ACCLAIM® GIVES YOU 6 GOOD REASONS TO CHANGE YOUR CRABGRASS CONTROL HABIT:

1. BETTER CONTROL
ACCLAIM® 1EC Herbicide is a postemergence product that provides effective control of crabgrass and goosegrass without damaging desirable turf.

2. MORE FLEXIBILITY
ACCLAIM is the postemergence herbicide you can use anytime during the growing season, whenever and wherever crabgrass and goosegrass emerge.

3. RESEEDING
ACCLAIM is the only postemergence crabgrass and goosegrass herbicide that can be used as labelled on newly reseeded or overseeded turf throughout the season.

4. BENTGRASS
Now use ACCLAIM for crabgrass control on bentgrass fairways and tees at the low 0.09 oz./1000 sq. ft. rate (about 15 cents) every 3-4 weeks as needed.

5. INTEGRATED PEST MANAGEMENT
Since ACCLAIM is a truly effective postemergence product, you have the capability to control annual grasses only when they are a problem and only where control is needed.

6. LESS STORAGE
ACCLAIM is packaged in quart and gallon containers that store easily and require very little space.

SPECIAL OFFER
Now you can save even more by switching to ACCLAIM. Buy 3 gallons before March 16, and get 1 gallon free.

ACCLAIM
TODAY’S BEST SOLUTION FOR CRABGRASS.

Readers praise GCN
To the Editor:
Thank you for the very fine article concerning golf course architecture and the selection of name professionals. We found the article to be fairly written and well researched.

Keep up the good work on behalf of the golf industry.

Sincerely,
Jim Applegate, president
Gary Player Design Co.
Palm Beach Gardens, Fla.

To the Editor:
We have really enjoyed your new Golf Course News magazine. Your articles have not only been very interesting, but very informative.

Keep up the good work!
Gordon C. Lewis
Golf Course Architect
Fort Myers, Fla.

To the Editor:
I would like to thank you and the staff at Golf Course News for the outstanding publication of a terrific new trade newspaper. It is a quick-reading, in-depth education I look forward to each month.

Sincerely,
Cal Roth, Director
Course Maint. Operations
TPC/PGA Tour

To the Editor:
I just returned from western Canada and want to say I enjoy reading Golf Course News. It is sure great to have a publication that gives the golf course contractors the news of the industry.

Thank you,
Willard S. Hall

Correction
In the November commentary by former American Society of Golf Course Architects President Michael Hurzdan about professional golfers designing courses, a quote was attributed to Robert Trent Jones Sr. instead of its originator—Robert Tyre Jones Jr., the great professional better known as "Bobby" Jones.

The quote: "I think (Alister) Mackenzie and I manage to work as a completely sympathetic team. Of course, there was never any question that he was the architect and I his advisor and consultant. No man learns to design a golf course simply by playing golf, no matter how well."

Florida
Continued from page 1
"... And we have an excellent architect in Loyd Clifton and Associates of Deland, Fla.

The driving range will have target greens, while the tees will have both natural grass and mats and will be heated and cooled according to the season.

A 50,000-square-foot putting green will serve as an 18-hole putting course with holes from 20 to 100 feet apart.

Irwin also plans to provide lessons at the facility as part of his philosophy to "market it for the whole family."
