A St. Patrick’s Day Adventure

Nobody Does Green Better Than Superintendents

By Bill Davidson

An annual adventure in March is for my family to go to the Naples St. Patrick’s Day parade. Last year, after seeing the local Republican Club march by, the local boating store promoting its business with a shiny new boat being towed down the parade route, and my good friend’s Mommy Club pass by; I thought there is nobody that is greener than golf course superintendents and we should be out there promoting ourselves as well. After a few minutes on our local government’s Web site, I found all of the contact information I needed. Signing up for the parade was simply a phone call and a small entry fee of $100.

My original thought was to get some fairway mowers and triplexes to ride down the parade route, but logistics made that too difficult so we used carts and trucksters. In promoting what we do, I wanted to come up with something that brought the recognition of our hard work right to the community’s door step and to let people know who we are. To accomplish this, I had two 4x4-foot signs made — one said, “If you like playing your golf course, thank your Superintendent” and the other had the Everglades chapter’s name & logo and attached them to our ride.

A quick stop at a local party supply shop for decorations and we had bona fide mobile floats. Some phone calls to friends and I had a small group organized in no time. I wanted this to be a family event for the kids as well (who else is better to promote you than your kids?) and when they found out there were golf carts and candy involved (It’s a tradition at the Naples parade to throw candy to the crowd as you pass) it was an easy sell.

The reception we got from the crowd was fantastic! I think most were even surprised to see us. If you think about it, a large percentage of the people who are here this time of year play golf or have something to do with a golfing community. One thing most people don’t do well is to promote themselves. This was a great, inexpensive opportunity to promote our profession, our association and the game of golf. It cost less than $800 for signs and supplies. Plus, we had a great time with our kids doing it!

Let’s face it: On St. Patrick’s Day nobody does green better than superintendents.
2004 Photo Contest Results

Native areas on golf course require less water and other maintenance inputs. They also provide food and cover for wildlife and visual contrast to the turf.

Congratulations to the winners of Category 3 – Native Areas:

First Place - “Hole No. 2, View from the Tee” by Jim Mandeville, Bear’s Club, North Palm Beach

Second Place - “13th Tee Wildflower Bed” by Scott Hornish, Royal Poinciana Club, Naples

Category 1 – Wildlife on the course: includes any critter on the course that walks, flies, swims, slithers or crawls.

Category 2 – Formal Landscaping: includes annuals and ornamental shrubs and trees planted in formal beds on the course or club entrance.

Category 3 – Native Areas: includes beds of native plants including trees, shrubs and grasses used in naturalized areas to reduce turf inputs and aquatic vegetation plantings used to create habitat and protect water quality.

Category 4 – Scenic Hole: includes any view of a golf hole (panoramic or close up) that demonstrates the scenic beauty of a golf course.

Easy Rules

Color prints or slides. Prefer prints. Only one entry per category. Digital images: Digital image entries must be taken at a resolution setting of 300 dpi or higher and saved as Jpeg or Tif format images. Images taken, saved and sent at lower resolutions will not qualify for the contest. If you’re not sure, send a print instead. Photo must be taken on an FGCSA member’s course. Photo must be taken by an FGCSA member or a member of his staff.

Attach a label on the back of the print or slide which identifies the category, course and photographer. DO NOT WRITE DIRECTLY ON THE BACK OF THE PRINT. Each print shall be attached to an 8.5 x 11-inch sheet of paper using a loop of masking tape on the back of the print. Slides should be in plastic sleeves for easy access for viewing. Digital images must be accompanied by the same information in an email or document, or on a CD.

A caption identifying the category, course and photographer should be typed or printed on the sheet of paper below the mounted print.

Judging will be done by a panel of FGCSA members not participating in the contest.

Mail entries in a bend proof package marked “PHOTOS DO NOT BEND” to Joel Jackson, 6780 Tamarind Circle, Orlando, 32819. Entries postmarked after August 1, 2005 will be automatically entered in the 2006 Photo Contest.

Tifton Physical Soil Testing Laboratory, Inc.
Accredited by the American Association for Laboratory Accreditation (A2LA)

Specializing in:
• Testing All Materials for USGA Golf Green Construction.
• Developing Putting Green Rootzone Mixtures that meet USGA Specifications.
• Recommending Topdressing and Bunker (Trap) Sands that meet USGA Specifications.
• Developing Sportsturf Rootzone Mixes with Optimum Physical Properties for Athletic Fields.
