**Golf Asia team organizes India trade mission**

SINGAPORE — Golf Asia Exhibitions (GAE), organizer of the annual Golf Asia trade show and conference here, has organized a trade excursion to India's capital city, New Delhi, Sept. 26-29.

With more than 20 new golf course projects in various stages of development and more on the drawing board, India stands as Asia-Pacific's next hot market. An emerging middle class also pegs India, the world's second most populous nation, as a strong, long-term golf development venue.

While a full-scale exhibition is not yet warranted, GAE will conduct a four-day trade mission during which suppliers will meet with key developers, managers, professionals and government representatives. There will also be a two-day exhibition where suppliers will showcase the products and service they have to offer.

On Thursday the 26th, at New Delhi's Taj Palace Hotel, the event will begin with an exhibitor dialogue session with government officials. The next two days are set aside for the exhibition. For more information on the trade mission, contact GAE here at 65-296-6961; or fax 65-293-5628.
