“The education justifies our time here. The workshops have a good mix of courses for all levels, are well delivered and interactive, which helps delegates get involved. I attended the Turf Managers Conference for the first time, and enjoyed the individual speakers and mix of subjects”

Barry Neville, Course Manager Stanmore GC

“Congratulations to the BIGGA team for putting on an excellent event. It was great to feel a positive mood amongst the industry its members”

Simon Elsworth, Head EAME Turf & Landscape, Syngenta

“Just to say a big thank you for last week, the hospitality at the BIGGA dinner was superb. The conference and education continues to improve every year, so congratulations on a great show. Everyone I spoke to at the show was extremely positive and buoyant.”

David Cole
Golf Course Superintendent / Estate Manager
Loch Lomond

“I would like to pass on my sincere thanks to all the team for another great show and education programme. I thoroughly enjoyed the event and the Tuesday night dinner was a joy and honour to attend. Congratulations to everyone there at HQ and all your efforts are greatly appreciated.”

Dan McGrath MG
Course Manager,
North Foreland Golf Club

“The attendance speaks for itself, it was great to see such a positive turnout, which I hope will help to inject a good dose of positivity into the trade”

Derek Smith
Amenity Sales & Marketing Manager
DLF Trifolium Ltd & Johnsons Sport Seed

“A great success – a positive atmosphere throughout the event. Wednesday was fantastic and our seminar well attended”

Karen Roberts
Marketing Communications Manager EAME, Syngenta Crop Protection

“I thoroughly enjoyed my visit to Harrogate, and found it a really worthwhile experience. I live and work in a very remote area, and it is all too easy to become detached and isolated from the rest of the industry. Spending two days at the show allowed me the opportunity to not only catch up on advancements in machinery and agronomic technology, but also to meet a lot of professional people who had either never had the opportunity to speak with before, or who I had met previously but had not seen for a long time. I came back to Machrie with renewed enthusiasm and increased product knowledge, and I have no doubt that my employers and the members of the Islay Golf Club will benefit from this experience.”

Simon Freeman
Course Manager
The Machrie, Islay
First time visitor
“Having exhibited at every BTME show since the beginning we have always found meeting customers and the opportunity of networking to be extremely valuable - 2012 was an excellent show for us. See you in 2013!”

Jonathan Harmer, Managing Director, Farmura Ltd

“This was my first time to attend Harrogate Week and I couldn’t be happier. I found it to be very beneficial for us to attend.

I made many contacts that I am sure will lead to increased business. The traffic through the show was excellent on all three days.

The BIGGA staff were very helpful, the show facilities are excellent and my hotel was only a few minutes walk from the Convention Centre and the many local dining options. I’ll be coming back. Thank you again for organising such a great event.

Ted Fist
Product Manager

“I met several greenkeepers I haven’t met for a few years, and it was great to catch up. I am getting to meet a few guys each year and starting to become good friends with some now, just through Harrogate Week”

Barry Neville, Course Manager
Stanmore Golf Club

HTME is always an important event for Ecosol Turfcare because it puts us in front of a predominantly Golf audience that is international in its make-up.

This year’s Show was definitely buzzing. Tuesday was more like a Wednesday in terms of the activity and leads we took, and Thursday seemed to have more of a bustle about it. I have been delighted with the level of interest we have experienced and there are some very strong business opportunities to be grasped, so I rate the Show as having been a huge success.

A few days on from the Show, what are your thoughts?

I genuinely very proud of the efforts of the BIGGA team. It was a big week and everyone worked extremely hard and effectively to make it a success. I’m very satisfied that all the areas in which we, as a staff, had a direct influence we controlled well. Without ever being complacent, it shows that when we do what we do properly we can put on a really good “show” - in its broadest sense.

We need to make sure that we build on that and take the good will that we received for all parties and push on. The overall outcome was a positive well attended show, enjoyed by exhibitors and visitors alike.

How important was it for the Association that not only was it successful but it was perceived to be a success by the people who attended?

It is absolutely vital because BIGGA members have such an important role to play in the golf industry in terms of presenting quality playing surfaces in a professional way for their employers. The show itself - HTME - is a really important service to our members. It is a festival of greenskeeping, but it is also a superb shop window for the profession. The week is our opportunity to get like-minded individuals together who are involved in fine turf management. So it is important to have a good week as it also gives us some momentum going into the new year.

