THE LEARNING EXPERIENCE

The BTME 2001 event combines the National Education Conference - 'The Learning Experience' - sponsored by Textron Turf Care with the BIGGA Turf Management Exhibition. The formal conference is supplemented with practical Greenkeeping workshops and a Seminar programme which means there is plenty to interest everyone involved in the golf and fine turf industry from Master Greenkeepers to Assistant Greenkeepers.

The event attracts Golf Greenkeepers from all over the world, encouraging learning, debate and an exchange of ideas and experience. The programme is available to both BIGGA members and non-members, although members receive preferential rates. While the technical forums are primarily concerned with Golf Course maintenance and greenkeeping issues, many of the sessions are equally relevant to general turf maintenance and groundsman- ship, and would interest those working in other sportsturf sectors. The programme also has a keynote speaker and seminars which will be of particular interest for Chairmen of Green and Golf Club secretaries.

CONFERENCE

22nd and 23rd January 2001, Majestic Hotel, Harrogate

Sessions include the following topics and speakers:

Growing
David Lawson, STRI; Dennis Mortram, Reaseheath; Dr. Paul Rieke, Michigan Univ

Human Resource Management
Frank Newberry, Duncan McGilvray, Potters Bar GC; Brin Bendon, Vector Training

Water Management
Graeme Francis, Hydroscape; Junier Brown, NRA; Kneale Diamond, Hanbury Manor GC

Environmental Management
Martin Gunn and Malcolm Peake, Temple GC; Rob Witherspoon, Guelph Turfgrass Institute Canada; Jonathan Smith, Scottish Wildlife Trust

Workshops run concurrently with the Conference sessions and includes:

Basic Machinery Maintenance, Computer Skills, Golf Course Design and Grasses/Soil Science

Wednesday 24 January 2001

Keynote speaker: Richard Noble of Thrust 2 World Landspeed Record fame

The Law and the Golf Club, Health & Safety, Golf and the Environment - the US experience, Erosion Control and Mulching

Thursday 25 January 2001

EXHIBITION

The BIGGA Turf Management Exhibition has been held at Harrogate since 1989 and is the biggest indoor show of its kind in Europe. Over 6,000 visitors and more than 200 Turfcare Industry manufacturers and suppliers were present at last year's show, and there will be even more in 2001 with the addition of a new exhibition hall. The exhibition is open from 9.00am to 5.30pm Wednesday and Thursday and from 9.00am to 1.30pm on Friday.

BANQUET

The week's events are rounded off on the Thursday evening with a banquet in the Harrogate International Centre. Cabaret entertainment this year will be provided by 60's pop sensation 'The Searchers' and singer Susan Maughan.

Is it essential or desirable?

Although by the time you read this, everything should hopefully be back to normal, as I sit and write, I have no idea where my next gallon of petrol is coming from and I have had to throw myself at the mercy of colleagues to get here to BIGGA HOUSE to complete this month’s magazine.

It does show how modern day living has become so reliant on fuel - I don’t think any of us really conceived just how much chaos could be inflicted on the country in such a short space of time.

Nowadays not many of us live within walking distance of our work and we have become so dependent on out of town shopping centres that a car is a necessity and not a luxury. Having said that we have to be responsible and I’m looking at certain car journeys and wondering whether they are really necessary - walking, or cycling, the mile to the shop for last minute groceries and sharing lifts where possible.

The situation makes me think a bit more about how golf could be affected by being so reliant on modern style living.

In debates about the growth of the game, the comparison about how many cars you find in the club car park, midweek, is often made. Back in the 60s you’d invariably find just a couple of cars, whereas now it’s hard to find a parking space at all most days.

In the past, clubs were often built beside railway stations - or vice versa - because people would use the train to get to their golf clubs, but in reality very few golf clubs are in walking distance of anywhere. I do recall cycling to my club as a youngster with clubs strapped to my back, but it’s not something you would generally see anyone over school age doing. The point is that it highlights how reliant golf is on the car. I’m sure that in the height of the blockades, golf clubs were quieter. Thinking about it a bit more, it is not just the member who would be struggling if such situations were to become more regular. You would all find it difficult to put your hand on a piece of machinery which didn’t rely on some sort of fuel to make it operational.

