peared as an expert witness during the bankruptcy proceedings and assumed management in June 1992.
GreenVisions assisted in the sale of the course from LaSalle to the city for $10 million. The city retained GreenVisions to manage the facility. Between 1992 and 1994, membership grew from 190 to 350.

The facility. Between 1992 and 1994, membership grew from 190 to 350. The course is expected to show a profit this year for the first time in five years. "We'll take on assignments that many others won't," Swaringen said. "We've even done short-term deals, working with year-to-year contracts until an operation is turned around. We make the client's problems our problems." Miles heads the management team. He has 20 years experience in golf management, specializing in project development and administration, operational programming, financial forecasting and policy management. He is also a certified golf course superintendent (CGCS) and PGA professional.

Rounding out the management staff is Swaringen, who has 10 years experience in the real estate development industry; Vice President of Operations Warren Litavsky, with 25 years financial and personnel experience at a Fortune 500 company; and Vice President of Construction Tom Jauch, CGCS, with 20 years experience supervising course construction. "Tom's been with us 10 years," Miles said. "He's the one who interfaces with the on-site superintendents and developed our maintenance tapes and manuals."

Another executive worth noting is Chief Executive Officer Ram Thukkaram. Thukkaram earned an engineering degree in India and a master's degree in business administration in the United States. He purchased a small die-casting business in the mid-1970s, which has evolved into Ganton Industries, with 800 employees and annual sales of $100 million. In 1992, President Bush honored him as one of eight outstanding Asian Americans. While not involved with the day-to-day operations, Miles said, "Ram is an entrepreneur who provides us with tremendous insight and direction."

It was Thukkaram's idea that GreenVisions institute Kaizen, a program of continuous improvement that utilizes employees' suggestions. Toyota developed the program in Japan. The car maker undertook 95 percent of the 1.9 million suggestions employees made in 1989. Kaizen is recognized as one of the keys to Toyota's success.

With 22 courses in the construction/planning stage in the Chicagoland area, supply is quickly catching up with demand, Swaringen said. Consequently, course operators are being more aggressive in attracting golfers. "Even park districts are running ads and selling discount coupon books," he noted. "I've never seen that before."

GreenVisions has also weighed in, offering a $25 discount card potentially worth $375 in savings at five GreenVisions courses.

Desert Mountain Appointed Mott Vice President
Scotsdale, Ariz. — Desert Mountain Properties has named Robert S. Mott as vice president of club operations. Mott will oversee all the operations of The Desert Mountain Club.

Mott, a 25-year club industry veteran, joins Desert Mountain from the PGA National Resort in West Palm Beach, Fla., where he was director of operations.

The most complex, special equipment you'll need to invest in with our closed system.

If you want to use a fungicide in a closed system, here's what you do. Get out your hose, fill your tank, throw in a new BAYLETON® turf and ornamental fungicide water soluble packet and you're ready to go.

You don't need to invest in a special metering and measuring device with lots of gizmos, whizbangs and doodads. Which means you don't have to learn how to operate it, or fix it, or find a place to put it.

Better yet, you don't have to invest in a year's worth of fungicide that comes with those special devices.

Like all closed systems, you reduce worker exposure and container disposal hassles. Best of all, you get the premium protection of the industry's leading fungicide BAYLETON. If you'd like more information, call us toll-free at 1-800-842-8020. Or if you'd like, write to us at Miles Inc., Specialty Products, Box 4913, Kansas City, MO 64120.

Pick up the new water soluble packets of BAYLETON. Then use all that money you didn't spend on a measuring and metering device for something more useful.

Always read and follow label directions. © 1994 Miles Inc. 9453AA010