I’d looked at the stats from previous years and there are many visitors from outside of golf because so many of our exhibitors are relevant to the whole of turf, but I was surprised to see how important it was to other sports. For example, I understand that the ECB Head Groundsmen held a meeting during the week. So I was pleasantly surprised to see that our efforts to attract people from other sports had paid off and that other people do see it as an important week for them as well. I also believe that our members, indeed all visitors, stepped up and presented themselves in a positive way. It doesn’t really matter how many people come through the doors if we are not having productive conversations with exhibitors, but the feedback from the exhibitors has been very positive. Their feedback was that they had a lot of constructive conversations with turf managers about how they will spend their budget, and that they felt that that is a major reason to attend our Show.

What surprised you as an organiser, having attended as a visitor in the past?

Mainly how tiring it all was! My feet have never been so sore and by the end of the week I’d lost my voice. You are involved in a huge amount of talking and listening. I was genuinely amazed at what goes into building the stands. I hadn’t seen them being built from scratch before and watching these huge structures grow out of empty halls on Saturday evening is quite staggering.

I was also very impressed by how choreographed the whole process is - the detailed pre-event management to make sure trucks arrive at the right time and everything goes to plan is not appreciated by whoes who turn up to see the final results.

The other major surprise came when I witnessed the queues of people waiting patiently to get in at 9am for the Show and Education. I’d only attended as a Day Visitor previously so I’d arrive around 10am and hadn’t ever seen the queues. It simply demonstrates just how committed our visitors were to making their trip to Harrogate worthwhile. I was impressed by that.

What sorts of things did you find yourself dealing with during the week?

My job was very much to have conversations, put names to faces and make sure that the Association was well represented in all areas. It was fascinating to watch the whole BIGGA team look after their particular areas of responsibility and see everything that goes into it - Education, the Organiser’s Office, the Media Centre and our own BIGGA Stand. Everyone was dealing with their own issues and very little of it actually had to be dealt with by me although I was made aware of all the things that went on behind the scenes.

I was actually very pleasantly surprised by how choicenugraphed the whole process is - the detailed pre-event management to make sure trucks arrive at the right time and everything goes to plan is not appreciated by whoes who turn up to see the final results.

Again it was heartening to talk to delegates who were attending the education for the first time as well as those for whom it has become a fixture in their diaries

What did you make of the Continue to Learn Programme that runs alongside the Exhibition?

Well, I think the numbers speak for themselves, nearly 4,000 hours of education took place with numbers up 17.4% on the excellent programme in 2011. We should congratulate the Learning and Development team for putting on such a first class programme - there was something on it for everyone, meaning all sections of our membership had the opportunity to improve their knowledge and skills.

Again it was heartening to talk to delegates who were attending the education for the first time as well as those for whom it has become a fixture in their diaries. I had dinner with the various speakers and trainers on the Sunday night and they were all incredibly positive about the willingness to learn of the delegates and the overall organisation. The Seminar programme was another huge success with a record number of full rooms.
This year’s Harrogate was the first that BIGGA’s CEO Jim Croxton had faced in the role. After a long and tiring week he took time to reflect on BIGGA’s most important event of the year.

I'd looked at the stats from previous years and there are many visitors from outside of golf because so many of our exhibitors are relevant to the whole of turf. But I was surprised to see just how important it was to other sports as well. For example, I understand that the ECB Head Groundsman held a meeting during the week. So I was pleasantly surprised to see that our efforts to attract people from other sports had paid off and that other people do see it as an important week for them as well.

A few days on from the Show, what are your thoughts?

Joe Croxton

What was your personal highlight of the week?

There were three actually. Our 25th Anniversary Celebra-
tory Evening on the Tuesday and having the opportunity to listen to two legends of golf who have brought the game to where it is today.

Our President Sir Michael Bonallack and Ken Schofield both spoke passionately about the importance of our members in getting the game to where it is right now, and then the role they have to play in the future. It was quite inspiring.

The whole evening was a great celebration and there was such genuine warmth towards BIGGA and its members.

But there were two other things which were memorable to me. The first one was seeing a Course Manager who had told me a few months before that he hadn’t been to BTME in 35 years of greenkeeping and never really thought that he would.