You might be forced into a position of deciding what jobs you could do with the amount of fuel in your possession. Do I cut the fairways fewer times a week or let the semi rough grow up a bit? It needn’t necessarily be a bad thing and it would make you think about the real priorities.

It brings to mind a phrase which I heard from a publisher a few years ago when cut backs were to be considered on a magazine I used to work on.

Ask yourself, “Is it essential or is it desirable? We just need to hope that members still consider it essential to drive to the club otherwise golf could be in real trouble.

**Sad passing of Ian Forbes**

Ian Forbes, Links Manager at St Andrews Links Trust, died last month in the St Andrews Memorial Hospital. He was 45 and had been ill for some time.

As Links Manager, Ian had responsibility for matters relating to the maintenance and running of the golf courses — greenkeepers, starters, rangers, the caddie service, orderlies, engineering workshops, property maintenance and stores, as well as retaining responsibility for championships.

In addition, he managed all the developments on the Links including the creation of the Links Centre, the Eden and Jubilee Greenkeeping Centres, the Golf Practice Centre, the Caddie Pavilion, the Eden Clubhouse and the installation of the new irrigation system.

During his time as Links Manager, the condition of the courses improved dramatically, as did the facilities and services, enhancing the reputation of the Links throughout the world.

"Ian's contribution to the management and improvement of the Links in his time cannot be overstated. He was a superbly effective manager, of both people and projects," said Alan McGregor, General Manager at St Andrews Links Trust. "His commitment to making the Links better for golfers was outstanding and he took enormous satisfaction from the improvements in the quality of the courses and the development of the teams of people reporting to him. Ian's achievements will have a lasting impact on the Links."

"The Trust has lost an invaluable member of staff and his colleagues have lost a great friend and will miss him for his dedication, warmth, and humour. The loss of Ian is a tragedy for his wife, Elaine, and their two children and our deepest sympathy goes out to them."

---

**Northern Region Golf Tournament**

This year the Regional Final was played at Fishwick Hall Golf Club, Preston. Teams representing the six Sections in the Region had been selected at the various Spring Tournaments. We were lucky with the weather once again, finding a dry slot among some very wet weather. The course was in ideal condition and was a credit to the Eddleston and his staff.

The format was the best five net scores from each team of six. Unfortunately, only one team, from North Wales, was able to turn out a full team on the day. For the second successive year, the players from the North East were counted out from the start when only four competitors appeared. The four other Sections had five competitors and all their scores would have to count. The failure of players to advise their unavailability was disappointing to all their team-mates, the reserves who were available and not least to the sponsors Richard Campey Limited.

As in the inaugural event in 1999, the result was very close and was decided on the last green. The winners were the Cleveland team of Jim Thompson, Martin Woods, Ollie Shepherd, Ian Pemberton and Neil Rogers.

We would like to thank Richard Campey for his company's sponsorship and for his attendance throughout the day and Bert Cross who organised the whole thing.

The scores were:

- Cleveland: 370
- North Wales: 371
- Sheffield: 377
- North West: 393
- Northern: 396

---

**BIGGA Scottish National Tournament**

Played over the Hawkshill Course, Newmachar, by kind permission of the Board of Newmachar GC, the Scottish National Tournament enjoyed overhead conditions which were extremely kind, with a warm and sunny day and a slight breeze just to make things slightly tricky.

Quite a change from the conditions we have had in the last two years.

Newmachar has only been open for 10 years and during this time has progressed to be one of the finest tests of golf in the North of Scotland. The condition of the course was superb and this was due to the fine effort and hard work by the greenkeeping staff, led by Dale Robertson. With 26 holes and a full size driving range and 20 bays, the staff at Newmachar have plenty to keep them occupied.

