Leslie Comment

Continued from page 10

him. "We're still going to build a lot of golf courses. We have 33 on
the list for next year," he said.

So who's counting? The "19th hole" has a different
meaning for Rulewich. When
designing a golf facility with 27
holes, or 36 or 54, he thinks of
holes as the 19th, the 20th, the
36th, etc. What a memory, huh?
As Roger to describe the 43rd hole at Opelika, Ala., then
sit back and listen to him
expound on the 7th hole of the
short course.

Alice on thriftiness: "Our
first golf course was the nine-
hole El Dorado Country Club in
Indianapolis. It was really
supposed to be 18 holes but we
spent all our money on the first
nine." — Alice Dye on her and
her husband Pete's beginnings.

Dyed in the wool: Perry O.
Dye on his mother, Alice's
straightforwardness: "Her
constructive criticism has made
my dad's work as fantastic as it is.
There's no fluff around our
house when we talk about our
work. If it's bad, we know it, and
we have somebody to tell us
right away."

Best new product name:
Slime. Did they pick this stuff
up off the floor of the movie set
Slime. Did they pick this stuff
up off the floor of the movie set
at Ghostbusters? What does it
do? You empty your tires, pump
Slime into them, refill them and
you won't get a flat tire for the
next seven years — guaranteed.

Power, for the opportunity to
catch a pass from a Hall-of-
Famer.

Most soul-searching
comment: "Sometimes it's wise
for the architects to swallow
their worldwide, well-known pride. Sometimes the superin-
tendent does, too." — ASGCA
President Jerry Matthews on
potential clashes between the
two pros at new courses.

Just call him Mister: Joe
Baldy took on his job of
Herculean proportions (the
presidency of the GCSCA)
after completing a Russian challenge
(renovating the bunkers at his
golf course). Hercules and Ross:
A good duo to emulate, Joe.

Honest, he's innocent: The
USGA Green Section's Larry
Gilhuly of Oregon, director of
the Western Region, said: "I've
been asked hundreds of times if
I was involved in the Nancy
Kerrigan assault. The answer is no. Jeff bankruptcy his
name G-i-l-l-h-u-l-y.

Even the Government Agrees:
There's Nothing Else Like Poly-S®.

No one else can make a con-
trolled-release fertilizer like Poly-S.
And now we have a patent to prove it.

More importantly, no other
controlled-release fertilizer can perform
like Poly-S. Which is
why, in a little more than a
year since the introduction of
Scotts Poly-S technology, Poly-S
fertilizers are being applied suc-
cessfully by over 5,000 turfgrass
managers in the U.S., Canada and
worldwide — the fastest selling
fertilizer in history.

And the reason Poly-S is so
popular is performance, with con-
sistent nutrient release over a
longer period of time. Because of
the improved nitrogen efficiency,
you get more value from the fer-
tilizer you apply, with an overall
improvement in turf quality.

And because Poly-S offers the
capability to choose specific re-
lease rates appropriate to different
applications, it has proven its
effectiveness under a variety
of agronomic condi-
tions in every region of the
country.

Of course, Poly-S fertilizers also
come with a Scott Tech Rep, agro-
nomically trained to help you de-
velop a total turfgrass program.
