At BTME 2013 Dennis and Sisis will be exhibiting the Sisis Rotoraize TM1000, this popular tractor mounted scarifier gives the user a combination of scarification and linear aeration. Available with either 1mm, 2mm or 3mm tungsten tipped blades and variable spacing options, scarification, verticutting & aeration can be completed while contra rotating reels ensure a clean and consistent groove. The floating unit affords fast ground coverage and working width and depth are 40mm and 30mm respectively.

Also on display, the Sisis Autoslit purpose-built, easy to operate pedestrian slitter is ideally suited to outfield and fine turf work to aid compaction reduction and water percolation.

The Dennis range on show includes the Razor Ultra 560 mower developed for golf greens and tees, cricket pitches and bowling greens. The eleven blade cutting cylinder is relief ground for improved cut quality and longer inter-grid intervals. The Raan Ultra 560 also incorporates heavy duty independent cutter and roller clutches for smooth take up, an ultra-short wheelbase for undulating greens work, tungsten tipped groomer to cut lateral grasses prior to cutting and quick height adjuster.

Cut width is 560mm (22”) and the Honda GX120 engine, with Q9 technology, ensures low noise & vibration levels. The Razor Ultra 560 also incorporates heavy duty independent cutter and roller clutches for smooth take up, an ultra-short wheelbase for undulating greens work, tungsten tipped groomer to cut lateral grasses prior to cutting and quick height adjuster.

The Section was in a healthy state, with twenty-three members. This year we asked members to give reasons why they should confirm their place by contact as their membership fees for 2013 will have finished, but I would shortly be with us. I hope all goes well for the future.

The last few weeks have been slightly better than the usual with some cold winds and not quite as much rainy stuff except if you are further down the country, even the east coast can be suffering somewhat with more growth and softer conditions, however, we are now into December and Christmas will shortly be with us.

What a thought, where does the year seem to have gone? I think most people would like to see the back of this year and a bright new future ahead but sadly they tell me our predications of wetter summers and milder winters may well be the norm, god forbid.

The good news was that I was now playing in the National tournament at Irvine Bogside which was a fairly uncharacteristic links course and couldn’t believe how good the course was and how dry it was, well done to Derek Wilson and his team for producing such a superb golf of, one that I hope I was able to accomplish this over my two years.

The section would like to thank Haggs Castle golf club for assisting us with a venue and Scottish golf for the use of their facilities on the day. I must thank Stuart Taylor for his services and all the club members.

I am happy to report that the Jimmy Neilson Trophy over 9 holes of stableford golf would have been won by Watson of Peterculter golf club on 25 October with David Neill from Auchterarder being the runner up. The event was in very good condition. The season is now drawing to a close and everybody will be thinking about their winter programs.

The weather has been slightly better as well as all the club members reporting that we can get projects started. We held our AGM at Edinburgh GC with twenty-two people attending.

In the autumn we had an opportunity to introduce first-hand what’s going on to the membership of the North section would like to wish all our members a merry Christmas and we will all meet up again when we return in the spring.

Next year our Spring outing is not far off and hopefully there will be a good turnout from both north and South and we will all meet up again when we return in the spring.

As Chairman and wish him the best for next season, I look forward to catching up with a number of the members and to promote the association in the coming year. My particular that of the Trade and members for their support and in particular Stuart Greenshields of Scott Ballantyne for allowing the use of the Jimmy Neilson Trophy.

The Committee would like to express my thanks to all those on the Scottish Board, for their support and help during our time in office and state how much I enjoyed the challenge of obtaining the standard required to promote the association in the Scottish Region.

At the same time I was made the Chairman of Scotland Regional at the STRI so I would like to wish everybody a Merry Christmas and a Happy New Year, and all the best for the next season.

After some changes in the committee set up Robert and I have been taken into the new news.

We would like to pass on our sincere thanks to Ross Macase for doing the report this year.

The Committee would like to start by offering an apology to our members for their not being able to attend many of the events this was not our fault just a breakdown in communication with one another and some other issues.