Scottish golf was always going to be very difficult with a course playing its full length of 6,600 yards, but, nevertheless many excellent scores were returned.

This year's Champion, with a fine round of 74, was David Leith, of St. Andrews.

---

The following members were the winners in the various classes.

**SGGA Challenge Cup (Scratch)**

- Champion: David Leith, St Andrews, 74.
- Friendship Trophy (Best Nett) Steven Frost, Royal Aberdeen, 67 nett
- Ransomes Trophy (Cat 1) James McCormack, Kirriemuir, 70
- Neil Kidd Trophy, Keith, (BIH) 74
- Archie Dunn Trophy, 3

---

**Auchterarder, 74**

- Petticoat Trophy (Cat 2)
  - 1. Gavin Neill, Tain, 72
  - 2. Michael Reid, Peterculter, 78
- Brian Hunter, McDonald, 81
- Hugh McLatchie, Peterhead, 81
- Dick Aitken Trophy (Best Head Greenkeeper) David Shepherd, Ian Pemberton and Neil Rogers.
-さいぐ保全 (Best Veteran) Duncan Rogers.
- SIGGA Trophy (Best Apprentice) Martin Woods, Ollie Shepherd, Ian Pemberton and Neil Rogers.
- Souter Trophy (Best Apprentice) Derek Scott, Scoonie, 74.
- St Mungo Cup (Team Trophy) North: 77
- St Mungo Cup (Team Trophy) North: 77

Inturf, the specialist grower of cultivated turf, has promoted Ian Collett to the position of Regional Coordinator dealing with turf installation projects. Ian, (pictured centre), is 36 years old, and was formerly Installation Manager for the York-based company.

Inturf's nationwide installation service means that the company's quality turf can be installed quickly on behalf of clients with limited or unskilled labour.

Inturf reports increasing demand for the service, which ensures the turf is installed to a similarly high standard as when it was grown at the company's dedicated nurseries.

6 Greenkeeper International October 2000
Major accreditation awards for Barenbrug UK

Barenbrug UK, the specialist grass seed breeder, was recently presented with two major awards, recognising the quality of the company’s complete operation and its entire staff.

Bert Barenbrug, President of the Holland-based Barenbrug Group, flew over to see the UK company receive an Investors in People award from Mike Box, Managing Director of the Suffolk Training Enterprise Council, and Ann Chittock, Business Improvement Advisor, during a special ceremony held at Barenbrug UK’s headquarters in Bury St. Edmunds. The Investors in People programme recognises the formal commitment made by a company to the training of all staff and their ongoing development.

Barenbrug UK was also presented with ISO 9002 accreditation, an assurance to customers and suppliers of the consistent high quality of all aspects of a company’s operation.

Barenbrug’s efforts to gain both awards have been coordinated by Financial Director, Neil Loveday.

Paul Johnson, Managing Director of Barenbrug UK said: “These two awards confirm not only the high standards of our staff, but also the quality of Barenbrug UK’s complete operation, from our careful research into new grass varieties to the prompt dispatch of grass seed mixtures to our customers.”

New recruits arrive at BIGGA HOUSE

Two new faces joined the BIGGA HOUSE staff last month.

Meredith Foster, as Sales and Marketing Assistant brought the Sales and Marketing team back up to full strength following the departure of Jenny Panton, while Brad Anderson joined the staff as Clerical Assistant.

Meredith, 21, returned to her home in Easingwold, near Aldwark, following the successful completion - with honours - of a three year Business Studies Degree at the City University Business School in London. During her time in London she was lucky enough to undertake a period of work experience and research at the prestigious Saatchi and Saatchi Advertising Agency and two other Covent Garden-based agencies.

Outside of work, Meredith enjoys traveling having spent time in Canada and the United States. Her other interests include cross country running and squash while she has recently discovered a talent for snow boarding.

Brad, 17, also comes from Easingwold, and will soon become a familiar voice on the BIGGA switchboard. He is undertaking an NVQ Level 2 in Business Administration on a day release at JHP Training in York having already gained an NVQ in Information Technology. His interests include computers, electronics and music.

