On the Move
PGA Tour pro Mark O'Meara get together to collaborate on Redhawk Golf Course at Temecula, Calif., three years ago they were contending by a 1-square mile site with possibly a half-dozen trees. One of their first steps was to start a 25-acre nursery above, to grow trees enough to beautify the marginalized putters. The result, Ron Fream says, is "our best course in the United States," boasting hundreds of trees that are now 15 to 30 feet high. For more on new golf courses, see pages 14-15.

International superintendents share views

For coverage of the Golf Course Superintendents Association of America's 61st International Golf Conference and Show, see pages 36-47.

Toro aerator a breakthrough

BY MARK LESLIE
The Toro Company has unveiled a revolutionary machine that aerates greens without disturbing the surface and interrupting play.

Hawaii lengthens wait

The Honolulu City Council passed an ordinance in late February requiring courses proposed on farmland to go through the lengthy annual review process.

UST coverage said crucial

BY PETER BLAIS
It wasn't so long ago at a course called, well let's make it East Overshoe CC, that an underground storage tank (UST) leaked.

Putting surface and thus keep soil in good physical condition. "We think this is a versatile tool that the golf course superintendent will be able to use in his program to provide better quality turf and to improve the stress tolerance of that turf."

Toro officials hailed the work of the researchers and the machine is