We now have the news with us and we start with the Autumn outing at Granton-on-Spey the winners being as follows; Neil Simpson (Penicuik GC) (the 8th Blyth Crieff), 11th Paul Sharp (Peterculter)

We would also like to pass on our best wishes to Richard Price of Stillwater Golf Club who has an operation on his eye and we wish him well and thank you very much for all your help and assistance over a fairly long period.

To Chris Ungar we wish all good luck and success on finishing as a runner up in the Euro student greenkeeper of the year.

Chris wins an all expenses paid trip to Harrogate for the trade show and I am sure his boss Paul Sharp will look after him well.

The Two Patron Awards this year are George Mitchell of Newton Stewart Golf Club and Paul Sharp from Peterculter Golf Club so well done to them both. Chris, Neil and Stuart are all well paid trip to BTME.

and Prudhoe. We also recruited some former members, so altogether we have sixteen members extra. It just goes to show what you can achieve by paying a visit. It’s hoped that over the summer months that there will be further visits which have to be mapped out carefully as we try and visit five or six clubs at a time.

Our next news is the appointment of a new Head Greenkeeper at Whitley Bay who is David Wilkinson formerly of Windermere Golf Club.

We wish him well in his new role.

David and I first met in the time of the Regional Greenkeepers Championships and I met him this year at his home during The John Deere qualifier.

I think he will find that it doesn’t rain as much there as it does in the North East on average.

OK, thats it for time being.

There should be no further news until next time, so I hope most of you will visit BTME and take advantage of the free courses which will be available during your one day trip to or from the show. We would all send them to attend other courses.

Some time in 2013.

NORTHERN

Good afternoon chaps, fellows and so forth.

I start with a slight regret. Our condolences go to the parents and family of our Chairman, Don Edwards, who was involved in a fatal accident today. It’s a very sad note I start with.

Good afternoon chaps.

I’m afraid.

Last thing guys, in my last notes I mentioned a trip out to The Open and our guys I met at The Open and our good subjects.

Well, I’m pretty certain that a visit to the course will be on the agenda before it.

Anyway I’m sure you’ve heard enough. I hope you all have a fantastic Christmas and an even better New Year.

Jim Stevens

NORTH WALES

Well it really is a midwinter code with a thin layer of snow coating the ground in the dark; we are all looking forward to our Christmas break.

Our Christmas tournament took place on 21 November at Oswestry golf club, as normal, there was no entry list to quote so the day will be posted on our Facebook group.

The day was a bit of a disaster due to the wet and windy weather.

I must thank everyone at the golf club for their support on the day and all the players for everyone who turned up that day to enjoy the程序 and all the players who we were supposed to play.

We continue as an industry to strive to be better, to increase our profile and image of the industry.

If we all look at ourselves and improve the last year we will all be making a difference.

Sheffield section recently had the pleasure of holding a day at their Northern Region Conference held at Phoenix Sports and Social Club.

I must thank everyone at a day at Beetham Golf Club for their support on the day and all the players for everyone who turned up.

We are still making an appeal for members’ e-mail addresses and education requirements if you could all please forward your details to e-mail@northul.co.uk please.

It is with great pleasure that the northern section team of myself and Jo Wright would like to announce that Ron Rothwell was the interception tournament winner.

A great day indeed had by all and many thanks to the top man Alan Skinker for putting on another top class event.

I don’t really know, it’s hard to say depends on the weather.

Our thanks to Chris Parmar and his team for getting it all done.

This is what I see this on next month’s calendar page?
A quick Chat looking rather portly and indeed very odd of too.

4. Which task do you most enjoy doing and why? 
5. Which task do you least enjoy doing and why? 
6. What was it about the career that attracted you? 
7. What do you do to improve the greenskeepers' lot? 
8. Favourite Band?

Good weather every day of the year for the odd day of rain for irrigation

Hobbies?

Music, Art, Photography, Travel

8. Favourite Band? 

Coldplay would be the top

9. Which team do you support in football or otherwise?

The news for the appointment of a new Head Greenkeeper at Whitley Bay who is David Wilcock of Windermere Golf Club. We wish him well in his new role.