Major investment for Scotts UK

Scotts UK Professional is investing £50,000 in a major new fine turf trials area at Scotts Levinning Research Station near Ipswich – Europe's largest independent commercial horticulture and turf care trials facility. The new project is the construction of a 2,000 sq m golf green built to full USGA specification.

Four times larger than an average course green, the facility will enable Scotts to research turf nutrition and chemical treatments under the specific and exacting conditions found on most new courses.

Installed by specialist contractor Ray Chisnall, the new green is built on a 100 mm coarse gravel, fully drained base, covered by a 50 mm binding layer of finer grit to prevent integration of the rooting zone with the base. The upper rooting zone is a mixture of sand (85%) and Shannon Superfine Peat (15%).

“It is important that we tailor products to meet these particular circumstances, and this huge ‘green’ is ideal for the job. It is big enough to run a sufficient number of trials each year and still leave a large enough area fallow to recover from trials the previous two years,” Trials Officer, Stuart Staples said.

Installation of pop-up irrigation is currently underway on the green, and Stuart anticipates seeding with a Barenbrug Bar 2 seed mixture by mid-September.

George Eastwood's German adventure

Reaseheath College Golf Course Manager student, George Eastwood, reports on his work placement in Germany.

I am a student at Reaseheath College, currently in the fifth semester of my Higher National Diploma in Golf Course Management. The fifth semester required me to enter the golf industry and apply my studies as a trainee greenkeeper and to report back to my college on my progress.

I was lucky enough to secure a position at Hamburger Golf Club and, although initially I had doubts as to whether I was making the right decision, from the first day, Norbert Lischka, the Head Greenkeeper and the rest of the Greenkeeping team, made me feel at home.

As I write, I have been working in Hamburg for five months of my six month contract, and I am enjoying the experience very much.

The six month contract which I received, states that I will carry out all the normal Greenkeeping duties on a five day week, and will receive payment of 1100 Deutsch Marks approx. £462, which is not a large amount of money, but with accommodation paid for, has been enough to have a good life.

The course itself is a wood, heathland course designed in the 1920s by Harry Colt, and Morrison Traditional Style. This is my first time working on a fully mature golf course and I have gained an understanding on how time can have an effect on a golf course. Although I am a student and I am still learning this profession I have been treated with the respect of a qualified professional, and my position is highly regarded by all the staff. This has been of great benefit to me, as I feel more involved with the organisation, and keep a strong interest in the work that I am doing, and what is happening on the golf course.

The language barrier has been a problem at times, but I feel that this has been a benefit to me, as I now realise the importance of communication and gathering information. After five months I have learned enough of the language to communicate with those who cannot speak English.

‘I feel that my time here in Germany has given me a great insight into how golf is seen in another country, and a wonderful experience of life in Germany. I think I will find it very hard to leave this place and all the friends I have made at the end of my time here.

My tutor from Reaseheath, Brian Jones, was most helpful in arranging this opportunity as he made the first connection with agronomist, Bruce Jamieson, who took the time to meet with me at BTME last January.

Bruce organised the sponsorship of my work placement and the payment of flight costs by TORO machinery as the club has a five year contract with TORO Europe.

Thanks to Bruce and Brian for their help in making the trip possible.

CGSA International Turfgrass Conference and Trade Show

Vancouver, 24-27 February 2001

BIGGA's links with the CGSA grow over stronger as the presence of their members at BTME testifies. Their 2001 Conference and Trade Show will be held at the Vancouver Convention and Exhibition Centre from 24-27 February. Departure will be from Heathrow Airport on Thursday 22 February at 1305 hours returning from Vancouver on Wednesday 28 February to arrive at Heathrow the following morning. Accommodation will be provided at the Waterfront Centre Hotel which is one of the CGSA official hotels.

