Golf Course opens in May here, halfway between St. Louis and Springfield.

"Yes, the island green is unique," said Bill Lowry, owner of Professional Landscaping, Inc., who built the course and co-designed it with owner Mike Favre, "but it also has three peninsula greens, and I don't think you'll find that on any course, anywhere."

To play the peninsula greens, golfers will have to wait until fall, when the back nine opens. But the island green stands ready to test them as they come to the clubhouse to finish the front nine.

The 15,000-square-foot island was not always an island, Lowry said. It was a horseshoe-shaped peninsula with a 6- to 8-foot-wide "moat" until Lowry widened the moat to 50 to 90 yards.

Lowry said the 6-acre lake was drained and then dug out in order to widen the moat. Water was 5 to 6 feet deep and now it is 30, he said.

Now the piece of land sits as an island, complete with trees and an 8,000-square-foot, three-level green for the 275- to 310-yard par-4 9th hole.

The approach shot from the landing area requires a 90-yard carry over the water. A 50-foot bridge takes golfers to and from the green, which can be seen from the clubhouse.

The back nine, Lowry said, is even more challenging than the front.

"The front nine is a 6 on a scale of 10 for difficulty. The back nine will be closer to an 8 or 9," he said. "The front nine is links style, while the back nine is carved out of the woods, uses natural terrain and of course, designed by Ogrin, a 15-year PGA Tour veteran and winner of the 1986 Texas Open championship. He is co-designing the course with Nugent Golf Associates. The daily-fee golf club will feature an 18-hole course stretching to over 7,400 yards and routed in three loops of six over a large ponds. Haen Real Estate of Madison is developing the project. Construction will be completed by Golf Construction, Inc., also of Madison. A late summer/fall construction start is planned. Other new Harbottle projects include a new 27-hole course on the Ralph Ranch in Livermore, Calif., and another 18-hole facility, Harro Country Club, near Nagoya, Japan.