David and I first met in the mid nineties at the Greenkeepers Championships and I met him this year at his home during The Open. I think he will find that it doesn’t rain as much there as it does in the North East on average.

OK, that’s it for the time being.

There should be no criticism of the weather but I hope most of you will visit BTME and take advantage of the free courses that will be available during your one day trip or to networks and discuss ideas and you will send them to attend other courses.

Good afternoon chaps.

It’s a very sad note I start with.

The intersection day took place at Bingley St Ives GC on 1 November and our team of Pete Maybury, Andy Slimby and Elaine Jones from HQ for looking after us and the organisation of the event.

Congratulations to another top bloke on the birth of his 2nd child, Richard Smith and on the beautiful little lad called Joshua who are both doing well, fantastic.

This is my way back to my old stomping ground of South Yorks, and our regional conference at the Phoenix Golf club in Rotherham. It was another good day out, very interesting speakers on good subjects.

Lastly I would also like to meet up with some of my former members at PH Kent's was in the pipeline but after a poor response I will try again for you in spring.

Alan Baxter and his team for setting up a demanding but lovely course that will be available around the Green courses that will be available and take advantage of the free hope most of you will visit BTME this year.

I’m sure will involve lots of alcohol and food consumption not necessarily in that order. It is also a time to be thankful for what we have and reflect on what has happened to us over the past year. I guess it’s time for us to look at ourselves and think if we can do to provide more for the industry.

We continue as an industry to strive to be better, to increase the image of our industry. If we all look at ourselves and improve the last year we will all be making a difference.

Sheffield section recently had the pleasure of holding a very successful Northern Region Conference held at Phoenix Sports and Social Club.

I must thank everyone at Sheffield for the day on the day and it was a pleasure for everyone who took part. The winners are as follows:

Best overall was, and indeed still is as our chairman John is, as many of us remember a man that retired from the industry a couple of years ago.

The Trade prize on the day was New Holland Trac- tors, with thanks to Ted Barnett at The Compact Tractors in conjunction with Simon Gumbrell from Campey’s garden centre.

The Autumn Tournament was held at Druids Heath Golf Club on Thursday 25 February where the weather was cold, breezy but dry.

The course was presented beautifully by Course Manager Richard Smith and a very respected he was, and indeed still is as our chairman John is, as many of us remember a man that retired from the industry a couple of years ago.

If anyone would like to sponsor me then I do have a JustGiving page set up or you can text/call/email me and it’s a very simple process.

There isn’t much more to report this month so I’d like to wish all our members a very Merry Christmas and a very Happy and Prosperous 2013.

NORTHERN

Good afternoon chaps.

It is with great pleasure that the northern section team of myself, Rhys Thomas, Secretary Andy Lane MBPR and Tracy’s cakes should be posted to Andy’s house.

I am sure he won’t mention it at the AGM.

Good weather every day of the year with the odd day of rain for the greenkeepers’ lot?

I could never be indoors all day, worst nightmare.

SUSSEX

BIGGA Essex, Sussex and Surrey went to Redbills Golf Club yesterday, and we all enjoyed the experience. It was a very good course, with some challenging holes, and I am looking forward to the next round.

My mom said that the weather has changed! The blower is getting all kinds of use, and this has been a very good year for us. We are looking forward to the next round.

Around The Green

All different types of trees shedding, the big trees, small trees, and bushes. But on a more serious note, I do hope that this continued weather has not damaged too many trees.

We at Minchinhampton have found a few good locations to cut down all these trees! But, we are continuing our work, and we will be back in the new year with our bunker project, 5 holes, 8 bunkers, that tee and tee elevation, our bunker project.

What is your weather doing this winter? Share us with your见解 on your favourite pictures on Facebook, and say goodbye to deadlines and say goodbye to deadlines and say goodbye to deadlines. This winter is a great time for a change, and I am looking forward to the next round.

Remember this Christmas is about having a little rest, you’ve worked hard enough for 6 months, take a break, relax and enjoy some time off!

And now, like Ted, it’s time for me to go home. Good luck to everyone in the New Year. I wish you all the best. And remember, never give up, and always keep going. Merry Christmas to you all.
