PERCEIVE PEOPLE AS OPPORTUNITIES

The director of business and industry services for Valencia Community College told the Central Florida Golf Course Superintendents Association that effective leaders are people-oriented and task-focused.

Speaking at a recent meeting of the group, Steve Kinder said that a key to effective personnel management is providing leadership to subordinates.

Effective leaders, Kinder said, are able to spot strengths and weaknesses in subordinates and assign jobs accordingly, and ignite the flame of excellence in their employees.

He said characteristics of successful managers are knowing the value of time management; delegating work; using goals and objectives in employee motivation; providing constant feedback; and using planning to eliminate crisis management.

Successful managers spend 60 to 70 percent of their time developing employees and planning to meet company goals and objectives, Kinder said.

He said that unless superintendents, as managers, perceive people as opportunities and use them to their abilities, all other managerial skills will be less effective.

$32,000 CONTRIBUTED

The board of directors of the Rocky Mountain Regional Turfgrass Association has voted to contribute $32,000 to the Rocky Mountain Turfgrass Research Foundation.

The turfgrass foundation promotes research and education of turfgrass and provides scholarships for outstanding students in the field. RMRTA is able to make this annual contribution through proceeds from the annual turf conference and trade show.

RMRTA's 1992 conference is scheduled for Dec. 24 in Denver's Currier Hall. The conference will feature hands-on workshops, educational seminars and exhibits for all facets of the turf industry.

HUGHES INDUCTED INTO COLORADO HALL

The Colorado Golf Hall of Fame on June 15 inducted Henry B. Hughes, longtime superintendent and golf course architect in the Rocky Mountain area.

Hughes is a son of Henry T. Hughes, a construction superintendent for Donald Ross. When the elder Hughes built Cherry Hills Country Club for William S. Flynn in 1924 and remained as its greenskeeper, the younger Henry, then 16, served on his father's greenskeeping crew. In 1933 he took over as head greenskeeper.

He left in 1947 to build Club de Golf de Mexico for his brother Lawrence who, with another brother, Frank, worked for Ross. Returning to Denver in 1950, Henry spent the next 15 years as superintendent at Green Gables Golf Course and designed courses in the Rocky Mountain area.

By the mid-1960s Hughes was a full-time architect. He retired from design work in 1970 but remained in golf, operating a Denver course catering to senior play.

West

ASIAN GYPSY MOTHS TARGETED

State and federal agencies have joined in a cooperative plan to spray up to 9,600 acres in an effort to rid Oregon of the Asian gypsy moth, which is a serious pest of shade trees and landscape plants.

Oregon Department of Agriculture officials believe the Asian moth, first detected last August, may pose more of a threat than the European variety that arrived in the United States more than 100 years ago.

The Asian gypsy moth may spread much more quickly and affect larger areas because its Asian females can fly from 24 to 60 miles, something the European females can not do.

The Oregon plan calls for aerial application of the naturally occurring Bacillus thuringiensis (Bt) in North Portland. The ODA used Bt, a bacteria that produces a caterpillar-specific toxin, successfully to eradicate the European variety.

Compared to the European variety, the Asian gypsy moth appears to feed more readily on a much broader range of plants and may establish more readily on conifers; and has a greater variability in its population, which may prove a problem in identification and control.

CALIFORNIA GCSA ELECTS ORSBORN

PALM DESERT, Calif. — The board of directors of the California Golf Course Superintendents Association recently elected Dennis Orsborn as the group's president.

A vice president of Sunrise Co., a Palm Desert-based developer of country club communities, Orsborn oversees golf course maintenance operations for Sunrise's courses, including Palm Valley and Monterey country clubs, Palm Desert, and Eastlake Country Club in Chula Vista.

Orsborn is also involved with the design and planning of country clubs, such as Indian Ridge Country Club in Palm Desert. Orsborn has more than 20 years experience in golf course operations and is a graduate of California Polytechnic University at Pomona, with a degree in parks administration. He joined Sunrise Co. in 1981.