But there he was with his boss and two Deputies, and saying that they couldn’t believe that they’ve not been before and what a fantastic time they’d had.

That was a highlight because it showed that we don’t spend all our time preaching to the converted. The other was to have an exhibi-
tor come to me on the final day, someone who had been critical in the past of some of our activity, and telling me that it was the best show that he’d have the privilege of attending in 20 years.

We have many clients who are very engaged with BIGGA, but to find someone who was, not totally convinced, to be that positive about what we’d done was a highlight.

Those three things stand out for me.

I think the other thing is that we’ve very much tailored our marketing to the appropriate audiences.

We’ve explained to our members why they should come and how to convince their employers if necessary why they should come and our exhibitors have embraced that and communicated to their own customer base and explained why their attendance is important to the whole event.

What would you say to someone who hasn’t yet been to a BTME to encourage them to come next year?

I think it is very simple. A well planned visit to BTME makes you a better turf manager and if it were me I wouldn’t be comfortable letting my competition – the thousands of other turf managers out there – improve themselves that week while I didn’t.

Conversely how would you encourage those who are regular attendees to keep doing so?

I would ask those people who are regular visitors, and who have already penned in next year’s date, how can we make it more relevant to you in 2013?

The key is that our show is not static. It needs to evolve, it needs to improve and it needs to meet the needs of both markets – the visitor and the exhibitor - and we welcome all feedback.

What can you think of that could go towards improving it for next year and beyond?

One disappointment this year was that some of our seminars were so successful they were oversubscribed and people were turned away. I know that disap-
pointed some, who had perhaps based their day around attending a particular seminar.

So we need to work hard in conjunction with the venue to find a cleverer way of meeting demand. It’s hard to know what the demand will be for the free seminars but it is always a disappointment when someone can’t achieve what they wanted to achieve while at the Show.

We have also got to find a way of making the final day more vital for all parties.

What can you think of that would present courses as well as they have been presented.

We’ve explained to our members why their attendance is important to the whole event.

So we need to work hard in conjunction with the venue to find a cleverer way of meeting demand. It’s hard to know what the demand will be for the free seminars but it is always a disappointment when someone can’t achieve what they wanted to achieve while at the Show.

We have also got to find a way of making the final day more vital for all parties.

“i would ask those people who are regular visitors, and who have already penned in next year’s date, how can we make it more relevant to you in 2013?”

As the golf industry toughens up and the facilities – the owners, management and committees – really come to realise that their unique selling points are their golf course and the customer experience that BIGGA, and more importantly its members, will become more and more at the core of the golf industry and that the skill of the profession will be properly recognised.

I think alongside that we will become increasingly recognised as one of the leading education focused bodies within the game.

We will also become more recognised as good stewards of the environment and resources as well as the playing surfaces themselves.

That is something I’ve taken from the week – there is a massive focus on sustainability and looking after the environment and natural resources and also this huge desire to present courses as well as they can be presented.
What was your personal highlight of the week?

There were three actually. Our 25th Anniversary Celebra-
tory Evening on the Tuesday and having the opportunity to listen to two legends of golf who have brought the game to where it is today.

We have many clients who are very engaged with BIGGA, but to find someone who was, not totally convinced, to be that positive about what we’d done was a highlight.

Those three things stand out for me.

Attendance figures were very encouraging and positive.

What do you put that down to?

Two things. One is transparency. I’ve been very open and I think we should all be very open about what the Show is about for us – what’s important and why people attend.

I don’t want people to think that they have had their arm twisted or that we are begging them to attend.

I think they should want to attend and we worked hard to explain to them why it is important that they do. It is important to them and also good for the Association.

I think the other thing is that we’ve very much tailored our marketing to the appropriate audiences.

We’ve explained to our members why they should come and how to convince their employers if necessary why they should come and our exhibitors have embraced that and communicated to their own customer base and explained why their attendance is important to the whole event.

What would you say to someone who hasn’t yet been to a BTME to encourage them to come next year?

“i would ask those people who are regular visitors, and who have already penned in next year’s date, how can we make it more relevant to you in 2013?”

What do you see for BiggA’s next 25 years?

Looking into your crystal ball what do you see for BIGGA’s next 25 years?