Itinerary

Thursday 22 February
Assemble at Heathrow Airport for the 1635 hours British Airways flight direct to Vancouver arriving at 1815 hours. You will be transferred to your hotel for a six night stay on a room only basis inclusive of private facilities.

Wednesday 28 February
You will be transferred to the airport for your return flight departing 1030 hours to arrive in London at 1345 hours on 1st March.

Prices
Prices are £665 per person based on a twin share and £849 per person based on single occupancy plus comprehensive holiday insurance for the duration of 125 per person.

Included in the price are return economy class flights from London Heathrow to Vancouver with inflight refreshments and meals, airport taxes and transfer from the airport to hotel and return; six nights accommodation on a room only basis and Canadian accommodation taxes.

Bargain breaks
To secure a reduced price a deposit of £150 per person is required. Alternatively a payment of £335 per person inclusive of Canadian accommodation taxes is available. This is a package deal and excludes flights and insurance. Due to the current high demand for flights, non-refundable non-transferable deposit payments are required.
John Deere’s most northerly mower?

Shetland’s only 18 hole golf course, on the main island at Dale, acquired a new 3235A lightweight fairway mower last spring - shortly after the arrival of new Course Manager, Ian Donaldson.

“I was one of the priorities when I came to the club, as there were quite a few older machines that needed replacing,” he said.

“The fairways were being cut out with an outdated set of trailed gangs, so I ordered the new mower from Orkney dealer Bobby Flett in March.

“I’d had demonstration of the 3235A at my last course, so I knew what I wanted. As far as I’m concerned, there’s no other fairway mower to touch it, and I’ve tried all the other makes.

“We use the machine twice a week for a total of 24 hours cutting the fairways, and the only problem in more than 500 hours of operation has been a hydraulic drive motor that was replaced quickly under warranty with no fuss.

Picture shows (left to right) John Deere dealer Bobby Flett, Shetland Golf Club Course Manager Ian Donaldson, Club Captain Ronnie Cair and John Deere Territory Manager Richard Charlton with the 3235A mower.

Financial support for GCSAA exhibitors

The largest trade show in the world for the golf course management industry, the GCSAA Conference and Show in Dallas on February 15-17, 2001 will once again be financially supported by British Trade International under the SESA programme.

The Agricultural Engineers Association will act as the sponsor and the grant is available to all UK based companies involved in exporting from the UK.

Support for eligible exhibitors: 60% of expenditure on stand space and construction, up to a fixed ceiling of £2,300.

First Time Exhibitors Package: A structured package of information and advice, in addition to the basic grant for those companies exhibiting with support for the first time in any market.

Applications for the grant must be received by the Agricultural Engineers Association before 15th November 2000.

Contact: Debbie Dale, Agricultural Engineers Association Overseas Manager.

Football Groundsman of the Year Award

Mark Robinson, head groundsman of Premiership Derby County’s Pride Park Stadium has been named IOG Professional Football Groundsman of the Year at Saltex.

His award, a silver plate and holiday for two, was presented by IOG director Carl, who sits as the co-chairman of the playing surfaces committee of the Premier and Football Leagues. The final judging, on groundsman skills including management and maintenance techniques, was carried out by Carl and IOG Director and National Treasurer Alex Millar.

“I am deeply honoured by this award, particularly as it has been given by fellow professionals who know the pressure we are under,” said Mark. His pitch was named top in the Premier League earlier in the year by STRI judge Stephen Baker. The other contender for the top IOG award was: Division One:Steve Patrick of Blackburn Rovers.
Division Two: Steve Drew of Bristol City.
Division Three: Mike Heather of Chesterham Town.

In last month’s issue we used a red cross to illustrate the article on the winter health check for golf courses, and in doing so we inadvertently contravened the “Statute ruling” which states that the Red Cross symbol is protected by statute and may only be used by member groups, societies of the Red Cross and the Red Crescent Movement.

We apologise unreservedly to the Red Cross for the breach.

