

Grass is indeed the benediction of Mankind

*Into Life we come, mysteriously arrived,
Great are our wants, so little we know
We see only mountains, the Sea and the
sand.*

*But we take for granted the plants, that
grow upon the land.*

*Nor do we see the blanket of Green that
covers the earth.*

*Nor do we realize how much the blanket of
Green is worth.*

*For the Family of Grass feeds and sustains
our body and soul!*

*Bread from corn, and wheat, and rye, and
oats are man's goal.*

*And Grass sustains creatures who change it
into meat and eggs and milk*

That Feed Our Body

*We walk upon this green carpet of Grass.
We play upon it while children run
and roll.*

*It is our playground of recreation and sports
and games that feed our minds and
souls*

*And Grass prevents our land from washing
into the Sea*

*And stops dust from blinding and choking
us, and provides clean air for you and
me.*

*But the needs of humanity would never
have been,*

*Were it not for the Thinkers, the Dreamers
and Scientists*

*Who created Machines and Tools and
Methods to make it possible.*

*To feed the body and Soul of People of the
World.*

*Finally, we bow down our heads to enter
the Earth and we,*

*Have a blanket of green Grass to cover our
body and Soul.*

For our long sleep into Eternity
