Island putting greens are indeed a beautiful, yet intimidating, sight to behold with some very unique shapes and features. They're also meant to challenge golfers. Once a player has carried the water hazard and landed on the green, he should be rewarded for his efforts. That's why, in most cases, the putting surface is one of the 'Penn Pals'... icing on the cake, so to speak.

We haven't seen the last of island greens. Now that one floats, what's next? Whatever the configuration, your Tee-2-Green distributor has the ideal creeping bentgrass for each application: Penncross... the world standard for putting greens since 1955. Penneagle... the salt tolerant grass for greens and fairways, plus PennLinks, the new choice for greens around the world.

And now, the exciting next generation of low mowing creeping bentgrasses... PENN A-1, PENN A-2, PENN A-4, PENN G-1, PENN G-2 and PENN G-6 will add a new dimension to green performance.

So, even when a player's short irons are erratic, and his putting's unpredictable, he can always count on the quality and consistency of 'Penn Pals' greens as he tours the islands.
Groom your course for competitive success.

Good news: Public-access golf is the future of the game. Bad news: your competition is growing as a result. They're getting tougher. Breathing down your neck.

It's no longer enough to simply maintain your operation. These days, you need aggressive marketing and management strategies to make your course stand out.

If you want to get—and keep—you competitive edge, make plans now to attend Public Golf Forum '97. Sponsored by Golf Course News, this national conference is tailored to the needs of owners, managers and superintendents of public-access golf courses who are feeling the pinch of the crowded market.

Attend Public Golf Forum '97 if you want to:

- Add the kind of value and prestige to your course that will let you increase your green fees—and your clientele.
- Find new products, equipment and technology to help you cut costs, maximize efficiency, and maintain quality throughout your operation.
- Learn how to position your course successfully against new and aggressive competition.
- Use market-savvy strategies to broaden your customer base, target new demographics, and increase your rounds.
- Ensure an emphasis on customer service.
- Plan and strategize for results, make better business management decisions, and advance your own career.

Don't just survive! THRIVE in this dynamic marketplace. Find out all you need to groom your operation for success at Public Golf Forum '97.
E-Z-GO
Is Just Another Golf Car...
Like Arnie
Is Just Another Golfer.

How many golfers do you know who command their own personal army? Arnold Palmer does. Since his 1954 U.S. Amateur victory, Arnie’s charisma, ability and heroic late-round charges have drawn millions to the game of golf. Winning him 8 Majors and 92 tournament championships along the way.

Coincidentally, 1954 is when E-Z-GO began its drive to the top with a string of technological innovations, industry leading designs and unmatched quality. That’s why more golfers have ridden in E-Z-GO cars than any other golf car in history.

Arnie leads the army, but E-Z-GO commands the motor pool.

THE #1 GOLF CAR IN THE WORLD.
Before water can enhance a landscape, it has to be healthy. The results of poor water management can be unsightly, smelly and costly.

Otterbine quality water management keeps ponds and lakes sparkling, clear and odor-free. Naturally, efficiently, and beautifully.

Otterbine CONCEPT2 surface aerators give nature a boost by stimulating natural water cleanup processes. They offer interchangeable spray patterns for almost unlimited versatility.

And our TRITON and AIR FLO subsurface aerators are virtually undetectable as they create strong currents to produce oxygen that cleans and purifies.

Rugged and built to last, all Otterbine aerators are simple to install. Efficient. Compact. Self-contained. Safety tested. And approved by the Electrical Testing Laboratory.

Our comprehensive product line ranges from the highest technology in aeration systems to OTTERSHADE, the new environmental lake dye. And we stand behind a 35-year tradition of quality, pride and fast, effective service.

Call or write, today, to find out how Otterbine can help make your water work, beautifully.

Water works with Otterbine.
