Mountains

ROCKY MOUNTAIN DONATES

Five Colorado State University professors have received $24,700 for research from the Rocky Mountain Turfgrass Research Foundation.

Drs. Tony Koski, assistant professor, and Harrison Hughes, associate professor, will research a drought-resistant and salt-tolerant turf alternative to grasses that requires less water.

Dr. Robin L. Cuany of the Agronomy Department will, with researcher Gary L. Thor, study management practices to maintain native grasses.

Dr. Whitney Cranshaw, associate professor and Extension entomologist, will study natural control on turfgrass mites and insects. He also is developing training materials to help turfgrass professionals identify and manage arthropod pests.

Dr. William M. Brown Jr., of the Department of Plant Pathology and Weed Science, will research necrotic ring spot disease.

CLARK ELECTED PRESIDENT OF CACTUS & PINE GCSSA

Mark Clark, Country Club of Green Valley, is the new president of Cactus & Pine Golf Course Superintendents Association of Arizona. He succeeds Jerry Zidow of Papago Golf Course in Phoenix.

Other officers are Vice President Scott Miller of Ventana Canyon Golf & Racquet Club in Tucson; Secretary Don Flavel of Riverview Golf Club in Mesa; and Treasurer Bill Emerson of Paradise Valley Country Club in Phoenix.

Elected directors were Max Ortiz of Fountain of the Sun Country Club in Mesa; Kevin Smith and Marc Snyder, both of Scottsdale.

Also, Kent Nevitt of Foothills GC, Jim Key of Pointe Resort - Lookout Mountain, and Kirby Putt of Arizona Country Club, all of Phoenix.

ORTHENE® will keep unwanted pests off your turf.

Trying to control a broad range of tough turf pests like mole crickets, fireants, fleas, chinch bugs and the worm complex is no day at the beach. That's why you should use ORTHENE.® ORTHENE kills both on contact and with long-lasting systemic action, and can be applied to lawns, ornamentals, shrubs, even trees. You can also combine ORTHENE with many miticides and fungicides for more effective pest and disease control with just one application.

ORTHENE is waterproof within 24 hours, and its chemical structure allows it to break down quickly, eliminating the threat of harmful buildup in the soil. Throw a party your toughest turf pests will never recover from, with ORTHENE Turf, Tree and Ornamental Spray.

ORTHENE® Turf, Tree & Ornamental Spray
