for the management of golf courses and other sports turf facilities. At BTME this year we will be featuring the ADAS Golf Course Management Scheme, the objectives of which are:

(i) to place golf course maintenance on a sound scientific basis;

(ii) to give complete technical support to greenkeepers;

(iii) to provide full information for decision making;

(iv) to maximise golfer satisfaction with the course.

Contact: Wendy Penny

Aquaplast Irrigation's manufacturing partners Revaho B.V. produce highly competitively priced PE pipes for irrigation systems. Offering both a 6 bar and 10 bar range from 20mm to 110mm the pipe you want is available with quick dispatch direct to site. Aquaplast irrigation offers complete systems which are powerful yet friendly and each is designed to meet a customer’s own specific irrigation requirements. Our installation teams are fully equipped and experienced to install to your instructions. Aquaplast can offer installation flexibility with either partial or total schemes.

Experience in all aspects of applied water control and exposure to the latest technology – control panels, sprinkler heads, pumps and ancillary equipment – allows us to give our customers the most effective irrigation systems available today. Quickly responding to customer calls and providing fast service keeps them coming back. When it comes right down to it, you'll need to protect your investment – even it your budget is tight – so the supply of quality water in sufficient quantity becomes a top priority.

With our 12 years in the irrigation business Aquaplast has the expertise necessary to see that your investment is thoroughly protected and secure.

ARENA SPORTSTURF LTD

Stand No. B15
Monks Walk, Ash Priors, Taunton, Somerset TA4 3ND
Tel: 0823 422321 Fax: 0823 422321
Contact: Paul Hutton

Arena Sportsturf's stand will feature the Moneystone range of products. There is no doubt that the right selection of the appropriate materials has the most profound effect on the final result and for this reason Arena Sportsturf have chosen the full Moneystone range, including the famous Bunkersand, Top Dressing and Rootzone. Moneystone products are produced at Hepworth's quarries to the highest standard and are constantly monitored to maintain quality and consistency. Arena's complete range of accessories for golf courses plus our range of pathway materials cockleshells, bark and stone walkways will be on display.

ASKHAM BRYAN COLLEGE

Stand No. C28
Askham Bryan, York, North Yorkshire Y02 3PR

Contact: Christine Biglin (Registrar)

Askham Bryan College is the centre approved by the Greenkeepers Training Committee for all levels of greenkeeper training. Block Release: Greenkeeping; one day per week: NQV levels 1-2, City & Guilds phase 3-4.

Both full-time courses run for three years. The middle year is spent in paid employment. For more information on these and other courses come and chat to us on Stand C28.

ATTERTON & ELLIS LIMITED

Stand No. A8
Iron Works, Hamlet Road, Haverhill, Suffolk CB9 8QH
Tel: 0440 702312 Fax: 0440 712138
Contact: David Smith

For over 100 years, Atterton & Ellis have led the field with a new range of golf course requirements. Michel considers that a good selection of the mixture Barcrown, Baruba, Bardot and Heriot - amongst the most highly rated cultivars for fine turf – are found in Atterton & Ellis BAR 2, the most widely used golf mixture.

The resulting varieties dominate the STRI lists. Barcrown, Baruba, Bardot and Heriot – amongst the most highly rated cultivars for fine turf – are found in Barcrown’s BAR 2, the most widely used golf mixture.

Also on display will be Atterton & Ellis' new varieties under stress of drought, low fertility etc., mirroring the greenkeeper’s problems.

The resulting varieties dominate the STRI lists. Barcrown, Baruba, Bardot and Heriot – amongst the most highly rated cultivars for fine turf – are found in Atterton & Ellis BAR 2, the most widely used golf mixture.

BARENBRUG UK LTD

Stand No. A44
PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW
Tel: 0359 70766 Fax: 0359 71021
Contact: Michel Mulder

Michel Mulder, newly appointed managing director of Barenbrug UK, will display the company’s vast array of seeds for fine turfgrasses on Stand A44.

Greenkeepers are invited to discuss the future of the fescue, an area where Barenbrug revolutionised seed breeding for golf course requirements. Michel considers that fescues have been maligned due to incorrect selection, often on price. Barenbrug’s programme tests new varieties under stress of drought, low fertility etc., mirroring the greenkeeper’s problems.

BARENBRUG UK LTD

Stand No. A44
PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW
Tel: 0359 70766 Fax: 0359 71021
Contact: Michel Mulder

Michel Mulder, newly appointed managing director of Barenbrug UK, will display the company’s vast array of seeds for fine turfgrasses on Stand A44.

Greenkeepers are invited to discuss the future of the fescue, an area where Barenbrug revolutionised seed breeding for golf course requirements. Michel considers that fescues have been maligned due to incorrect selection, often on price. Barenbrug’s programme tests new varieties under stress of drought, low fertility etc., mirroring the greenkeeper’s problems.