Letters

Education matters: Both old and new

I feel that I have to comment on the statement in Steve Isaac’s article, in last month’s issue, that there has been a slight rethink on the subject of autumn fertilisers, on the part of those with dominantly annual meadow grass who see their turf turn a sickly yellow. Surely he and they have heard of the greenkeepers’ friend, sulphate of iron, which imparts colour for the benefit of those who equate colour with quality, without all the harmful effects of fertiliser. It also, needless to say, acts as a mild fungicide, hardens the turf, acidifies the root zone (discouraging worms) and blackens moss.

Applying NPK fertilisers as late as the end of August would be regarded by many experienced traditional greenkeepers as too late anyway, but such fertilisers in autumn not only encourage Psa annua to dominate but set up fearsome Fusarium attacks. When students in both Greenkeeper International and other turf magazines report through articles a big swing in the States towards traditional (low fertiliser)Seeding greens is something nothing for me in an award scheme - after all there must be thousands of people nominated, some who will be under the mistaken impression that there is nothing for me in an award scheme - after all there must be thousands of people nominated, some with only a few years experience who are not as good as me and some who will be more. If all your judges have as much enthusiasm and experience as Jimmy Nelson, and are willing to pass that on in the same encouraging and motivating manner then every one of those nominees will have had a worthwhile experience.

Meeting a man willing to share a lifetime of knowledge is worth more to me than any trophy Jimmy, I look forward to meeting to again soon.

Can I just say what an enjoyable afternoon I had meeting Jimmy Nelson for the first time and walking my course with him under the premise of his judging our groundsmanship skills including management and maintenance techniques, and more courses not for the benefit of our profession but to serve the students in both the Premier and Football Leagues. The final judging, on groundsman skills including management and maintenance techniques, was carried out by Carl and IOG Director and National Treasurer Alex Millar.

BIGGA wants you!

Why become a Greenkeeping Member of BIGGA?

I had the very same question asked of me recently but with a slightly different edge... what do the Golf Club gain from having Greenkeepers being members of BIGGA?

I started with the obvious, Greenkeeper International. A monthly copy of this award winning magazine drops on the doormat of every member each month. Full of news, views, reviews and updates, section information and editorial features. (Subscription to this magazine alone would normally cost £36 per year). A must for all in the industry.

I then highlighted the new Greenkeeper Training Courses which are designed to meet the needs of all greenkeepers. These courses are heavily subsidised thanks to the BIGGA Education and Development Fund. Courses range from 2 day courses in Getting Started in Management Skills for Greenkeepers to 1 day courses in Essential Budgets Work, Human Resource Management - Leading Teams into the 21st Century to 1 day courses in Essential Management Skills for Greenkeepers, Making Meetings Work and Skills in Completing amongst others.

Not forgetting BTME which is held in January at Harrogate each year. With over 2,000 exhibitors and 7,000 delegates, this is Europe's largest indoor fine turf exhibition and features a showcase of the latest advances in machinery, products and services within the industry. Running alongside BTME, The Learning Experience is perhaps the most comprehensive education programme available to the greenkeeping profession. All BIGGA members are eligible for discounted rates on accommodation, seminars, the National Education Conference and workshops.

Then something new - thanks to contributors to the Education and Training Department, BIGGA is encouraging the Continuing Professional Development (CPD) of greenkeepers by the introduction of its free CPD scheme for members. Further information can be obtained from the Education and Training Department at HQ, or in your CPD2000 Brochure, which was free with last month's magazine.

Also, members have the use of the BIGGA Lending Library, containing over 600 books and 250 slides and FREE field guides are available.

All the above Education and Training opportunities are aimed at bringing members up to date with what's new in the industry, and helping them carry out their jobs more effectively. Golf Clubs can only continue to benefit from their Greenkeepers being members of BIGGA.

As Membership reaches a record breaking 7,100 with a fantastic Greenkeeper membership figure of 6,200, Tracey Madisson, BIGGA's Membership Services Officer asks "Can you afford not to be a BIGGA member?"

BIGGA welcomes you!