Plan now to attend these two exciting conferences

Marketing to Golf Facilities

A 2-day seminar loaded with ways to help you focus your marketing strategy to the golf course industry.

October 4-6, 1992
Oak Brook Hills Hotel and Resort
Oak Brook, Illinois

Plan now to attend Marketing to Golf Facilities—a comprehensive seminar for vendors and suppliers to the turf industry.

- Learn the latest trends on the growth of golf facilities and key growth areas for the future
- Discover how superintendents and facility managers recommend, specify and purchase everything they buy—from chemicals to irrigation equipment
- Evaluate your strategy for reaching the golf market—and how to assess a successful marketing campaign
- Gain a competitive advantage in converting leads into sales

Public Golf '92

The premier national conference for managers of public golf facilities.

November 1-3, 1992
Oak Brook Hills Hotel and Resort
Oak Brook, Illinois

Don't miss this exciting conference to help you profitably manage, maintain and market the public course.

- Discover what's new—ideas, trends, and methods. A look at the bright future of public golf—and your part in it
- Examine profit minded planning, feasibility, expansion, and construction—and successful ways to finance it
- Get better results by learning new ways to manage and maintain your operation
- Develop a marketing strategy to dominate the market

The Northeast Region will discuss avoiding mistakes during greens construction. Dr. Norman Hummel of Cornell University will update attendants on soil-mix specifications for greens. Architect and agronomy expert Ferdinand Garbin will speak on design considerations for greens.

The event is being co-sponsored by the New York State Turfgrass Association and the Central New York, Finger Lakes, Hudson Valley, Long Island, Metropolitan and Northeastern golf course superintendents associations. Proceeds will support the Delhi Turf Building Fund. Registration is due by Aug. 10. For more information and to register, people may contact the NYSTA at P.O. Box 612, Latham, N.Y. 12110; 518-575-TURF. The cost is $30 for members of sponsoring organizations, $45 for non-members. Golf is optional for another $10.

The 1992 Turfgrass Conference was held in March by the Maine Golf Course Superintendents Association. Aug. 18.

Wick of the University of Massachusetts, experts and a golf course architect at the New York State Turfgrass Association and the Central New York, Finger Lakes, Hudson Valley, Long Island, Metropolitan and Northeastern golf course superintendents associations. Proceeds will support the Delhi Turf Building Fund. Registration is due by Aug. 10. For more information and to register, people may contact the NYSTA at P.O. Box 612, Latham, N.Y. 12110; 518-575-TURF. The cost is $30 for members of sponsoring organizations, $45 for non-members. Golf is optional for another $10.

The 1992 Turfgrass Conference was held in March by the Maine Golf Course Superintendents Association. The New York State Arborists Association and Cornell University are co-sponsoring a three-day seminar on the diagnosis and identification of insects, diseases and the cultural maladies of trees and shrubs, Aug. 19-21 at Cornell in Ithaca, N.Y. Hands-on field diagnosis of woody plant problems will be a feature of the program. Drs. Warren Johnson and George Hudler will conduct the class, which is limited to 30 applicants. The cost is $150 for NYSTA members and $200 for non-members. Further information is available by calling NYSTA at 518-783-1322.

The 1992 Annual Turfgrass Field Day at the University of Rhode Island is scheduled for Wednesday, Aug. 19, at the research farm in Kingston. Exhibits run from 8 a.m. to noon and the research plot tour from 1:30 to 4 p.m. A steak lunch will be available.

For more information, contact Dr. Noel Jackson at 401-792-2502 or Dr. Bridget Ruenmele at 401-792-2481, or Oaths to the Department of Plant Sciences, Woodward Hall, University of Rhode Island, Kingston, R.I. 02881.

The new slate of directors includes Randy Broyles of Westwood Country Club, Mike Burris of Bay Oaks Country Club, David Denley of Lochinvar Golf Club, John Free-
