New, salt tolerant creeping bentgrass specifically developed for fairways

David Major, CGCS
Golf Course Superintendent
Del Mar CC,
Rancho Santa Fe, CA

"Seaside II Has Success Written All Over It."

I resodded high stress areas in my PennLinks fairways with Seaside II nearly a year ago, and I am very pleased with its performance. I selected Seaside II with improved dollar spot disease resistance and salt tolerance to address our two major turf challenges; the coastal influence and potential sodium buildup from irrigation. I find Seaside II a strong ally to our PennLinks fairways, and in the future, we will slit seed with Seaside II, where needed, to enhance turf quality.

Our bentgrass fairways make Del Mar Country Club unique to southern California, and spares us overseeding bermudagrass every winter season. Seaside II complements our PennLinks greens and tees, too. Seaside II has success written all over it.

- David Major

Your job security has crossed our minds.

Introducing Vigoro® Par Ex®. The most predictable, controlled release fertilizer ever made.

To give you greater control over turf quality, color and growth, Vigoro combines the latest V-Cote® technology and IBDU® slow-release nitrogen. It makes Par Ex the ideal fertilizing combination for every course, in every type of weather. While most other coating methods produce a thick coating, Vigoro developed a 13 micro-thin layer coating process to deliver consistent nutrient metering. So you won't experience surge growth. And no turf stressing due to high nitrogen release at high temperatures, like some turf managers had in the summer of '95. What you will experience is a course that looks just as good at ten weeks as it did at two. You'll also experience better customer service. Thanks to our eight manufacturing plants, you'll always get fertilizer when you need it and we can even produce a customized analysis specifically for your soil requirements.

Call 1-800-521-2829 to find the nearest Vigoro Territory Manager. In Canada call 1-800-268-2076.
No other conference brings together the leaders of public-access golf like the Public Golf Forum

- Tap a wealth of information at conference sessions presented by an impressive list of top-notch industry speakers
- Choose from sessions on Maintenance, Development, Management, and Marketing to discover new approaches and confirm current ones during a packed schedule of educational sessions
- Compare notes with other golf industry professionals from around the country at Birds-of-a-Feather Sessions—a special event for networking
- Test and compare products and services from leading golf course suppliers at the vendor showcase—your chance to talk with key suppliers about your needs
- Convenient location in the heart of public-access golf—an easy drive or quick flight—20 minutes to Chicago's O'Hare
- Bring the whole management team. This is a great chance for everyone who makes decisions at your course to find key products and services, learn ways to increase efficiencies, cut costs, do more with less—without sacrificing quality.

GOLF COURSE NEWS
THE NEWSPAPER FOR THE GOLF COURSE INDUSTRY

FROM THE DESK OF HAL PHILLIPS

As a reader of Golf Course News, it's no secret that public-access golf courses have been the focus of a lot of attention in our pages over the past few years. The reason is simple: Your courses are growing in numbers, your facilities are expanding to meet demand and competition, and your role in the golf industry is taking on added importance.

Let's face facts. Public-access golf facilities represent 70% of the nation's course stock!

That's why Golf Course News is sponsoring the Public Golf Forum—to help you meet the business challenges you face every day. It's an educational conference but even more, a chance to connect with your peers and colleagues, exchange information, solve your problems, and meet with vendors who can help your business grow.

Circle the dates on your calendar and plan now to attend the Public Golf Forum.

Hal Phillips, Editor
Golf World Exhibitions are proud to announce, on behalf of the global golf industry, the first ever international golf exhibition to be held in mainland China.

China, with its population of 1.2 billion people, was chosen as the host country as a direct consequence of mounting pressure and desire from the industry to effectively cultivate, develop and serve what promises to become the world’s largest golf market within 10 years.

Shanghai, China’s most affluent of cities, has a population of 14.8 million people - 5 times that of Singapore. It is the business capital of the country with the fastest growing economy in the world. Currently there are 23 million people to every golf course.

It is no wonder names such as Arnold Palmer, Gary Player, Jack Nicklaus, JMP, Nelson Wright Haworth, Pacific Golf, Robert Trent Jones Jr, Toro, and an overwhelming majority of the 150 international companies that were represented in the inaugural Hong Kong event, will be exhibiting in Shanghai, 20-23 October 1996.

"Only high standards in the design, development, management and operation of new golf projects in China can guarantee a success."
Anders Chan, Chairman, Golden Lake Golf Club, Nanhai, China.

This is your exclusive chance to join the international golf industry in developing what promises to become the world’s greatest golf market.

"We are the best at what we do because golf is all we do"
Think Of It As The Swiss Army Knife Of Utility Vehicles.

The new E-Z-GO Workhorse™ does it all. Hauls plants and fertilizer. Carries sand, gravel, bales of straw, building materials. And all your tools from shovels and hoes to mowers and blowers. It comes with lots of standard features like an 11hp. 350cc engine, a 1200lb. payload capacity and an exclusive heavy duty bed liner. With options like a larger cargo bed and power dump, you can get an E-Z-GO utility vehicle that comes with just about anything — except a corkscrew. Looks sharp, too.
Jacobsen’s new Tri-King™ triplex trim mower looks great, all dressed up and even dressed down. Tilt the top fender and grill out of the way, and lift off the air intake cover. You’ll see how easy the Tri-King is to maintain. The Tri-King is also easy to operate with responsive power steering, automatic 3-wheel drive, powerful 18 hp gas or 19 hp diesel engines and a comfortable, new operator’s area. You’ll get the highest quality of cut, and a choice of 72” or 84” cutting widths with 5-, 7- or 10-blade reels. Ask your Jacobsen distributor for a demonstration, or call 1-800-727-JAKE.

THE PROFESSIONAL’S CHOICE ON TURF.