As the golf industry toughens up and the facilities – the owners, management and committees – really come to realise that their unique selling points are their golf course and the customer experience that BIGGA, and more importantly its members, will become more and more at the core of the golf industry and that the skill of the profession will be properly recognised.

We will also become more recognised as good stewards of the environment and resources as well as the playing surfaces themselves.

That is something I’ve taken from the week – there is a massive focus on sustainability and looking after the environment and natural resources and also this huge desire to present courses as well as they can be presented.
NEW PRODUCTS
The latest products at BTME 2012 reviewed

Verti Cutter
Charterhouse Turf Machinery introduced the new Verti-Cut 1200 dethatcher, which employs specially designed Verti-Cut blades that cut the lateral growth of grass roots and remove dead plant material, allowing better water penetration and more room for healthy roots to grow.

Equipped with a 5.5hp Briggs & Stratton engine or driven from a tractor PTO, the Verti-Cut 1200 offers a 1.2m working width and depending on ground conditions can work to 25mm deep.

The latest addition to the Verti-Drain range was also presented at BTME.

The new high speed 2216 can decompost to 24cm. Combining the Verti-Drain design with the latest technology; the 2216 can decompost much more quickly and efficiently, while giving the opportunity to work deeper when required and at 1.6m width is ideally suited for the golf course.

BSH to Charm the US Open Course
AberCharm has been UK-felt for UK conditions. It boasts excellent shoot density and summer and winter greenness, offering the opportunity to improve the visual quality of their greens year round.

The Slender Creeping Red Fescue Festuca rubra ssp litoralis produces rhizomes and a very dense compact sward with strong dark green colour which is maintained throughout the year. It also resists the major fungal diseases.

Highlighted in the British Seed Houses catalogue’s dedicated section on bentgrasses, TYEE & 007 ‘Superbents’ also created interest at the show.

The 007 was developed using 24 parent plants which enables these varieties to deliver the same results all around the world from the extreme heat of Morocco to the harsh cold of Western Siberia.

Cushman Turf Utility Vehicles
Brunsomes Jacobsen, presented a new range of turf utility vehicles at BTME 2012 with the launch of the Cushman Hauler.

Cushman is a name synonymous with rugged, versatile utility vehicles; they introduced the first purpose designed utility vehicle for the golf sector – the Turf-Truckster in 1969 and this latest range of vehicles continues that heritage.

When the job requires a vehicle that can navigate over and through the toughest terrain, look in the Cushman Hauler 1200X (above).

The Hauler 1200X is available as a fully electric model powered by a 48-volt drivetrain that offers 15.2 cm of ground clearance and a total carrying capacity of 454 kg.

Both models feature rugged tyres and a 0.27m³ cargo bed, for jobs that require more capacity, the vehicle is also offered with an optional 0.42m³ aluminium cargo bed; both models are used for jobs that require more total carrying capacity of 454 kg.

The 007 was developed using 24 parent plants whichenable these varieties to deliver the same results all around the world from the extreme heat of Morocco to the harsh cold of Western Siberia.

New Trilo
Trilo and The Grass Group has introduced the new Trilo B7 three-point linkage mounted blower at BTME.

Featuring a hydraulically operated 180 degree reverse spout, the B7 has wide casting wheels and the anti-scalp roller on the back to follow the most extreme undulations on the golf course.

This lightweight blower has a statically and dynamically balanced impeller to ensure smooth and vibration free operation. It also has a 340 cubic metres/min airflow. Weighting in at 210kg, it can be operated by tractors from 30hp with a Cat I or II linkage.

Qualibra
A new concept in wetting agent technology from Imperial was launched at BTME. Qualibra combines the best attributes of both the penetrant and polymer type products, into one easy-to-use solution - quickly moving water away from the surface to optimise playing quality, and then holding soil moisture more efficiently, everly and deeper within the root zone.

Breaker Dynamic
Breaker Dynamic is the new generation wetting technology from Rigby Taylor.

Introduced alongside six other new products at Harrogate Week, Breaker Dynamic is the latest wetting agent from Rigby Taylor to offer water: reduced problem management, including the control and prevention of Dry Patch.

Blending surfactants and penetrants, Breaker Dynamic alters the structure of water molecules, allowing them to spread out and move through the soil profile and thatch layer to where they are needed in the root zone.

The complex chemistry used in the product provides a long-term link between water repellent soil and irrigation.
